THE SCHEDULE.

Enactments Repealed or Amended.

(*See* section 32.)

Year. 1	No. 2	Short title. 3	Extent of repeal or amendment. 4
1948	II	The West Bengal Land (Requisition and Acquisition) Act, 1948.	In the second proviso to sub-section (*1*) of section 7, for the words, figures and brackets "sub-section (*1*) of section 7 of the Calcutta Slum Clearance and Rehabilitation of Slum-dwellers Act, 1958", the words, figures and brackets "section 24 of the West Bengal Slum Areas (Improvement and Clearance) Act, 1967" shall be substituted.
1958	XX	The Calcutta Slum Clearance and Rehabilitation of Slum-dwellers Act, 1958.	The whole shall be repealed.

STATEMENT OF OBJECTS AND REASONS.

The object with which the "Calcutta Slum Clearance and Rehabilitation of Slum-dwellers Act" was enacted as far back as 1958 could not be achieved effectively mainly because of certain limitations from which the said Act suffered and of inadequacy of funds for undertaking outright clearance of slums as provided thereunder.

Meanwhile, the appalling insanitary condition of the slums has further deteriorated making the slums centres of incubation and spread of endemic and epidemic diseases causing health hazards not only to the slum-dwellers but also to the inhabitants of Calcutta and a vast area surrounding it. The situation is so dangerous and alarming from public health point of view that besides the ultimate objective of slum clearance it calls for immediate action towards improving the living conditions in slums as well as overall improvement in the environmental sanitation of the slum areas.

Accordingly, the present Bill has been so drawn up as to enable the State Government to undertake improvement of a slum-area as an emergent measure and to undertake clearance and redevelopment thereof as an ultimate goal, and also, where necessary, to undertake outright clearance and redevelopment of any slum-area. For undertaking improvement with a view to providing basic sanitary amenities to the slum-dwellers and to secure better environmental sanitation, acquisition of the interests of all proprietors, tenure-holders, lessees of all grades in the land except the *thika* tenants and other hut owners within a slum-area has been provided. This procedure will enable immediate public ownership of slum land for the improvement programme at a lesser cost than what it would be in the case of acquisition for clearance. The Bill also provides for imposition of an improvement levy on the owner of every hut or other structure within a slum-area improved upon at such rate not exceeding 20 *per cent.* of the net annual value of the hut or other structure and for such period not exceeding 30 years as the State Government may consider fit and proper. The owner, in his turn, has been empowered to realise the amount of improvement levy paid by him from his tenants. Enhancement of rent for any improvement under this law has been prohibited.

In the case of clearance and redevelopment of a slum-area, the Bill requires providing to the slum-dwellers such alternative accommodation as the prescribed authority considers suitable having regard to the conditions of their occupation and the rent that was being paid by them.

The Bill also provides for payment of compensation to an intermediary for his rights and interests in any land at an amount equal to 30 times the net annual income from such land, and in any hut or other structure owned by him at an amount equal to 5 times the net annual income from such hut or other structure. The *thika* tenant will be paid compensation for his rights and interests in the land and huts and other structures thereon owned by him at an amount equal to 5 times the net annual income from such land, and huts and other structures.

Other suitable provisions have also been sought to be made for effectively dealing with the problems of slums in West Bengal, specially in the Calcutta and Howrah municipal areas.

AJOY KUMAR MUKHERJI,
Member-in-charge.

CALCUTTA,
The 11th June, 1967.

FINANCIAL MEMORANDUM.

Clause 15(*4*) of the Bill provides for execution of the works of improvement in accordance with an improvement scheme. Clause 16(*2*) provides for carrying out outright clearance and redevelopment in accordance with a plan approved by the State Government. The proviso to clause 17(*2*)(*b*)(*ii*) provides for offering of alternative accommodation to the slum-dwellers. Clause 17(*3*) provides for payment to the occupier of any hut or other structure of cost of removal, cost of dismantling and re-erecting any plant, machinery or other equipment used for any trade or industry, and compensation for any temporary loss of occupation. Clause 24 provides for payment of compensation for acquisition of rights and interests in the land of a slum-area as well as of the land, huts and other structures of a slum-area.

It is not possible to work out at this stage the financial implications of the Bill, because it is not known how much area will be declared as slum-area; how much land will be acquired requiring payment of compensation; to what extent the works of improvement and of clearance and redevelopment will be carried out; how much alternative accommodation will be required to be provided, and how much costs and expenses will have to be paid for removal of the slum-dwellers. However, when any proposal for improvement or clearance and redevelopment will be taken up, its financial implications will be worked out before any final decision is taken in the matter.

Member-in-charge.

PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

RAJYA SABHA

The following Bill was introduced in the Rajya Sabha on the 21st November, 1966:—

BILL No. XXIV OF 1966

A Bill further to amend the Constitution of India.

Be it enacted by Parliament in the Seventeenth Year of the Republic of India as follows:—

Short title. **1.** This Act may be called the Constitution (Twenty-second Amendment) Act, 1966.

Amendment of Eighth Schedule. **2.** In the Eighth Schedule to the Constitution,—

(*a*) entries 12 to 14 shall be re-numbered as entries 13 to 15 respectively, and

(*b*) before entry "13" as so re-numbered, the entry "12. Sindhi." shall be inserted.

STATEMENTS OF OBJECTS AND REASONS.

There have been persistent demands from the Sindhi-speaking people for the inclusion of the Sindhi language in the Eighth Schedule to the Constitution. Although at present Sindhi is not a regional language in a well-defined area, it used to be the language of a province of the undivided India and, but for partition, would have continued to be so. The Commissioner for Linguistic Minorities has also recommended the inclusion of Sindhi in the Eighth Schedule to the Constitution. On 4th November, 1966, it was announced that Government had decided to include the Sindhi language in the Eighth Schedule to the Constitution. The Bill seeks to give effect to this decision.

STATEMENT OF OBJECTS AND REASONS

The armed aggression by the Chinese in 1962 on our motherland has highlighted certain weaknesses in our defence preparedness. Since then vigorous efforts and ambitious projects in the field of production of defence equipment, creation of new divisions of mountain army and recruitment to our armed forces have done much to improve our military strength. Besides our defence forces, our second line of defence, *i.e.*, the National Cadet Corps and Territorial Army have also made tremedous strides. With a view to strengthening and invigorating our second line of defence, it is necessary that every ablebodied male citizen of our country is taught the basic fundamentals of handling a firearm. This measure would ensure a regular and plentiful source of supply to our armed forces and the territorial armies. It is with this object in view that this Bill seeks to provide for compulsory training in rifle shooting to all those ablebodied citizens within the age limits of twenty and thirty years.

Hence this Bill.

NEW DELHI;
The 13*th March*, 1967.

S. C. SAMANTA.

FINANCIAL MEMORANDUM

The Bill contemplates the appointment of various officers and authorities at Central, State and District levels and of Advisory Committees as well. It also provides for supply necessary equipment for implementing the provisions of the Scheme. All these provisions involve an initial non-recurring expenditure as well as recurring expenditure in the shape of pay and allowances. It would be difficult, at this stage, to assess accurately the total financial requirement of the Scheme. It may, however, be approximately assessed as amounting to Rs. 50 lakhs initially.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 3 of the Bill seeks to empower the Central Government to frame a Scheme to carry out the purposes of this Act. The matters in respect of which the Government is required to prescribe the procedure have been specified in sub-clause (2) of clause 3. They relate to the manner in which authorities of the Scheme are to be appointed, the training is to be imparted, necessary material and equipment is to be supplied for the Scheme, etc. All these are matters of procedural nature. The delegation of legislative power is thus of a normal character.

LOK SABHA

The following Bill was introduced in Lok Sabha on the 23rd March, 1967:—

BILL NO. 17 OF 1967

A Bill to provide for the compulsory insurance of the Armed Forces Personnel.

BE it enacted by Parliament in the Eighteenth Year of the Republic of India as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Indian Armed Forces Personnel (Compulsory Insurance) Act, 1967.

(*2*) It shall come into force at once.

Definition

2. In this Act unless the context otherwise requires the Armed Forces personnel shall include Officers and other ranks including sepoys and soldiers commonly known as Jawans of the Army, Navy and Air Force.

Compulsory insurance of armed forces personnel.

3. (*1*) The Central Government shall provide for compulsory insurance of all the Armed Forces personnel, each for a sum of Rs. 10,000 or above.

(*2*) The premium shall be paid by the Central Government from the date of appointment of a person in the Armed Forces till such date as he continues to be in service.

(*3*) On the death of such person, irrespective of the fact whether his death occurs while in active service or otherwise, the proceeds of the insurance shall be paid to his nominees or heirs.

Payment of sum assured on retirement.

4. In the case of the retirement of the person from service, the proceeds of his insurance shall be payable to him.

STATEMENT OF OBJECTS AND REASONS

As the Armed Forces personnel have to work under a great strain and also to risk their lives for the sake of the nation and for defending their country's sovereignty and integrity, it is desirable that their families and children may not have to suffer undue hardships on account of the death of the bread-earner. To obviate this difficulty and in fairness to the dependents of the Armed Forces personnel, it becomes obligatory on the part of the Government to provide compulsory insurance for the Armed Forces personnel.

S. C. SAMANTA,

NEW DELHI;

The 14th March, 1967.

FINANCIAL MEMORANDUM

The Bill envisages provision for a compulsory insurance of the Armed Forces personnel. Clause 3 of the Bill provides for compulsory insurance for a sum of Rs. 10,000 minimum or above. This clause no doubt involves some expenditure. No exact idea is possible at this stage as to the amount of recurring and non-recurring expenditure that may be required. But to start with, a non-recurring grant of Rs. 2 crores is required.

And whereas—

(a) notice of the intention to apply for such confirmation of the said rules has been duly given one month before the making of the application for confirmation as required under clause (i) of sub-section (2) of section 506 of the said Act, and

(b) for one month before the making of the application a copy of the said rule has been kept at the office of the Commissioners of the said municipality and has been open during office hours thereat to the inspection of the inhabitants of the said municipality, without fee, as required by clause (ii) of sub-section (2) of section 506 of the said Act;

Now, therefore, the Governor is pleased, in exercise of the powers conferred by section 69(1) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), to approve and in exercise of the power conferred by section 506 of the said Act to confirm the following rules, namely:—

RULES FOR THE MANAGEMENT FOR PROVIDENT FUNDS MAINTAINED BY THE ALIPURDUAR MUNICIPALITY

1. In the following rules:—

(a) Salary shall comprise monthly substantive pay, special pay or any allowance drawn during leave of any kind, and includes acting charge, personal, deputation or duty allowance, if any, but shall not include local or travelling allowance. (As amended by Government circular No. 3135/M2P-5/56, dated 13th May 1957.)

(b) "Servant" includes every non-pensionable employee holding a substantive appointment under the Alipurduar Municipality, but excludes those who are or may in future be treated by Government as non-pensionable, if in Government service:

Provided that the persons to whom the existing pension and gratuity rules issued under Government circular No. 16LSG, dated 19th March 1903, are applicable, may, in lieu of enjoying the benefits of these rules elect to come under the Provident Fund Rules at their option. The option, once exercised, shall be final:

Provided further that all officers in temporary service are, with the consent of the Alipurduar Muincipality embodied in a formal resolution at a meeting, eligible to subscribe to the fund, if they have been employed or, in the opinion of the Alipurduar Municipality, are likely to be employed for at least three years:

Provided also that persons appointed on probation to substantive appointments or appointed to officiate in an office which is vancant, or the permanent incumbent of which does not draw any part of the pay or count service may, if they are confirmed without interruption, be allowed to join the Provident Fund with retrospective effect from the date of their joining the service. The monthly subscriptions to the Fund shall not, in such a case, be less than 10 per cent. on the salary of the officer till all arrear subscriptions are paid up:

Provided further that a servant, while on temporary transfer to service under some other local fund or Government, may also subscribe to the Provident Fund

(c) "Depositor" means a servant on whose behalf a deposit is made under these rules.

(d) "Interest" means the interest which is paid on a deposit at a Government Savings Bank under the rules in force for such institution, and includes that allowed on Government and other securities.

(e) "Due notice of resignation of appointment" means—

(i) in the case of servants drawing Rs. 200 a month and over, three months; and

(ii) in the case of all other servants, one month.

Rate and realisation of subscriptions

2. Every servant shall be required to subscribe at the rate of 6-1/4 per cent. or 1 anna in the rupee on his salary to a Provident Fund, of which an account will be opened at the Post Office Savings Bank. This deduction shall be made by the Alipurduar Municipality upon every salary bill presented, and the net salary only shall be paid to the servant. In making this deduction fractions of a rupee of salary should be omitted. The subscription of a servant, while on a temorary transfer to service under some other Local Fund or Government, shall be calculated on his assumed any [Articles 767 and 768, Civil Service Regulations, Fifth Edition (Reprint)], and it will be the duty of the servant on transfer to remit the subscription to his original employer for credit to the Provident Fund.

A servant who desires to subscribe during leave must notify his intention beforehand, in order to allow of the deductions from his leave allowances being noted in his leave and pay certificate. He will not be permitted to discontinue subscribing during leave.

A servant who fails to notify his intention to continue to subscribe when proceeding on leave can subsequently pay his subscription in cash.

Prohibition of Voluntary Deposits

3. No voluntary deposits from servants will be credited to Provident Fund.

Subscriptions during leave and suspension

4. Subscriptions on leave of any kind will be optional. They will be calculated on the allowances admissible during leave.

A servant on reinstatement, after a period passed under suspension, may be allowed the option of subscribing for that period. In the case of a servant who exercises the option of subscribing to the Fund during leave without allowances, or on reinstatement after a period passed under suspension without allowances, it is left to the discretion of the Chairman to determine in each case the amount on which subscription should be paid, the general principle to be observed being that the subscription should be calculated on half the salary last drawn by the servant before he proceeded on leave without allowances, or was placed under suspension without allowances.

ontribution by the Municipality to deposit account of each servant

5. It shall be competent to the Alipurduar Municipality to make contribution to the deposit account of each servant equal to, but not exceeding, the deduction/one-half of the deduction made from his salary under rule 2, provided that, if the total of the contributions shown in the bill on which a remittance is made to the Savings Bank contains a fraction of a rupee it shall be increased to the next highest rupee by an addition to the bill of the difference between this fraction and unity. These provisional increases in the contribution will be shown in the abstract of balance until adjusted at the close of the year (see rules 20 and 21 below), but they will not appear in the depositor's ledger accounts.

No contribution shall be made by the Alipurduar Municipality on the subscription paid by the depositor for any period during which he had been on suspension as a penalty for misconduct or other offences.

It will be optional with the Alipurduar Municipality to contribute for an employee while on temporary transfer to service under some other Local Fund or Government.

5A. **Additional contribution.**—(1) When any servant retires or dies who has subscribed to the Provident Fund and has, for not less than 15 years, rendered continuous good service, the Commissioners may grant to him or to his estate from the Municipal Fund an additional contribution which should if the funds of the Commissioners permit be calculated at the rate of half a month's pay for each complete year of service rendered by him, subject to a maximum of 15 months' pay:

Provided that the Commissioners at a meeting shall be competent to pay the additional contribution with the sanction of Government if the period of service of an employee falls short of 15 years by not more than one year.

(2) If such servant has died before retirement or after retirement but before receiving the contribution, the contribution shall be paid in the manner laid down in rule 14.

(3) For the purpose of this rule—

(a) "Retirement" means retirement—

(i) on attaining the age of 58,

(ii) at a later age if an extension of service has been duly sanctioned, and

(iii) at an earlier age, on account of physical unfitness, illness, abolition of an appointment or any other reason considered adequate by the Commissioners, provided that, if the retirement be voluntary retirement or resignation, it must be with the consent and approval of the authority empowered to appoint the servant.

(b) "Continuous service" includes any authorised leave of absence whether with or without allowance and any overstayal of leave that was condoned at the time by the Commissioners.

(c) "Pay" means substantive pay (i.e., the pay, special pay, personal pay or other emoluments classed as pay), to which an employee is entitled on account of a post to which he has been appointed substantively, or by reason of his substantive position in a cadre.

(d) When the complete years of service rendered are being calculated, periods spent on leave other than privilege leave or leave on full average pay shall be excluded.

(4) An additional contribution cannot be claimed by any subscriber to the Provident Fund as a matter of right. It should be granted at the discretion of the Commissioners only to those subscribers whom they considered deserving.

Investment

6. The deductions under rule 2 and the contributions under rule 5 shall be paid to the Post Master for credit to the account of the Provident Fund in the Savings Bank. The payment of the deduction shall be debited in the accounts to the same head as the salary, and the contributions shall be charged to the service head "Miscellaneous" sub-head "Provident Fund Contribution". The remittances to the Savings Bank should, whenever possible, be made between the 1st and 4th of each month in order that interest may accrue for the month of deposit.

7. (1) Deposits on account of the Provident Fund of the Local Fund employees may be made under rule 44(c) of the Savings Bank Rules (see Indian Postal Guide, April 1917), the usual limitations of the total amount at credit of each account do not apply to such deposits [rule 44(g)]. When the investment of any portion of the amount of the balance at credit of the account is found desirable, the amount shall, on application by the Chairman, be withdrawn and the investment shall be made, either through the Postal authorities or through other agencies, as may be deemed convenient by the Chairman, in Government loan, Municipal Debentures or Port Trust Bonds of Calcutta, Rangoon, Bombay, Madras or Karachi or in fixed deposit in the State Bank of India or in a Co-operative Bank specially approved for the purpose of the Registrar of Co-operative Societies, provided that in the case of investment in a Co-operative Bnak at least three-fourths of the subscribers are in a favour of such investment.

(2) The interest will be drawn by the Post Office in the case of investment through Postal authorities, or by the Chairman in case of investment through other agencies, and credited in the Savings Bank account.

(3) The actual cost of purchase of such securities or the amount of such fixed deposits shall be added to the balance in the Savings Bank to obtain the total balance of the Provident Fund ledger. When any such securities are sold or any loss of such fixed deposits is caused by the failure of the Bank in which such deposits are made, the net gain or loss shall be added to or deducted from the net excess interest calculated for that year [see rule 21(1)] before apportioning such interest among the depositors as set forth in that rule.

Advances for special purposes

8. (1) No final withdrawal will be allowed until the depositor quits the service or dies; but when the pecuniary circumstances of a depositor are such that the indulgence is absolutely necessary, a temporary advance may be allowed from the sum at his credit with the sanction of the Chairman of the municipality when the depositor draws a salary below Rs. 50, and that of the Commissioners of the municipality at a meeting when his salary Rs. 50 or over. Such an advance shall not exceed the amount subscribed by the depositor, except in special cases, e.g., when the necessity for the advance is great and the sum subscribed by him is insufficient for the expenses to be incurred.

(2) The following are examples of occasions on which the grant of advances may be considered provided the circumstances are exceptional—

(a) To pay expenses incurred in connection with the illness of a depositor or any of his dependents;

(b) To pay for the passage of any dependant of a depositor coming from beyond the sea to join him, or requiring to make a journey beyond the sea for some urgent cause; and

(c) to pay expenses in connection with marriages, funerals, or ceremonies which by the religion of the depositor it is incumbent upon him to perform, and in connection with which it is obligatory that expenditure shuold be incurred.

Note.—Advances, though not confined rigidly to the objects laid down in clauses (a) to (c) above, should be made with due regard to the principle expressed in clause (1) of this rule as illustrated by the foregoing examples. The order sanctioning the advance should state the specific purpose for which the advance is granted.

(3) Advances will be recovered at the discretion of the authority sanctioning them in not less than 12 instalments or more than 24. A depositor may, however, at his option make repayment in less than 12 instalments or may repay two or more instalments at the same time. Recoveries will commence from the first payment of the full month's salary after the advance is granted, or (in the case of advances to an officer going on leave) after the officer's return from leave. The instalments will be paid by compulsory deduction from salary, and will be in addition to the usual subscription:

Provided that if in the opinion of the Chairman of the Alipurduar Municipality, the recovery of an ordinary advance in twenty-four instalments is likely to cause excessive hardship, recovery may be made in not more than thirty-six instalments with the sanction of the District Magistrate.

(4) When an advance is paid to a depositor in excess of the amount shown against him in column 9 of the Provident Fund ledger (a portion of his sum having been invested in postal cash certificates), a minus balance should be shown in red ink in column 9, till it is wiped off by subsequent payment of subscription, contribution, etc.; and similarly a minus entry in red ink should be made in column 12 of the ledger for interest at 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank (amended by Government order Nos. 3294-3298M, dated the 4th June 1935) on the debit balance in column 9. If, however, the advance is to be paid by the sale of portion of the investment either in Government promissory notes, war bonds or postal cash certificates, etc., the loss, if any, by this sale, should be recovered from the depositor taking the advance.

(5) When an advance is repayable as regards principal is not more than 12 instalments, an additional instalment representing interest and equivalent to 3 per cent. of the total amount of the advance should be paid in the month following that in which the last instalment is paid. Similarly two additional instalments representing interest each equivalent to 3 per cent. of the total amount of the advance should be paid when the advance is repayable in more than 12 instalments. In either case, the instalment of interest, when realised, should be credited to the account of the depositor himself.

8A. In the following cases a depositor may be permitted to withdraw the deposits up to 90 per cent. of his own subscriptions with interest at his credit before the actual date of his retirement on the conditions laid down against each:—

(1) A subscriber proceeding on leave preparatory to retirement, at any time between the date of his proceeding on leave and the date of retirement, subject, however, to the condition that he will be required, should he return to duty at the end of his leave, to repay to the bond in one or more instalments the whole amount withdrawn by him with interest thereon, unless his active service actually terminates within six months.

(2) A subscriber who produces a medical certificate of incapacity for further service, at any time between the date of his producing such certificate and the date of retirement.

In both the cases referred to above the previous sanction of the Commissioners at a meeting should be obtained and no refund shall be made until the Chairman after due enquiry certifies that no dues are outstanding against the depositor.

Withdrawals on retirement

9. (1) When a depositor in permanent employ ceases to be a servant of the Alipurduar Municipality by resignation, retirement, reduction of esablishment, or by permanent transfer to service under some other local fund or to Government service, the Commissioners of the municipality at a meeting shall cause the amount standing to his credit (i.e., the deposits and contributions with interest thereon) to be withdrawn and subjects to rule 17 to be handed over to him, unless the Alipurduar Municipality has received notice on an assignment made before the 18th February 1928 affecting the disposal of the amount or any portion of it. Should such notice have been received, the Alipurduar Municipality will hand over to the depositor only that portion of the amount which is not affected by the assignment or by the operation of rule 17 and will dispose of the balance after taking the opinion of the Legal Remembrancer through the District Officer:

Provided that in the event of a depositor being directly appointed by the Local Government as Assistant Director of Public Health or Director of Public Health Laboratory, the amount standing to his credit in the Provident Fund maintained by the municipal commissioners may, if he so desires, be transferred to his credit in the contributory Provident Fund maintained by the Local Government.

(2) A depositor holding a temporary appointment may, subject to the same conditions, either withdraw the amount on the termination of his appointment or leave it in the Fund to be withdrawn at the time he finally quits the service.

(3) If in the opinion of the Chairman of the Alipurduar Municipality the withdrawal of interest from the Savings Bank would unduly trench upon the deposits at credit of the other depositors, the interest shall not be paid at once from the Provident Fund but be temporarily advanced from the funds of the Alipurduar Municipality. The advance shall be adjusted when the difference between the total of the ledger balances and the balance of the Provident Fund in the Pass Book may be withdrawn from the Savings Bank under rule 21.

(4) In the case of final withdrawal of the entire balance standing to the credit of a depositor on retirement or otherwise, the fraction of a rupee, if any, may be advanced temporarily from the funds of the Alipurduar Municipality. The advance shall be adjusted when the difference between the total of the ledger balance and the balance of the Provident Fund in the Pass Book, may be withdrawn from the Savings Bank under rule 21.

Disposal on depositor's death

10. Each depositor will, as soon after he joins the Fund as possible, be called upon by the Chairman of the Alipurduar Municipality to furnish a "Form of Declaration" showing how he wishes the amount of his accumulations to be disposed of on his death. A specimen of this form will be found at the end of these rules.

11. An adopted child shall be considered to be a child for the purpose of these rules when, under the personal law of the depositor, adoption is legally recognised as conferring the status of a natural child, but in this case only. If doubts arise in an individual case, the Alipurduar Municipality will take the opinion of the Legal Remembrancer through the District Officer and his opinion shall be final for the purpose of these rules. A declaration in favour of an adopted child is made at the depositor's risk and can be challenged at any time.

12. A depositor may in his declaration provided for the distribution of a portion only of the amount. Thus the Form of Declaration may mention a specific sum or a specific proportion of the total amount. The disposal of the balance will be governed by rule 14.

Any Form of Declaration submitted by a depositor is revocable at any time and from time to time. A fresh declaration shall, subject to rule 13, be operative only on being received by the Chairman of the Alipurduar Municipality. On a depositor's marriage, or remarriage, any declaration already submitted by him will forthwith become null and void and, unless a revised Form of Declaration is received, the amount of his accumulations will be dealt with under rule 14.

If minors are nominated in a Form of Declaration, the person or persons to whom sums intended for their benefit are to be paid should be stated in the Form of Declaration.

13. In the event of the depositor having a dependant, he is not permitted in his Form of Declaration to leave the amount of his accumulations or any part of it to any one who is not his dependent. Where a Form of Declaration purports to leave money otherwise than to a depositor's dependent, the Chairman of the municipality shall call upon the depositor to state whether he has a dependant, and if it is found that he has one, the Form of Declaration shall not be accepted. A depositor who has dependants has absolute discretion regarding the distribution of the amount at his credit at the time of his death among those dependants. He may exclude any one or more of them in favour of another or others of them and the manner in which the distribution is to be made among them is also within his absolute discretion.

14. The disposal of the balances at credit of deceased depositors is regulated by section 4(1) of the Provident Funds Act, 1925.

15. (Cancelled by circular Nos. 700-701 L.S.G., dated the 13th February 1931.)

16. The Alipurduar Municipality will not be bound by, or recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a depositor who dies before retirement.

Withdrawal of contribution and deduction from deposit

17. If a servant is dismissed, or removed, or called upon to resign on account of misconduct, or inefficiency or resigns without due notice, or is made liable for any losses, damages, costs and expenses which the Alipurduar Municipality may at any time pay, sustain or be put to by reason of any act of embezzlement or default of or by such servant, the Alipurduar Municipality may, with the sanction of the Commissioner of the Division, withhold all or any part of the contribution allotted to him with the interest accrued thereon, and pay to the servant only the balance to his credit without such contribution and the interest thereon. If a servant is permitted to resign under any other circumstances than those mentioned in the last sentence before he has rendered five years' complete service, the Alipurduar Municipality may, with the sanction of the Commissioner of the Division, withhold a portion of the contribution alloted to him with interest bearing the same ratio to the whole amount so contributed with interest thereon, as the number of years required to complete a service of five years bears to five years.

18. (Cancelled by circular Nos. 700-704 L.S.G., dated the 13th February 1931.)

19. Any contribution and interest thereon withheld from a servant shall be credited to the Alipurduar Municipal Fund.

Deduct—Interest on Government and other securities not credited into the Post Office but included in the individual accounts.

Add—The fraction of a rupee paid from the fund of the municipality [*vide* rule 9(4)].

Total in Pass Book

21. (1) Calculation of the interest due on each account shall be made at the rate of 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank (amended by notification Nos. 3294-3298M., dated the 4th June 1935) per annum for each calendar month on the lowest balance at credit of an account between the closing of the fourth day and the end of the month. The yearly interest thus calculated on each account shall be entered in column 16 of the abstract of balances prescribed in rule 20. As soon, after the 30th April, as the interest for the previous year is added by the Post Office to the principal of the Fund and the interest on investment through other agencies is drawn by the Chairman and credited in the Savings Bank account[see rule 7(2)], the difference between the total yearly interest calculated at the aforesaid rate of 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank and entered in the depositor's accounts, as shown in column 16 of the said abstract of balances and the total interest actually received for the year shall together with gain or loss by the sale of Government Securities, if any, during the year [see rule 7(3)], be shared by those depositors whose credits in the Provident Fund exceed Rs. 100 in proportion to their balances on the 31st March; provided that, for the purpose of calculating, and adjusting against each depositor's account, his share of the gain or loss on account of interest, the total balance at the depositor's credit shall be taken as the nearest hundred. The interest thus calculated shall be added to the principal in column 9 of the depositor's ledger account (see Form in rule 20).

(2) In the case of the Post Office Five-year Cash Certificates, the total amount received from the Post Office shall be apportioned to each depositor, when the cash certificate matures or is cashed in the proportion fixed at the time of purchase.

(3) If any payment has to be made during the year on a depositor's account the interest calculated monthly at 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank on that account shall be added to the principal in column 9 (see Form in rule 20), and for his proportionate share in the Post Office Cash Certificates, the amount due as calculated from the figures given at the back of the Cash Certificate shall be added.

(4) The provisional increase to contributions under rule 5 shall be withdrawn from the Savings Bank and credited to the municipality as a miscellaneous receipt. If, however, the provisional increase contains a fraction of an anna or if the total provisional increase be less than four annas, this fraction of sum shall be left in the Savings Bank for adjustment at the close of the following year. When the balances have been thus compared and adjusted, the ledger account of the next year shall be opened.

22. A copy of his ledger account signed by the Vice-Chairman shall be given to each subscriber after the annual comparison and adjustment of balances. Subscribers must satisfy themselves as to the correctness of these accounts, and unless errors in them are brought to the notice of the Vice-Chairman within one month from the date of their receipt, no claim based on such error will be subsequently recognised.

Dead Accounts

23. On a depositor leaving the service his acount shall be closed, and unless the amount at his credit be withdrawn within a certain period, viz.—

for balance of Rs. 10 and under, one year, and for balances over Rs. 10, three years,

it shall be written off as a dead account, and repaid only under the orders of the Commissioner of the Division. The fact that the account has been closed will not operate as a bar to the interest being credited to the depositor's account, i.e., the interest accruing until the amount of deposit is withdrawn for payment to the depositor or his heir, or, under rule 24, will be added to the deposit.

24. When acounts become "Dead" they must be removed from the Provident Fund ledger and be credited in the Cash Book as a miscellaneous receipt, the money being drawn out of the Savings Bank. On an amount being thus written-off, it should be entered in a "Dead Account" register, in which subsequent repayments shall be noted in order to avoid a double payment.

Procedure

25. The Chairman of the municipality concerned will endeavour to secure from all depositors on their first joining the Fund the submission of the Form of Declaration prescribed in rule 10. If a depositor desires to revise his Declaration he should apply to the Chairman of the municipality for the necessarsy form. All such declarations still in force shall be carefully recorded in the personal custody of a responsible officer.

ANNEXURE

In the matter of an industrial dispute between the State of West Bengal, Department of Health, Writers' Buildings, Calcutta-1, and the employees of the R. G.Kar Medical College and Hospital represented by the R.G.Kar Medical College and Hospital Employees' Union, 1 Belgachia Road, Calcutta-4. (Case No. VIII-261/65.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri S. K. BHATTACHARYYA, Judge,
Second Industrial Tribunal.

Government of West Bengal, in the Labour Department by its order No. 4154-I.R./IR/11L-138/65, dated the 21st September 1965, referred an industrial dispute between the State of West Bengal, Department of Health, Writers' Buildings, Calcutta-1, and the employees of the R. G. Kar Medical College and Hospital represented by the R. G. Kar Medical College and Hospital Employees' Union, to this Tribunal, for adjudication on the following issues :

Issues

1. Whether there has been any curtailment of special leave with pay to the employees suffering from infectious diseases like T. B., Leprosy, etc. ? If so, what relief such employees are entitled to?
2. Whether the workmen concerned are entitled to overtime wages with retrospective effect from 1st November 1958 ? If so, at what rate?

After service of notice, both parties entered appearances and filed separate written statements. The Union in its written statement filed on 22nd December 1965, inter-alia contended that R.G. Kar Medical College and

Hospital was one of the formost Institution of its kind in India. It was originally under private management, when in May 1958, Government of West Bengal, took over charge of management with a view to improve the institution and for betterment of its conditions. Even after the taking over of the institution, conditions of the employees remained more or less unchanged. They had to do more than 8 hours duty every day as before and no weekly off-day was available to them. They enjoyed no festival or national holidays, on the contrary, there were numerous instances of curtailment of the facilities enjoyed by the employees and the conditions of the employees could be described as deplorable. The employees of the hospital were a class by themselves, who had to serve patients at the risk of their lives. Compared to the employees in similar institutions, the employees of R. G. Kar Medical College and Hospital enjoyed less leave and relaxation. After the institution was taken over by the Government, special leave for nursing and class IV staff suffering from infectious diseases like T.B., Leprosy, etc., was introduced for the full period of their treatment up to a limit of two years at a time on full pay. The employees enjoyed this privilege for about 7 years when all on a sudden in September 1964, this privilege was illegally and arbitrarily withdrawn by the Government. Such act on the part of the State Government, it was contended, was unjust and unfair. There is a T. B. ward and a T. B. out-door department in the R. G. Kar Medical College Hospital where all the nursing and class IV staff are required to work by rotation. Moreover many patients admitted for treatment in the surgical or maternity wards were found to be suffering from T. B., Leprosy and other infectious diseases. These patients are also attended to by the aforesaid nursing and class IV staff for a fairly long time. Similarly, in the medical ward some patients after considerable period of treatment were found to be suffering from T.B., Leprosy and other infectious diseases and the nursing and class IV staff as a result might get infection. Having regard to these factors, the Government considered it necessary to grant special leave with pay to the nursing and class IV staff of the hospital, suffering from infectious diseases. The curtailment of special leave with pay is a change in condition of service and as such notice under section 9A of the Industrial Disputes Act should have been issued. No such notice was however given and curtailment of special leave must, therefore, be regarded as illegal, mala fide and an instance of unfair labour practice.

The employees demanded overtime wages for extra hours of duty even during the period of ex-management, who however could not meet the demand because of adverse financial condition. After the take over of the institution by the Government, the Union made a fresh demand for overtime wages and for fixation of duty hours in accordance with the working hours in other Government hospitals. As the Government was not prepared to grant overtime wages or fix the hours of duty, a strike notice was issued by the Union, when the Government agreed to reduce the working hours with effect from 1st November 1958. This however could not be achieved in practice when the Union was forced to ask the employees to go on strike and various demands raised by the Union was referred to a Tribunal for adjudication. The issue of overtime wages was not included in the said order of reference and the Tribunal as such could not decide that issue although working hours and weekly off days were fixed by the Tribunal. The Government failed to give effect to this Tribunal award. Finally after an attempt at an amicable settlement, the issue of overtime wages was settled and it was agreed that the employees would get overtime for the total extra hours of duty already rendered by them and they would also get overtime wages for working on weekly off-days. On the basis of this settlement, all the other matters were implemented but the Government withheld payment of overtime wages for rendering extra hours of duty on working days. The Union again made representations and served a strike notice. There was a tri-partite agreement on 8th January 1964, when the Government agreed to pay overtime wages with retrospective effect from 1st November 1958, till the introduction of working hours as per terms of the award of the Second Industrial Tribunal within a certain period. The settlement however was not carried into effect and finally the matter was agreed to be referred to the present Tribunal for adjudication. After that Government issued an order for payment of overtime wages with effect from 3rd March 1960. The Union further maintains that inspite of sincere efforts on the parts of the employees for an amicable settlement under peaceful and constitutional procedure, unsympathetic and rigid attitude on the part of the Government towards the genuine demands of the employees, forced them to have recourse to a strike as a last resort. The Union accordingly prayed for :

(*a*) Special leave with pay to the employees suffering from infectious diseases like T.B., Leprosy, etc., with retrospective effect ;

(*b*) Overtime wages at double rate of the wages of the employees concerned or at the rate of 62P. per hour for class IV staff and Rs. 1.25P. per hour for the nursing and superior staff with retrospective effect.

The State of West Bengal in its written statement filed on 31st March 1966 inter-alia contended that immediately after R. G. Kar Medical College and Hospital was taken over by the Government on the 12th May 1958 the dispute between the employees and the management of the institution arose regarding the terms and conditions of service of the employees under the Government. The dispute was referred to the Second Industrial Tribunal for adjudication, who made an award on 9th February 1960, published in the "Calcutta Gazette, Extraordinary" on 5th March 1960. One of the issues before the said Tribunal was working hours and weekly off-day. The Tribunal directed that the working hours including clerical and nursing staff should be fixed as 7 hours a day and that of class IV staff would be 2,504 hours a year calculated on the basis of 8 hours on an average for 313 working days and the remaining 52 days were to be regarded as off-days. The Tribunal further directed that no workman should be made to work on off-days but if it become absolutely necessary, to employ any of them on off-days, necessary extra allowance should be given at the rate previously sanctioned by the ex-management. The Tribunal also directed that the class IV staff should be compensated by grant of compensatory leave for performing extra hours of duty beyond the prescribed time. The hospital management with Government's approval, allowed additional remuneration at the rate of Rs. 2 per day to class IV staff who were required to work on any of the 52 weekly off-days. The State Government further contend that the Tribunal did not retrospectively sanction any compensatory leave for extra hours of duty rendered by the employees since the taking over of the institution. Disputes and differences however continued to persist between the management and the employees of the R.G. Kar Medical College and Hospital, even after the implementation of the award of the Second Industrial Tribunal. As a result conciliation proceedings were initiated and finally a tripartite agreement was arrived at on 8th January 1964 with the approval of the Labour Department. As per the terms of the said settlement, the question of overtime wages for extra hours of duty rendered by the workmen from 1st November 1958 till introduction of hours of duty was to be decided. According to terms of the settlement it were left to be decided by the Health Department, Government of West Bengal, in consultation with the Finance and Labour Department of the Government. The Government however sanctioned overtime allowance to all the staff of the institution for a certain period at rates determined on a mutual agreed basis. Since the taking over of the institution by the Government the workmen of the R.G. Kar Medical College and Hospital are governed by the terms and conditions of the aforesaid award of the Second Industrial Tribunal and the provisions of the R.G. Kar Medical College and Hospital Act, 1958, as also under the West Bengal Service Rules. Under Rule 15 of the West Bengal Service Rules whole-time of a Government servant is at the disposal of the Government who pay him and he may be employed in any manner required by proper authority without payment of any additional remuneration. The Government denied that there was any leprosy ward in the R. G. Kar Medical College and no worker was put on duty in the T.B. ward by rotation except in rare case when a regular worker of the said ward was not available. The general principles regarding special disability leave to Government servant are laid down in rules 195 and 196 of the W.B.S.R., Part I. The executive direction issued in October 1958 regarding sanction of special leave to class IV staff were issued in pursuance of the general principles laid down in rules 195 and 196 of the W.B.S.R., Part I and the Government had no intention of making a departure from the general principles laid down in the said rules. Thus it was contended that special disability leave was admissible to a person who had been disabled or attacked with illness in consequence of the due performance of the duty attached to the posts held by them. It was not available to every class IV employee in the hospital irrespective of the nature of their duties and could only be granted when it was established that a competent medical board had certified that the illness in any case was contacted in consequence of the due performance of his duty and this also covers the case of the nursing staff employed in the infectious diseases hospital or was required to perform the duty in any infectious ward when employed in a general hospital. The interpretation put forward by the Director of Health Services to the aforesaid Government decision not only amounted to infringement of the general rules and misinterpretation of the actual intention of the Government but also placed a group of staff under the Health Department in a more advantageous position than that of other Government servants of the same category employed in other departments or hospitals. The Government accordingly took step to rectify the position by issuing a further order on this subject. The Government however maintained that any interpretation of the rules or orders relating to service conditions as given by the Government under the powers reserved, is binding on all concerned and should be accepted by them. The benefit extended to class IV and nursing staff on an improper interpretation of the Government order by the Director of Health Services, was without proper authority and in disregard to the statutory rules. Hence, benefits given by the Director of Health Services was not a duly sanctioned condition of service of the staff concerned and therefore discontinuance of the said benefit did not constitute a change in their service condition. The Government, however, maintained that the rules regarding special leave is followed uniformly for all class IV and nursing staff in all the State Hospital and that no special treatment can be made out for any particular hospital and there can be no distinction or discrimination between employees in different hospitals. Upon this and other contentions Government contended that the reference under section 10 of the Industrial Disputes Act is untenable inasmuch one of the issues in the instant reference, namely, Issue No. 2, relates to the removal of doubts and difficulties as to the interpretation of an existing award and as such there could be a reference only under section 36A of the Industrial Disputes Act. Secondly, the Government contended that the reference should be rejected as it was a belated one and the issues were vague, indefinite and inconclusive. Thirdly, it was contended that the whole-time of the Government servant being at the disposal of the Government under rule 15 of West Bengal Service Rules, Part I, the employees concerned cannot according to the terms and conditions of their services, claim as a matter of right any extra remuneration for any additional work done by them and the Tribunal had no jurisdiction to interfere or interprete the Government's decision on the West Bengal Service Rules, which is final.

Appearances of the parties are as follows :—

For the State : Shri Satish Chandra Roy, Advocate, assisted by Sm. Prity Roy, Advocate.

For the Union : Shri Panchanan Bhttacharjee, President of the Union, assisted and instructed by Shri Gour Ghorai, Secretary, R. G. Kar Medical College and Hospital Employees' Union.

Before taking up the case on merits it is necessary to dispose of the two preliminary objections raised by the Government, namely, the present reference is untenable inasmuch as Issue No. 2 relates to removal of some doubt or difficulty as to the interpretation of an existing award, namely, the award, dated 9th February 1960, and secondly wholetime of the Government servant being at the disposal of the Government under the provisions of rule 15 of the West Bengal Service Rules, Part I, Government employees cannot claim as a matter of right any extra remuneration for any additional work done by them and the Tribunal has no jurisdiction to adjudicate the matter as the interpretation of the West Bengal Service Rules, by the State Government is final and binding. I regret I am unable to uphold any of the aforesaid contentions.

In the first place, it is to be pointed out that section 36A of the Industrial Disputes Act inter alia provides hat if in the opinion of the appropriate Government any difficulty and doubt arises as to the interpretation of any provision of an award or settlement, it may refer the question of such Tribunal.................. as it think fit. Now, it is contended on behalf of the Government that the reference regarding Issue No. 2 relates to the interpretation of the provisions of the earlier award about which doubt or difficulty has been entertained by the State Government. Issue No. 2 are in the following terms :—

> Whether the workmen concerned are entitled to overtime wages with retrospective effect from 1st November 1958 ? If so, at what rate ?

In the award of the Second Industrial Tribunal, dated 9th February 1960, published in the "Calcutta Gazette, Extraordinary", on March 5, 1960 (to be hereinafter described as Sarkar Award), one of the issues was working hours and weekly off days. In dealing with the said issue the award at page 525 (Part I) inter-alia states that—

> "The extra hours of duty which an employee may be required to put in by the exigencies of the situation at any time will be compensated by compensatory leave. This is also agreed to by Shri Sen. In a hospital where emergency duty may frequently arise, it is not possible to lay down fixed duty hours on daily basis. Somebody may have to put in more hours of duty one day when the exigencies of the situation demand it, but he will be compensated for the same on a subsequent day. The calculation of total working hours on annual basis is, therefore, the best arrangement that can be followed in an institution like a hospital, and I direct the same to be introduced in the R. G. Kar Medical College and Hospital."

Regarding the weekly off-days the award provides as follows :—

> "Nobody should be made to work on off-days if that becomes absolutely necessary, extra allowance should be provided therefor as at present."

The issue of overtime wages was not referred to Sarkar Tribunal, who in considering the issue of working hours and weekly off-days, made provision for extra allowance for those who were made to work on weekly off-days. Consequently, it cannot be contended that the issue under discussion is one relating to the interpretation of an earlier award over which doubt or difficulty is being felt. Even assuming it be so, doubt or difficulty should, in the opinion of the appropriate Government arise and not otherwise. Question is not whether the Tribunal feels any doubt or experiences any difficulty in the matter of interpretation of an award that the provisions of section 36A of the Industrial Disputes Act, can be said to be attracted. Now, the appropriate Government which in the instant case means Labour Department of the appropriate Government, having itself made the reference under section 10 of the above Act, it is not open to the Government Lawyer to contend that the present reference is unsustainable, as it relates to the interpretation of the provisions of an earlier award over which doubt or difficulty arises. Presumably no doubt or difficulty was felt or experienced by the Government, when it referred the particular issue to this Tribuanl for adjudication under section 10 of the Act. This contention apart from being self-contradictory is not in my view available to the Government for being canvassed before this Tribunal, having themselves made the reference to the Tribunal. I must, therefore, reject this contention as unsound and without substance.

In the next place it is to be pointed out that the Government's contention that interpretation of the West Bengal Service Rules by the State Government is final and binding and the Tribunal has no jurisdiction to adjudicate the matter, also appear to be without substance. As per provision of section 12(5) of the Industrial Disputes Act, it was open to the Government to make or not to make the reference, even though an industrial dispute existed or was apprehended within the meaning of section 10(1) of the Industrial Disputes Act. All that the appropriate Government in such case was required to do was to record its reasons and to communicate the same to the parties to the dispute. Now even the appropriate Government itself made the reference under section 10(1)(c) of the Act, on a point which calls for interpretation of provisions of the West Bengal Service Rules it seems strange that the Government that should take the plea that its interpretation of service rules was final and binding on the parties and the Tribunal has no jurisdiction to adjudicate the issue in question. The material question for consideration is whether the dispute referred to the Tribunal for adjudication is an industrial dispute with the meaning of section 2(k) of the Industrial Disputes Act and on this point the parties did not canvass or advance any argument that the dispute in the instant case was not an industrial dispute within the meaning of the aforesaid provision of the Act. If the dispute was an industrial dispute and the reference was a valid one, the Tribunal has jurisdiction to adjudicate the issue, no matter whether it called for interpretation of any Service Rule of the State Government.

Two other minor objections were also raised on behalf of the Government, namely, the reference being a belated one, should be rejected and no action taken on it and the reference was based on issues which were vague, indefinite and inconclusive. These objections in my view cannot be upheld for the simple reason that the issues were neither vague, nor indefinite and the Union cannot be held responsible for the delay in making the reference, for the demand was made as early as 1958 and was conceded subsequently in one form or other but were withdrawn at a later stage. These objections must therefore be over-ruled.

Another legal objection, though not set up in the defence, was that the present dispute is barred by the principles of resjudicata inasmuch as the award of the earlier Tribunal stands in the way of the workmen getting any relief in this case In support, reliance was placed upon the decision of the Supreme Court in the case of Burn & Co., Calcutta, reported in A.I.R 1957, S.C. page 38. In the said case, Supreme Court held that the principles of res judicata applies to industrial adjudication and even where an earlier award stands terminated, the Tribunal before which the matter subsequently comes up, should not revise or modify the earlier award unless there has been a material change in the circumstances since the time it was made. The decision in Burn & Co.'s case came to be explained by the Supreme Court in a latter case reported in 1962(1) L.L.J., page 287, where their Lordships observed that in appreciating the effect of the decision in Burn & Co.'s case it should be kept in mind that the question in that case related to the revision of the wage structure fixed by the earlier award and it was sought to be revised by the workmen as soon as the period of one year prescribed in section 19 expired, and the Supreme Court made the observation on the question of res judicata in that context. In the Remington Rand of India's case (cited above) Supreme Court proceeded to observe that even apart from those consideration application of all the technical implications of the doctrine of res judicata is not desirable in the adjudication of industrial disputes. In the French Motor Co.'s case reported in 1961(II) L.L.J., page 180 and in Dalmia Dadri Cement Ltd.'s case reported in 1962(1) L.L.J., page 261, the Supreme Court again pointed out that the principle enunciated in the Burn & Co. case can have no application to a case in which the earlier award was based on a view which was no longer good law or the previous award was made not on merits of the case but on an agreement between the parties and the period of agreement has expired. In the instant case the point in dispute was neither clearly referred to the Sarkar Tribunal nor are they covered by the Sarkar Award. That being the position the principles of res judicata can not operate as a bar in the instant case and this objection must also be over-ruled.

Issue 1

I now take up Issue No. 1 which deals with curtailment of special leave with pay to the employees suffering from infectious diseases like T. B., Leprosy, etc.

The Union in paragraph 5 of their written statement inter-alia contended that after the Government had taken up the institution in May 1958, special leave for nursing and class IV staff suffering from infectious deseases like T.B., Leprosy, etc., was introduced for the full period of their treatment up to a limit of two years at a time on full pay and this privilege was enjoyed by the employees for about 7 years when all on a sudden it was withdrawn by the Government in September 1964. Even prior to that date, some of the employees suffering from T.B. and Leprosy were not allowed special leave.

In part II of the Government's written statement (paragraph 4) Government inter-alia contended that although the Government issued a circular in October 1958, in connexion with the rationalisation of the cadre of class IV staff employed under the Department of Health, the said circular must be read as subject to rules 195 and 196 of the West Bengal Service Rules, Part I, which govern the cases of Government servants applying for special disability leave and the Director of Health Services who is an authority subordinate to the Government, was required to carry out the Government order in confirmity with the general principles regarding grant of such leave as laid down in the West Bengal Service Rules. It was, however, admitted that the provision of the aforesaid Government decision was incorrectly erroneously interpreted by the Director of Health Service, West Bengal, and as such it constituted an infringement of the general rules and misinterpretation of the actual intention of the Government with the result that one category of staff under the Director of Health Services was placed in a more advantageous position than other Government servants of the same category employed under other departments.

R. G. Kar Medical College and Hospital was taken over by the Government with effect from 12th May 1958 under section 2(1) of the R. G. Kar Medical College and Hospital Act, 1958. The management of the said institution was taken over by the Government for a period of 10 years for the present under section 3 of the Act and all persons employed in the institution and continuing in service immediately before the appointed day, subject to such terms and conditions not being less advantageous than they were entitled to immediately before the appointed days,....were deemed to be employees of the State Government. The Act was published in the "Calcutta Gazette, Extraordinary" on July 19, 1958 and on 16th October 1958, Government in the Health Department, issued a memorandum for rationalisation of the cadre and pay scales of class IV staff employed under the Department of Health. A similar circular for rationalisation of the cadre of nursing staff was issued on 17th September 1957. The memorandum regarding class IV personnel has been marked Ext. A and paragraph 8 (v) of the said memorandum runs as follows :

> Special leave for workers infected with such diseases in course of their duty as T. B., Leprosy or any other infectious disease, will be permitted for a total period of treatment up to a limit of two years at a time on full pay.

In the case of nurses, however, it was provided in paragraph 6 (c) of the memorandum, dated 17th September 1957, that a nurse, who is disabled by T.B. or Leprosy in course of due performance of official duties will get full average pay during the entire period of disability leave not exceeding 24 months at a time and rules to that effect, it was apointed out, would be made in due course. Section (iv) of chapter XV of West Bengal Service Rules, deals with special kind of leave which inter-alia includes special disability leave and hospital leave. There is no such leave as special leave in this section and the "special leave" in the memorandum Ext. A has presumably been used to indicate special disability leave mentioned in rules 195 and 196. These concessions for class IV and nursing staff of the Government Hospital were modified under two memoranda, dated 2nd September 1964 (Part of Ext. A) and 29th April 1964 (Ext. B) and the Government pointed out that the intention of the two orders was that the infection or disability must be directly attributable to the nature of duties performed by class IV worker or nurse as otherwise there would be little justification for extending to a particular category of staff a special benefit not admissible to other Government employees. It was accordingly directed that the benefit of special leave or special disability leave on full average pay for a period not exceeding two years or 24 months as the case may be, shall be admissible only when a class IV worker or a nurse had been afflicted by T. B. or Leprosy or any other infectious disease during their employment in a T. B., Leprosy or any other infectious diseases hospital or institution and the fact is certified by a medical board or a special medical board constituted for the purpose. It will thus be seen that there was a material alteration in the original order which now made the leave admissible to a class IV worker or nursing staff on condition that the infection or disability is directly attributed to the nature of duties performed by such staff. It is contended on behalf of the Government that the general principles for granting of special disability leave to Government servant are laid down in rules 195 and 196 of the West Bengal Service Rules, Part I and the instructions conveyed under the two memoranda Exts. A and B were issued with the intention of granting leave on full pay for the entire period of 24 months in modification of rules 195 and 196 but the Government had no intention of making a departure regarding the circumstances under which such leave would be admissible. It was further contended that the provision of the aforesaid Government decision embodied in Exts. A and B were wrongly interpreted by the Director of Health Service, West Bengal. It is to be pointed out that as a result of the circulars being issued, some members of the class IV and nursing staff were granted leave on the basis thereof without insisting on the conditions that the infection or disability must be directly attributable to the nature of the duties performed by the nursing or the class IV staff or without insisting on a certificate from a special medical board created for the purpose.

Now it is contended on behalf of the State Government that the power to interpret the rules is reserved to the Government under provision of rule 3 of the West Bengal Service Rules, Part I and relaxation of the rules can only be made by the Governor in dealing with a case in just and equitable manner under the provisions of rule 3A. On behalf of the Government two points have been raised, firstly a class IV worker or a member of the nursing staff working in a T.B. or infectious ward does not run greater risk than a man in the street in contacting a disease like T. B. and secondly, even if it were so, the employee cannot expect to get any special disability leave in contravention of the provisions of rules 195 and 196 of West Bengal Service Rules, which provides the guideline for special disability leave to all categories of Government employees. Before I take up these points, it will be necessary to discuss the evidence adduced in this case.

The Union examined four witnesses including the Secretary of the R. G. Kar Hospital, one ex-senior House Physician, Union Secretary Shri Ghorai and a staff nurse of the hospital, who is in service since August 1961. State Government likewise examined one Assistant Secretary of the Department, Head Assistant in the establishment section of the Health Department and two doctors, one of whom was a professor of Medicine in the R. G. Kar Medical College for the last 6 years and another Assistant Director of Health Service (Tuberculosis) of the Government of West Bengal, since 1964.

According to Dr. Ghosh (O. P. W. 4) who is Professor of Medicine (Chest) of R. G. Kar Medical College and Hospital for the last 6 years, nurses of T. B. Hospitals are more prone to T. B. infection than nurses working in other wards where stray T. B. patients are admitted. The witness further stated that as a result of studies carried out in various countries it was noticed that the nursing staff of T. B. ward are more susceptible to the disease than their counterpart in general ward. Dr. Sukul (O. P. W. 3) who is Assistant Director of Health Services (Tuberculosis), Government of West Bengal, in his evidence stated that a worker attached to a general ward of a hospital did not run greater risk of being attacked with T. B. than a man in the street, for the percentage of T. B. cases as recorded amongst workers in general hospital is about 1 per cent. whereas the percentage of T. B. cases amongst general population as revealed in the National Sample Survey was 1.3 to 2.5. He further stated that a worker in a T. B. Hospital run greater risk from being attacked with T. B. than a worker in a non-T. B. hospital. P. W. 1. Kalipada Choudhury, who was formerly a senior house physician of the R. G. Kar Medical College and Hospital, stated that occasionally cases were admitted in surgical, medical and maternity wards which subsequently turned out to be cases of T. B. and they were attended by nursing and class IV staff of the ward in which they were admitted. The witness further stated that chance of a person being contaminated or infected with T. B. is more in the hospitals than outside but as this opinion runs contrary to what has been stated by the specialists, it cannot be accepted. From the evidence of the expert witnesses, it is clear that a nursing or class IV staff in general wards do not run any greater risk than the man in the street in contacting a disease like T. B. although the workers in T. B. Hospital runs greater risk from being attacked with T. B. than a worker in a non-T. B. hospital. As for Leprosy and other infectious diseases neither the Government nor the Union examined any expert to establish the chances of contamination or infection. We may therefore take it that in general the nursing and class IV staff, working in general hospitals where there is T. B. ward, do not run any greater risk than the man in the street. Even if, they are required to attend T. B. patiets by rotation. This of course, depends upon whether the T. B. patients they have to attend, are open or closed type of T. B. cases and if it is one of open type, chances of contamination or infection is very great. Percentage of open and closed type cases were roughly found to be 44 and 56 in the Calcutta area according to (O. P. W. 4) Prosanta Kumar Ghosh and the chances of contamination would also be in that proportion provided the preventive measures to counteract the tendency to develope T. B. are not taken by those working in the hospitals. Inspite of these facts and data being available, the Government issued two memoranda—Exts. A and B, dated 16th October 1958 and 17th September 1957, respectively and in the said memorandum it was not insisted that the infection or disability must be directly attributable to the nature of duties performed by the nurses or class IV staff or that the fact should be certified by a medical board or a special medical board and the reason appear to be obvious. The Union had been agitating for certain reliefs from the very beginning of the take over and a strike notice was issued on 1st November 1958 (Ext. 2). This was followed by a series of annexures from the Union, culminating in their appeal to the then Chief Minister of West Bengal (Ext. 4) and on 27th November 1958, Government was pleased to decide that the provisions of Government memorandum, dated 16th October 1958 (Ext. A), would also be made applicable to the workers of R. G. Kar Medical College and Hospital with effect from 1st November 1958. As for the other demands of the Union embodied in the memorandum (Ext. 2a), the then Secretary of the Health Department made certain clarifications under administrative instructions Exts. 10 and 11. These terms and conditions however failed to satisfy the workers and the Union on 28th February 1961, served another strike notice on the Government indicating their intention to go on strike with effect from 16th March 1961. Ext. 13 is the notice with which a catalogue of the grievances was also forwarded. On 16th March 1961, the Union postponed the strike till 15th April 1961 (Ext. 15), in response to an assurance of the then Chief Minister, West Bengal. The strike notice was withdrawan no 16th April 1961, vide Ext. 7a on the ground that the matter has been settled amicably. This was renewed at a later date and there were tripartite conferences between the Union and the Government in presence of the Labour Secretary and the Labour Commissioner. The issue of overtime wages was discussed and some sort of settlement was arrived at. Meanwhile special leave on full pay appear to have been sanctioned to some class IV staff of R. G. Kar Medical College and Hospital on 22nd of August 1962 (Ext. 40) and 14th August 1964 (Ext. 42). Thereafter on 2nd September 1964, Government thought it fit to issue the memorandum (Ext. 43) which is also part of Ext. A. The Union protested on 22nd September 1964 (Ext. 44), on various grounds and prayed for reintroduction of the measure. The matter was finally referred to this Tribunal, on the aforesaid issue. Government's objection to the benefit being extended to class IV and nursing staff of the R. G. Kar Medical College and Hospital as already pointed out, are threefold, firstly, no special provision can be made for any particular hospital or hospitals, secondly, the question is one of interpretation of rules 195 and 196 of West Bengal Service Rules and the Government decision thereon is binding on all concerned and cannot be questioned and lastly, there was no infringement of or change in the condition of service by withdrawal of the benefit that was allowed by the Health Directorate without proper authority and in disregard of the statutory rules. These objections, in my view cannot be accepted for the simple reason that if the decision of the Government regarding interpretation of West Bengal Service Rules is binding on all concerned, then there was no point in making a reference on the issue as framed; secondly, even if it be assumed that the interpretation of the Government of any provision of the West Bengal Service Rules is binding on the Government servants, the Tribunal is not bound to accept that the interpretation which has power to create new obligations and modify existing contracts in the interest of industrial peace, so as to protect the workmen. The Tribunal in a case of industrial adjudication has the power to confer new rights and privileges and create new obligations essential in the interest of industrial peace (A. I. R. 1950 Supreme Court, page 188). The question for decision therefore, is, whether the dispute referred to the Tribunal is an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act and whether the hospital in the instant case is an industry. That the dispute referred to the Tribunal is an industrial dispute has not been disputed on behalf of the State Government but the point that was canvassed is that the Tribunal is bound to accept the Government's interpretation of the West Bengal Service Rules. In the Patna Electric Supply Co. case reported in 1959 (II) L. L. J., page 666, Supreme Court observed that there was no doubt that in proper cases industrial adjudication may impose new obligations on the employer in the interest of social justice.................... and the activities of the Government in the interest of social economic progress of the country as beneficial measures were not exempted from the operation of the Act. In the Hospital Mazdoor Sabha case reported in 1960 (I) L. L. J., page 251, Supreme Court held that the hospitals run by a private citizen would be an undertaking within the meaning of section 2(j) of the Act even though no fee was charged from the patients and it would make no difference in interpreting the word "undertaking" if the hospital is run by the Government instead of the private citizen. Applying there tests in the instant case, the Tribunal sees no reason why the memorandum, dated 17th September 1957 and 16th October 1958, whereby the nursing and class IV staff of the R. G. Kar Medical College and Hospital were extended the special disability leave or special leave, should be altered to their disadvantage and the specious argument advanced on behalf of the Government that the Service Rule is a bar to the grant of such allowance, cannot be accepted for the Government by altering or modifying these two memoranda permitted nursing and class IV staff to avail two years or 24 months special disability leave on full average pay in modification of rules 195 and 196 of the West Bengal Service Rules. The fact that this special leave were enjoyed by the employees for 7 years, makes it all the more imperative than it should not have been withdrawn summarily without even giving them an opportunity to plead for its retaintion. The decision of the Government to modify the memorandum, dated 17th September 1957 and 16th October 1958, more or less on a technical ground cannot be supported on humantarian or ethoical ground and the Tribunal administering social justice cannot be expected to accept such plea as has been advanced by the lawyer for the State Government. I must therefore hold that there has been curtailment of the special leave with pay to the employees suffering from infectious diseases like T B., Leprosy, etc., and it follows that the nursing and class IV staff of the R. G. Kar Medical College and Hospital shall be entitled to get special disability leave in terms of the memorandum, dated 16th October 1958 and 17th September 1957. This issue is thus answered.

Issue No. 2

The case of the Union on this issue as made out in the written statement is to be found in paragraphs 11 to 19. The Union claimed overtime allowance at double the rate of wages of the employees concerned or at the rate of 62P. per hour for class IV staff and Rs 1.25 P. per hour for the nursing and superior staff. The Union contends that they preferred claim for overtime wages for extra hours of duty against the previous management and the duty hours of different categories of employees continued unchanged for some time even after the take-over by the Government. The Union therefore demanded overtime wages and put forward their claim before the Government after the take-over but the Government did neither grant overtime wages nor was able to reduce the working hours of the employees in conformity with the different circulars issued by them from time to time. In fact from November 1958, the Government introduced 8 hours duty with recess and weekly off-days for class IV staff in other Government Hospitals and one of the issues before the previous Tribunal for adjudication was weekly off-days and working hours. The Sarkar Tribunal in its award, dated 9th February 1960, fixed the working hours and weekly off-days as follows:—

(a) working hours for superior and nursing staff was fixed at 7 hours a day ; and

(b) working hours for class IV staff was fixed at 8 hours a day or 2504 hours a year, calculated on the basis of 313 working days in a year.

Weekly off-days were granted to all categories of employees and the Tribunal observed that all categories of workmen will get a day off every week and nobody should be made to work on all the days, but should it become absolutely necessary, extra allowance should be provided therefor as then prevailing. The Union contends that the Government failed to give effect to the aforesaid Award of the Tribunal although it was agreed that effect should be given on and from 1st November 1958. On the issue of non-implementation of the award, Union served a strike notice on the Government. At a joint conference held on 13th April 1961, the issue of overtime wages was decided and according to the Union it was settled that the employees would get overtime allowance for the total extra hours of duty already rendered by them and they should also get overtime wages for working on weekly off-days. On the basis of settlement Government was allowed to have implemented the decision of this joint conference but the withheld payment of overtime wages for extra hours of duty performed by the employees on working days. The Union again served a strike notice and there was a tripartite agreement on 8th January 1964, in which the Government was stated to have agreed to pay overtime wages with retrospective effect from 1st November 1958, till introduction of working hours as per directions of the Sarkar Awards. As this agreement was not implemented Union again served a notice of strike and the matter was ultimately referred to this Tribunal for adjudication under an order, dated 21st September 1965. Thereafter on 29th September 1965, the Government issued a memorandum (Ext. 9) whereby they sanctioned payment of overtime allowance to the staff of R. G. Kar Medical College and Hospital with effect from 5th March 1960. Government in paragraphs 9 to 13 inter-alia contended that the wholetime of Government servant being at the disposal of the Government under the provision of rule 15 of the West Bengal Service Rules, Part I, the employees according to the terms and conditions of their service, cannot claim any extra remuneration for any additional work done by them as a matter of fact. Rule 15 of the West Bengal Service Rules inter-alia provides that unless otherwise distinctly provided, the wholetime of a Government servant is at the disposal of the Government, who pays him and he may be employed in any manner by proper authority without claim for additional remuneration............ Inspite of the existence of this rule, the Government, it appears, issued memorandum, dated 29th September 1965 (Ext. 39), directing that all non-gazetted superior staff and the class IV staff of the R. G. Kar Medical College and Hospital who have been in service from before the date of publication of the award in the "Calcutta Gazette," i.e., 5th March 1960, shall be paid overtime allowance at the rate of 50P. per hour, for non-gazetted superior staff and 25P. per hour for class IV staff in respect of extra hours of duty rendered by them for period from 5th March 1960 to 30th September 1965. The same benefit was also extended to class IV staff recruited on or after 5th March 1960. So after sanctioning this extra overtime allowance to the non-gazetted superior and class IV employees of R. G. Kar Medical College and Hospital for a certain period, it does not lie in the mouth of the Government now to contend that rule 15 of the West Bengal Service Rules is a bar to the grant of such an allowance and wholetime of a Government employee is at the disposal of the Government. Shri Roy appearing for the Government sought to contend that the question was not one of payment of overtime allowance but a sort of compensatory allowance in lieu of compensatory leave, sanctioned to the workers by the Sarkar Award, dated 9th February 1960 (Ext. C). The Sarkar Award inter-alia provided that the extra hours of duty which an employee may be required to put in in the exigencies of the circumstances at any time will be compensated by grant of compensatory leave. As the management of the Institution failed to grant such compensatory leave to the nursing and class IV staff of the R. G Kar Medical College and Hospital, it was agreed that they would be compensated by grant of some allowance in lieu of compensatory leave. But the memorandum, dated 29th September 1965 (Ext. 39), nowhere states that overtime allowance sanctioned by it was in lieu of compensatory leave. On the contrary the memorandum states that the staff concerned has to work longer period than the scheduled hours, as it was in vogue in the institution under the ex-management. Shri Roy referred to a statement made by one of the Union witness Chittaranjan Das (P.W. 4) wherein he stated in cross-examination that the Government decided to pay them overtime in lieu of compensatory leave. This however was denied by Shri Gour Mohan Ghorai, Secretary of the Union (P.W. 2), who in cross-examination stated that over-time wages was not given by the Government in lieu of compensatory leave awarded by the Tribunal. In fact the witness stated that they never asked for nor demanded compensatory leave in lieu of extra hours of duty. Sarkar Tribunal gave its award of the working hours of the employees and inspite of the award, scheduled working hours could not be introduced for quite sometime. Shri B. R. Dutta Gupta (O.P.W. 2) who is the Head Assistant, Establishment Section of the Department of Health, Government of West Bengal, in his evidence stated that Sarkar Tribunal directed that the number of staff who put in extra hours of duty over 8 hours, should be granted compensatory casual leave. This was not possible due to paucity of staff and the Union thereupon demanded overtime allowance for extra hours of duty. The matter however came to be settled amicably and the Government agreed to grant allowance for performance of duty at certain rates with effect from the date of the publication of the award, namely, 5th March 1960. That allowance, according to the witness was in the nature of ex-gratia payment in lieu of compensatory leave. The rate of this allowance was fixed at 25P. per hour for menial staff and 50 Paise per hour for superior staff. This statement however is not fully corroborated by the memorandum (Ext. 39) wherein we do not find any mention of ex-gratia payment in lieu of compensatory leave. Clearly, this memorandum sanctioned overtime allowance to the staff of R. G. Kar Medical College and Hospital in order to avoid a situation, that would be inconsistent or contrary to the direction of the Sarkar Award and accordingly, overtime allowance was sanctioned for them for performance of extra hours of duty after a certain period. It may be pointed out in this connection that on 3rd May 1961, Government issued a circular sanctioning off-day allowance at the rate of Rs. 2 for class IV staff with effect from 1st November 1958 (vide O.P.W. 2). Prior to that on 15th April 1961, Joint Secretary to the Government of West Bengal, Health Department, wrote to the Secretary of the Union over a strike notice and in paragraph 8 of that letter (Ext. 17) it was stated that the Government will consider the demand of overtime wages for the total extra hours of duty already rendered by the employees; the extra hours being calculated on yearly basis provided there are records to speak in this regard and the Government also agreed to consider such payment till the introduction of stipulated hours of duty. This letter, according to (O.P.W. 2) was the background of the grant of this overtime allowance to the employees. It is to be remembered that the letter was issued about a year after the publication of the Sarkar Award. This overtime allowance came to be assessed on the basis of the allowance granted to class IV workers at the rate of Rs. 2 per day. According to O.P.W. 2 this was done according to the suggestion of Shri Ghorai but this was denied by the Union Secretary Shri Ghorai (P.W. 2). Shri Dutta Gupta further stated that no retrospective effect was given to the overtime allowance as it was granted in lieu of compensatory leave, which was granted with effect from 5th March 1960, i.e., date of the publication of the award. The witness claimed that the memorandum (Ext. 39) was drafted by him but it nowhere states that overtime allowance was granted in lieu of compensatory allowance granted in the earlier award. I have already pointed out that the materials on record do not justify a finding that this overtime allowance is either linked up with the compensatory leave or was awarded in lieu thereof; on the contrary, it clearly appears from the materials on record that the issue of overtime allowance is not in any way connected with the compensatory leave decided upon by Shri Sarkar in his award dated 9th February 1960 in connection with the issue of working hours and weekly off-days. Letter written by the Principal of R. G. Kar Medical College and Hospital to the Assistant Secretary, Government of West Bengal, on 6th May 1963 (Ext. 43), forwarding therewith a list containing the names with the extra hours of duty rendered by each class IV worker from the date of take over up to 31st December 1962, speaks for itself and this was forwarded in answer to Government letter, dated 24th November 1962 (Ext. 20) and 4th April 1963. In Ext. 20, Special Officer to the Government of West Bengal, Department of Health, wrote to the Principal, R. G. Kar Medical College and Hospital, inviting his attention to paragraph 8 of the Department's letter, dated 15th April 1961 and wanted to ahve a detailed statement showing extra hours of duty rendered by each class IV worker since the taking over of the institution by Government. This was asked for in order to formulate proposal for sanction of arrear overtime allowance. The Principal wrote back on 21st May 1963 (Ext. 21), stating that proposal for overtime wages to class IV workers have been sent to Government on 5th June 1963 (vide paragraph 7 of the said letter). The Union in their strike notice, dated 1st November 1963 (Ext. 22), forwarded a memorandum to the Government wherein overtime allowance and compensatory allowance for working on weekly off-days was claimed (vide paragraphs 6, 7 and 8). All these materials lead to one and only irresistable conclusion that the overtime allowance claimed by the Union on behalf of the nursing and class IV staff is not linked up with the compensatory leave granted in the Sarkar Award and the issue was never allowed to be mixed up as will appear from different letters and circulars referred to above. State Government's contention that rule 15 of the West Bengal Service Rules is a bar to the grant of such allowance to a section of Government employees, is not in my view sustainable. It is too late for the Government to claim this privilege after having sanctioned this allowance to some of the employees as per memorandum, dated 29th September 1965 (Ext. 39). I must therefore hold on a careful consideration of all the facts, circumstances and probabilities of the case that the workmen concerned are entitled to overtime allowance.

It now remains to be seen whether effect thereof should be given from 1st November 1958. That the benefit of retrospective effect of this allowance was given to the employees is admitted but the Government is not agreeable to go behind the date of publication of the Sarkar Award although that date was not adheared to in so far as the pay and allowance of the R. G. Kar Medical College and Hospital employees were concerned. Sarkar Award at page 524 states that Shri Sen on behalf of the Government pointed out that the rationalisation scheme for the hospital staff were brought into operation in the Government hospitals with effect from 1st November 1958 and it was at his suggestion that the Tribunal accepted that date as the date for enforcement of the award. That the Government also intended to give effect to the overtime wages to the R. G. Kar employees from an earlier date will be evident from the Special Officer's letter to the Principal (Ext 20 para. 3) wherein it was clearly stated that the figures were necessary in order to enable the department to formulate proposal for sanction of arrear overtime wages asked for. In consonance with the Governments express wish, a list was prepared by the Principal and forwarded to the Government under his letter (Ext. 45) showing the extra hours of duty rendered by each class IV workers for period from 12th May 1958 (the date of take over) to 31st December 1962. The strike notice of the Union (Ext. 15) and its letter (Ext. 16) together with the Joint Secretary's reply (Ext. 17) would also go to indicate that the Government's intention was to pay overtime wages with retrospective effect and at any rate I do not see why the workers, who performed extra hours of duty althrough should be denied the allowance for a considerable period, when there is no allegation that the workers' performance was grudging or unsatisfactory. On a careful consideration of all these facts and circumstances of the case, I do not see why the lowest paid staff of the R. G. Kar Medical College and Hospital should be denied the benefit of overtime allowance for a certain period and on a careful consideration of all the facts of the case, I find that they are entitled to overtime wages with effect from 1st November 1958 and the Government should pay them on and from that date. The only conceivable difficulty is about the availability of records for the entire period but I find that a list is already on the record showing extra hours of duty performed by each and every members of the staff from the date of take-over. I do not however consider it proper to grant retrospective effect to the payment of this allowance beyond 1st November 1958.

Only other point that remains to be considered is what should be the rate of overtime wages. The Union in paragraph 23 of their written statement claimed overtime wages at double the rates of wages of the employees concerned or at the rate of 62P. per hour for class IV staff and Rs. 1.25P. per hour for the nursing and superior staff. Government in paragraph 14 of their written statement contended that the rates at which overtime wages were sanctioned and paid was decided on a mutual agreed basis in a conference attend by the Secretary of the Labour Department, representative of Health Department and the Secretary of the Employees' Union. Shri Ghorai (P.W. 2) however denied that he agreed to accept the overtime allowance at the rate of 25P. per hour for the inferior staff and 50P. per hour for the superior staff in any such conference. He however admitted that payment at the avove rate was made with effect from 5th March 1960, sometime in the year 1966 and the employees accepted the payment under protest. Shri Bikash Ranjan Dutta Gupta (O.P.W. 2) stated that this allowance, which was in the nature of ex-gratia payment, was settled at 25P. per hour for the menial staff and 50P. per hour for the superior staff. This ex-gratia allowance according to Shri Dutta Gupta was being given with effect from 5th March 1960 but he emphasized that this was done in lieu of compensatory leave. There is however no reference to the compensatory leave in the circular quoted above. The rates according to Shri Dutta Gupta was settled in a conference held in Labour Secretary's room in which the suggestion came from the Union Secretary Shri Ghorai. Admittedly. the ex-management used to make payment to the employees at the rate of Rs. 2 per day for working on off-days and on the basis thereof, the Government circular, dated 3rd May 1961, sanctioning off-day allowance to the members of class IV staff at the rate of Rs 2 per day was introduced. Since the class IV workers' duty hours were 8 hours a day Rs. 2 per day would mean 25P. per hour. The Union claimed overtime wages at double the rates on the analogy of the overtime wages granted to the factory workers under section 59 of the Factories Act. The analogy of a factory worker would not be available to a class IV staff working in a hospital nor can be equated with a person employed in a shop or establishment within the meaning of section 13 of the West Bengal Shops and Establishment Act, 1963. A hospital is not in fact an industry or a private establishment run for profit. Consequently, the formula adopted in the case of a factory worker or person working in a shop and establishment cannot be made applicable to the Hospital Staff. In this connection it should be borne in mind that similarly placed workers in the other State Hospital are not at present getting any such overtime allowance, although this was conceded to their counter parts in the R. G. Kar Medical Colleges and Hospital. The minimum emolument of a class IV worker is Rs. 60 per month and the maximum is Rs. 90. The rate of wages per hour for the class IV worker would therefore roughly comes up to 28P. to 43P. per hour on the basis of 2504 working hours in a year. In any event therefore class IV worker should at least get overtime wages which should not be less than the regular emoluments drawn by them as wages and other allowances and having regard to the present price index the overtime wages for class IV workers in my view should be fixed at 45P. per hour and that for the nuring staff at 70P. per hour. On a careful consideration of all the facts, circumstances and probability of the case, I assess the overtime rate of wages for the class IV staff at 45P. per hour and that for the nursing and superior staff at 70P. per hour. I would at the same time direct the hospital authorities to see that no one is required to do extra hours of duty over and above their normal duty hours as this is not only likely to impair the efficiency of the class IV and nursing staff in a hospital but it may also endanger the lives of the patients, for whom they exist.

It is unfortunate that ban on working on off-days, etc., sought to be imposed in the Sarkar Award, could not be given effect to even after expiry of a period of 5 years.

Both the issues are thus answered in the affirmative and this is the Award of the Tribunal.

AWARD

These six applications under section 33A of the Industrial Disputes Act filed against S. V. S. Marwari Hospital, 118 Amherst Street, Calcutta-9, have been taken together for disposal for the sake of convenience as the six matters have been amicably compromised between the parties. The petitioners are Sarvasree Mohar Singh, Ram Gobind Ram, Ram Nath Shaw, Raghubar Prasad, Trilochan Parida and Birendra Nath Jana who filed separate applications challenging the order of dismissal passed against them. In all the cases S.V.S. Marwari Hospital is the opposite party. The six cases have been numbered 15 of 1967, 16 of 1967, 17 of 1967, 18 of 1967, 19 of 1967 and 20 of 1967. The Hospital has not filed any written statement in any of these cases. On the last date the Company informed this Tribunal that the cases have been mutually settled between the parties by an agreement, dated 14th April 1967. Today the Secretary of S.V.S. Marwari Hospital Employees' Welfare Union representing the workmen of the Hospital has filed a petition stating that the parties have arrived at an amicable settlement, that the petitioners were allowed to resume their duties on and from 13th April 1967, that their due leave wages have been paid according to the terms of settlement and that they do not want to proceed with the complaints any further. The Secretary of the Union is duly authorised by the petitioner-complainants to represent them before this Tribunal. It has been prayed on behalf of the petitioners that a 'No-dispute' award may be passed. I have considered the Memorandum of Settlement filed along with the petition. The settlement is fair, voluntary and legal. In these circumstances, I pass a 'No-dispute' award in all these cases as the disputes have been settled. This award shall govern all the six cases mentioned above.

AWARD

This is a petition under section 33A, Industrial Disputes Act, by the petitioner-workman against the O.P. company on the allegation, that the O.P. company has contravened the provision of section 33, Industrial Disputes Act in not making an application for approval of his dismissal during pendency of the proceedings before an Industrial Tribunal.

The petitioner-workman's case is that he was serving under the O.P company as a Sacking Weaving Head Clerk. On 22nd April 1959 he was charge-sheeted under rule 14C(II) of the Standing Orders for utilising the service of a permanent worker for his domestic work. He submitted his explanations on 23rd April 1959 denying the charge. He was dismissed from service on 5th May 1959 without any notice or wages in lieu of notice. He is not guilty of the alleged charge of utilising the service of the permanent worker named Akloo. A dispute was pending before the Industrial Tribunal and the O.P. company should have paid him one month's wages and should have also filed an application for approval of dismissal under section 33(2)(b), Industrial Disputes Act. The O.P. company has contravened the provision of section 33(2)(b), Industrial Disputes Act and the petitioner-workman is so entitled to reinstatement with full wages for the period of forced unemployment as such.

On service of usual notice, the O.P. company filed a written statement contending, inter alia, that the petition is not maintainable as the O.P. company has not contravened any of the provisions of section 33(2)(b), Industrial Disputes Act. The specific case of the O.Ps company, as it appears from its written statement is that the petitioner-workman committed a gross misconduct for which he was charge-sheeted on 22nd April 1959, to which he replied on 23rd April 1959 and thereafter an enquiry was held in his presence and he was found guilty of the charge. The management decided to dismiss him and by a letter, dated 5th May 1959, he was informed of the decision and was also informed that he would be paid one month's wages as per section 33, Industrial Disputes Act. The management arranged to file an application under section 33(2)(b), Industrial Disputes Act, but that was delayed. The petitioner was dismissed for gross misconduct and the dismissal was justified. The case came up for hearing before my learned predecessor and he found by his award, dated 24th October 1960, that the dismissal of the O.P. petitioner was justified and so he is not entitled to any relief and the petition was therefore dismissed.

The petitioner-workman preferred a Revision against the abovesaid award before the Hon'ble High Court and C.R. No. 557/51 was issued accordingly by the Hon'ble High Court. At the time of final hearing His Lordship found that my learned predecessor's approach was not a correct one as he treated the matter as really one for the limited consideration whether on the materials before the departmental authority, the petitioner's dismissal was prima facie justified on the evidence before the said authority. But it was his duty to consider the matter also in the light of evidence adduced before him and so His Lordship remitted the matter back to this Court as to the validity or otherwise of the dismissal of the petitioner-workman on the materials before this Court including the evidence during the departmental proceedings the evidence adduced before it in this case.

The following points therefore arise before me for determination at the time of the present hearing.

Point for Determination

Was the order of dismissal passed against the petitioner-workman legal and valid and justified?

Decision

Point No. 1 :

It appears from the order of his Lordship in C. R No. 557/61 of the Hon'ble High Court that there was a violation of the provision of section 33(2)(b), Industrial Disputes Act, on the part of the O.P. company and the effect of such contravention was to reopen the whole matter on the merits with the result that the question of the validity or otherwise of the dismissal of the petitioner-workman has to be considered by this Court afresh on the materials before it including evidence during the departmental proceedings and evidence adduced at the time of trial. The position therefore is clearly different from a hearing under section 33(2)(b), Industrial Disputes Act, at the time of approval or otherwise of the order of dismissal of a workman pending the proceedings before a Tribunal, as such Labour Court or Tribunal deciding the case under section 32(2)(b), Industrial Disputes Act, has a limited jurisdiction and would approve the order of dismissal passed against the workman as such on the Company's making out a prima facie case. Under the circumstances, it must be shown that on the existing evidence the charge aginst the petitioner-workman was proved by adequate evidence in the departmental enquiry, which was held in accordance with the Standing Orders as well as the principles of natural justice. This Court must also see whether the evidence adduced in support of the guilt of the petitioner-workman is adequate or sufficient and whether the witnesses examined as such appear as reliable on the facts and circumstances of the case.

Ext. 1 is the copy of the letter, dated 13th October 1958, written by the O P. company to one Shri Krishna Kumar Shill. Ext. A is the charge-sheet, dated 22nd April 1959, on the left hand side and contains the explanation to the alleged charge under the signature of the petitioner-workman, dated 3rd April 1959. Ext. A(1) is the notice, dated 23rd April 1959, intimating the petitioner-workman as to the time and date of enquiry. Ext. A(2) is the copy of the charge-sheet against the permanent worker Akloo whose services has been alleged to have utilised by the petitioner-workman, and also contains Akloo explanation to the alleged charge against him. Ext. B are the statements of the witnesses at the time of the departmental enquiry. Ext B(1) is the statement of Iswardayal Ojha under his own signature. Ext. B(2) is the statement of A. Das under his own signature. Those two persons deposed as O.P.W.s 2 and 3 respectively at the time of trial and admitted their statements and signatures as such. Ext. C is the letter, dated 5th May 1959, from the O.P. company to the petitioner-workman dismissing him from service. Ext. D is the findings of the enquiry against the petitioner-workman. Ext. D(1) is the findings of the enquiry against Shri Shyama Prosad Sanyal who used to serve under the petitioner-workman. Ext. E(1) is the letter, dated 6th May 1965, from the company to the petitioner-workman for collecting his dues from the O.P. company. Ext. F is the copy of a notice, dated 3rd February 1958, under the signature of the Manager of the O.P. company.

At the time of the departmental enquiry the O. P. Company examined only 4 witnesses—A. Das, Madhab Chandra Rakshit, Iswar Dayal Ojha and Ramaudh as prosecution witnesses. Of these persons, A. Das and Iswar Dayal Ojha have been examined as O. P. W.s 2 and 3 at the time of the trial of the present case as I have already indicated. The only other witnesses examined by the O. P. Company is the Enquiring Officer himself as O. P. W. 1. The departmental enquiry against the pettioner-workman was held analogously with the departmental enquiry against Shri S. P. Sanyal as well. The petitioner-workmen, Akloo Singh, S. P. Sanyal, one Kamal Kumar Bose and Mahabir Budhi were examined as defence witnesses, as it appears from the report of the enquiry, Ext. D. The onus certainly lies upon the prosecution witnesses at the time of the departmental enquiry to prove the alleged guilt, if the charge is denied. Ext. A, the charge-sheet containing the explanation thereto clearly shows that the petitioner-workman denied the charge. No proceedings of the departmental enquiry has been produced at the time of trial. Ext. D has been styled as findings from the proceedings of the enquiry of charge-sheet issued to the petitioner-workman and two others, the dates of enquiry have also been mentioned to be 24th April 1959 and 1st May 1959. The non-production of the proceedings of the enquiry would clearly show that no proceedings of the enquiry was kept and this itself is a violation of the principles of natural justice. The Enquiring Officer as O.P.W. 1 does not at all depose on the point. The statements Ext. B series would show that the petitioner-workman deposed on 24th April 1959, he has categorically denied that he sent Akloo to his house for domestic purpose. It does not appear that he was cross-examined on this point. The statement of Akloo and other defence witnesses are all dated 24th April 1959. Of the prosecution witnesses only the durwan Ramaudh was examined on 24th April 1959. All other prosecution witnesses, however, have deposed on 1st May 1959. This peculiar procedure was again in violation of the principles of natural justice as the petitioner-workman was called upon to disprove the alleged charge against him without asking the management to prove the charge by examining the prosecution witnesses. There appears to have been no further violation of the principles of the natural justice as the petitioner-workman was intimated as to the holding of the enquiry by the letter Ext. A(1) and Ext. B, the statement of witnesses show that he was allowed to cross examine all the prosecution witnesses on 1st May 1959, the subsequent date of the enquiry. There is no specific case as to violation of the principles of natural justice in the present petition under section 33A, Industrial Disputes Act, nor the petitioner-workman deposed as P.W. 1 as such at the time of the trial of the present case. So I hold that barring non-recording of the proceedings of the departmental enquiry and non-placing of the onus of proving the guilt upon the management as prosecution, there has been no other violation of the principles of natural justice at the time of the departmental enquiry.

Then to the merits of the case as to whether the alleged charge of utilising the services of Akloo, another workman has been substantiated by adequate and sufficient evidence at the time of the departmental enquiry and at the time of trial of the present case. At the time of the departmental enquiry, 4 witnesses were examined as prosecution witnesses of which the durwan Ramaudh and another Madhab Chandra Rakshit have not been examined at the time of the trial of the present case. There is not much dispute as to what durwan Ramaudh stated at the time of the departmental enquiry, as it is the admitted case of both the sides that Akloo produced a gate-pass on 22nd April 1959 at about 7 a.m. and went out of the gate. There is however no explanation whatsoever why Madhab Rakshit who was examined at the time of the departmental enquiry was not examined at the time of the trial of the present case. Shri A. Das has been examined at the time of the departmental enquiry and also as O. P. W. 3. He states that he is the Director of I.P.C. (India Private Ltd.) and so appointed by the management to look into the corruption and malpractice suspected to be prevailing amongst the employees in Titaghur Jute Mills. He has, however, not produced any relevant papers of any such appointment or that his firm was really entrusted with any such job. None has deposed on behalf of the management either at the time of the departmental enquiry or at the time of the trial of the present case in support of this statement of A. Das. As O. P. W. 3 he has stated in his court that Titaghur Jute Factory engaged their services since 1957, but he has never stated whether on any other occasions their firm came to detect any other malpractice or corruption as such. There is no explanation whatsoever why the papers relating to the appointment of Shri Das's firm for the job has not been produced as evidence. At the time of the departmental enquiry, he has also stated that he received an information as to the malpractice of utilising the service of some labourers by the *Babus*. He does not disclose the source of his information nor does he produce any papers showing receipt of such information. He speaks of keeping two watchmen for the purpose but does not state the name of the watchmen who submitted the report on 20th April 1959 and 21st April 1959. Madhab Chandra Rakshit has stated that he submitted the reports on these two dates which was marked as Ext. A at the time of the enquiry. The report of Iswar Das Ojha marked Ext. B at the time of enquiry. These reports have never been produced at the time of trial of the present case, and there is no explanation for non-production of these reports. Shri Das also stated of submission of another, report by the other watchman, namely, Iswar Das Ojha but that report was never produced even at the time of the departmental enquiry. It is interesting to note that Iswar Dayal Ojha speaks of keeping watch only on 21st April 1959 and not on 20th April 1959 He also does not speak of submission of any report to Shri A. Das, he also does not at all mention of the other watchman Madhab Chandra Rakshit. No papers have been produced to show that Iswar Chandra Ohja and Madhab Chandra Rakshit were employed at the relevant point of time as watchmen by Shri Das's private detective firm. It is strange that Shri Das even before submission of the report to the management directly talked to the petitioner-workman as to utilising the services of Akloo for domestic purposes. Shri Das speaks of submission of report in writing and that report also has not been produced either at the time of the enquiry or at the time of trial of the present case. Shri Madhab Chandra Rakshit has clearly stated that Akloo was his target all along and he has not followed another person Anath by name, who also came out of the gate. This is only possible when a specific enquiry is being made and not at the time of looking after the general malpractice and corruption of the employees. There is no evidence, whatsoever, and that there was no request from the management as to specifically enquiring as to the alleged malpractice of the petitioner- workman employing the service of labourers under him. It has been ascertained from Akloo that he was made to make a statement at the Labour Office after he accompanied Shri Das and others on their orders. That statement also has not been produced at the time of the departmental enquiry or at the time of the trial of the present case. There is no explanation for non-production of this very important document, as admittedly in this document Akloo admitted the alleged guilt, it is the specific statement of Akloo at the time of the departmental enquiry that the abovesaid statement was obtained from him on the plea that he would be saved. Non-production of the statement would give rise to a presumption against the O.P. Company that the statement from Akloo was obtained on coercion and was not made out of his free will Iswar Dayal Ojha as O.P.W. 2 has stated in his examination-in-chief that he worked under the I. P. C. (P) Ltd. as a watchman for 3 years and he deposed on 23rd August 1960. At the time of the departmental enquiry, however, he said that he was working under Shri Das for last 1½ months and he deposed on 1st May 1959 This discrepancy would only go to suggest that Iswar Dayal Ojha is an available witness for Shri Das. Specific suggestion has been made against Madhab Chandra Rakshit. He speaks of serving under Shri Das for 3 months. On 1st May 1959 at the time of the departmental enquiry, and also who admits that he worked as a temporary store-clerk in Titaghur Jute Mills in March 1959, for about a week This goes to show Madhab Chandra Rakshit was employed before and after his temporary services in the Titaghur Jute Mills No. 2 under Shri Das and this would rather suggest of his being intimate with Shri Das. He also does not seem to be a reliable witness. There is no explanation why he has not deposed at the time of trial of the present case.

Non-production of various documentary evidence, the untowards zeal with which the alleged guilt was investigated even without any specific direction from the management, the complete absence of any evidence on behalf of the management as to employment of Shri Das and his concern for the purpose of investigating malpractice and corruption amongst the employees, the discrepancy between the evidence of Iswar Dayal Ojha and Shri Das on the one hand and Iswar Dayal Ojha and Madhab Chandra Rakshit on the other are clear indication to show that the prosecution evidence at the time of the departmental enquiry as well as at the time of the present case is not adequate and sufficient nor reliable and is rather an attempt to pick up evidence in support of the alleged guilt of the petitioner-workman. The petitioner-workman has examined 5 witnesses including himself at the time of the departmental enquiry. He has also denied the alleged guilt at the time of the trial of the present case. All the witnesses in support of the petitioner-workman have corroborated each other and the durwan Ramardh that Akloo went out with a gate-pass, it also stands proved that the Token Number produced by Akloo on 22nd April 1959 was that of the *Badli* workman Mahabir. This fact also gives credence to the case of the petitioner-workmen. On the existing evidence on record and on consideration of the facts and circumstances of the case, I find that the guilt of the petitioner-workman has not been established by adequate and sufficient evidence from reliable witnesses and therefore must be disbelieved

On the above discussion, the order of dismissal passed against the petitioner-workman is illegal, invalid and unjustified for violation of the principles of natural justice at the time of the departmental enquiry for also want of the adequate and sufficient evidence from the prosecution witnesses in support of the charge.

This point is so answered in the negative.

The petition therefore succeeds. The order of dismissal of the petitioner-workman is illegal, invalid and unjustified for non-compliance of the provisions of section 33(1), Industrial Disputes Act, and also for not holding a departmental enquiry in accordance with the principles of natural justice and also on merits because of want of adequate and sufficient evidence. The petitioner-workman therefore must be held to be continuing in service and reinstated with full wages for the entire period since his suspension, till he joins to his duties within two weeks from the date of receipt of a notice as such from the O.P. Company.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Electrical Manufacturing Co. Ltd., 136 Jessore Road, Dum Dum, Calcutta-28, and their workmen represented by E. M. C. Mazdoor Union, 296 Bangur Avenue, "B" Block, Jessore Road, Calcutta-28. (Case No. VIII-11 of 1966).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. BHATTACHARYYA, Judge.
Second Industrial Tribunal.

By order No. 226-I.R./IR/10L-7(B)/65, dated Calcutta, the 17th January 1966, Government of West Bengal in the Labour Department, referred an industrial dispute between Messrs. Electrical Manufacturing Co., Ltd., and their workmen represented by E. M. C. Mazdoor Union to this Tribunal for adjudication on the following issue:

Issue

Whether the suspension of Shri P. K. Roy without pay from 28th October 1964 onwards pending enquiry of the charge-sheet against him and his subsequent suspension for four days from 4th March 1965 as substantive punishment are justified? To what relief, if any, is he entitled?

After receipt of reference notices were served on both parties and they entered appearance and filed separate written statement.

The Union in their written statement filed on 26th May 1966, inter alia, contended that a great tension prevailed between the management of the company and its workmen due to management's refusal to meet the employees legitimate demands and the management pursued a policy of charge-sheeting, suspending and otherwise intimidating leading and influencial workmen. Shri P. K. Roy who was a fitter in the tool room of the company attached to the casting works at the time incurred displeasure of the management and on 20th August 1964 he was served with a charge-sheet falsely alleging that he had assaulted one Uday Bhan Rao, a helper in the tool room. Shri Roy was also suspended pending completion of the enquiry. Shri Roy in his reply to the charge-sheet denied the allegations and the company thereupon proceeded to hold an enquiry against him. Some of the purported witnesses including Uday Bhan Rao wrote to Works Superintendent, Casting Works, contradicting company's version of the case and one of the witnesses Bhuban Chandra Bhattacharya, even asserted that he had been compelled to submit a written report against Shri P. K. Roy and would like to withdraw the same. The enquiry came to be postponed from time to time and both the Union and the charge-sheeted worker protested against it. The so-called enquiry was never concluded and Shri Roy was not given any opportunity to produce witness in his defence nor was he given adequate facility in cross-examining the management witnesses. In this state of thing Shri Roy came to be informed that he was found guilty to the charges and was suspended for four days. The Union immediately protested againt this malafide and unlawful order and raised an industrial dispute over this matter. There were attempts at conciliation by the Labour Officer and Assistant Labour Commissioner, Government of West Bengal, without success. Hence the matter was referred to the Tribunal. The Union accordingly prayed for an award directing that the suspension of Shri Roy was unjustified and illegal and for an order on the company to pay full compensation to Shri Roy for the period of suspension pending enquiry as well as for the period of suspension which has been treated as substantive punishment.

The company in their written statement filed on 27th July 1966, inter alia, denied the other allegations and proceeded to state the circumstances leading to the suspension of Shri P. K. Roy for four days. They contended that Shri Roy was charge-sheeted in accordance with the certified standing orders of the company for alleged assault committed by him on another workman of the company and in pursuance of the Certified Standing Orders of the company he was suspended from service pending enquiry into the charges. As Shri Roy's explanation to the charge-sheet was found unsatisfactory he was asked to appear at an enquiry. Shri Roy was duly informed about the postponements of the dates of enquiry and the alleged letter of Uday Bhan Rao referred to in paragraph 8 of the Union written statement, according to Uday Bhan Rao was obtained from him under duress. The company contends that Shri Roy was present at the enquiry althrough, fully participated in it and was given every facility in the matter of his defence. The finding arrived at by the enquiring officer, according to the company was fully justified and Shri Roy was not entitled to any relief.

Appearances of the parties are as follows:—

For the Company: Shri J. N. Chatterjee, Legal Advisor, Indian Engineering Association.

For the Union: Shri Ramen Banerjee, Advocate.

Now the question for decision in this case is whether the suspension of Shri P. K. Roy without pay from 28th October 1964 pending enquiry into the charge-sheet against him and subsequent suspension for the period from 4th March 1965 for four days as substantive punishment is justified.

The Union examined three witnesses of whom (P.W. 1) Prosanta Kumar Bose is the Secretary of E.M.C. Mazdoor Union (P.W.2) Pijush Kanti Roy, the concerned employee, and (P.W. 3) Shyama Prosad Chatterjee, a Stenographer attached to Casting Works Department of the company for about 2½ years. The company likewise examined its Industrial Relations Officer B. N. Chatterjee (O.P.W. 1) who conducted the enquiry against the delinquent worker. The charge against Shri Roy is that he assaulted Uday Bhan Rao, a helper in the tool room and gave blows on his face on 28th October 1964 thereby committed misconduct within the meaning of sub-clauses (13) and (23) of clause 2, paragraph 16, of the certified standing orders of the company. Sub-clauses (13) and (23) run as follows:—

(13) "Riotous or disorderly behaviour, threatening, intimidating, coering other employee or employees, assault or threat or assult either provoked or otherwise, within the factory premises or outside."

(23) "Conduct within the factory which is likely to endanger the life or safety of any person."

According to Shri Roy (P.W. 2) he asked the helper Uday Bhan Rao to bring a glass of drinking water for him on 28th October 1964. Uday brought a glass of impure water to which he took exception when he (Uday) went away and reported against the witness. Immediately after that P. K. Roy was served with charge-sheet (Ex. A). Shri Roy replied to the charge-sheet on the same day denying the allegations. This reply has been marked Ext. B, but in the rely there is no mention that Uday Bhan Rao brought a glass of impure water to which he took exception. Shri Roy further stated in his evidence before the Tribunal that he never assulted Uday Bhan Rao or threatened to asult him on that day. The enquiry was conducted in his presence and the enquiry proceeding has been marked Ext. C wherein Shri Roy's signatures appear. According to Shri Roy he did not sign the enquiry proceeding on 9th he did not sign the enquiry proceeding on 9th January 1965 but the signature of P. K. Roy appearing against that date appears to be identical with his other admitted signatures appearing in the enquiry proceeding. Shri Roy in his examination admitted that he was present at the enquiry held on 9th January 1965 and signed the enquiry proceeding at the begining of day's proceeding but the signature of P. K. Roy at the end not his signature. Shri Roy did not choose to disclose at what stage of the proceeding he left the enquiry on that day and the written statement of the Union is silent on this point. Uday Bhan Rao was cross-examined at length in the domestic enquiry and according to the enquiry officer Shri Chatterjee, Assistant Secretary of the Union, was also present and represented the delinquent worker at the enquiry on that day. Shri Banerjee, the Assistant Secretary of the Union, was stated to have affixed his signature to the enquiry proceeding but was not produced as a witness to corroborate Shri Roy on this point. Adjournment of the enquiry proceeding which were commented upon were duly noted after intimation to the delinquent worker and some of those adjournments were at the instance of the delinquent worker himself as he wanted to have the assistance of a member of the Works Committee. I have carefully gone through the enquiry proceedings and I do not see how the allegations that he was not given every facility in the matter of his defence can be accepted. The signatures of Shri P. K. Roy are all admitted except one which to all intents and purposes must have been put by the delinquent worker himself, who was admittedly present at the enquiry on that day and yet he has come forward with a story that Uday Bhan Rao was not examined in his presence, although the cross-examination of Shri Rao appears on record and both Shri Roy and the Union Assistant Secretary affixed the signature. The enquiry proceeding undoubtedly show that there was some sort of incident and the delinquent worker also admits it in a way. According to him he chastised Uday Bhan Rao for bringing a glass of impure water for which Uday Bhan Rao reported against him to foreman and other superior officers, whereas according to the management the delinquent worker took Uday for task for this act and assaulted him with blows on the face for which he was charge-sheeted. I have carefully considered the evidence and I do not see any sufficient reason to differ from the finding of the enquiring officer. It is true that the defence witness produced a letter from Uday Bhan Rao wherein he purported to withdraw the complaint, but this was disowned at the hearing and the enquiring officer refused to accept that withdrawal petition for good and valid reasons. The enquiring officer was perfectly justified in holding Shri Roy guilty to the charges and recommended his suspension for four days without pay. It follows therefore that four days' suspension without pay is substantive punishment was perfectly justified and should not be recalled.

The qrestion now is whether the delinquent worker's suspension with effect from 28th October 1964 to 3rd March 1965 without pay is justified.

Management relied upon paragraph 16(3) of the certified standing orders which lays down the procedure for dealing with the cases of misconduct. This paragraph, inter alia, provides that:

> "When a workman is suspended before enquiry into the charges of misconduct against him the order of suspension shall be in writing and may take effect immediately on delivery to the workmen. Such order shall set out in detail the alleged misconduct and the workman shall be given an opportunity of explaining the circumstances alleged against him. The enquiry should be held as soon as possible and the workman shall have the option of having a fellow workman of the same establishment to represent him at the enquiry. If on an enquiry the order is confirmed, the workman shall be deemed to have been absent for the period of suspension and shall not be entitled to any remuneration for the period. If, however, the order is rescinded, the workman shall be deemed to have been on duty during the period of suspension and shall be entitled to the same wages as he would have received if he had not been suspended."

Now it is well settled that the employer has power to order suspension of a workman as an interim measure pending conclusion of enquiry into the misconduct. Reference in this connexion be made to the case reported in A.I.R. 1957, Supreme Court, page 82, A.I.R. 1961, Supreme Court, page 276, and A.I.R. 1959, Supreme Court, page 529. In the Burn & Co., case reported in 1959 (I, L.L.J.), page 450, Supreme Court observed that when a workman is placed under suspension pending enquiry into the misconduct charged against him, the ordinary rule is that his basic wage as well as his allowance are withheld for the time being until the final order at the conclusion is made. In such a case if the misconduct is proved and the order of termination of service is made against the workman he loses all right to wage and allowance as from the date of suspension and he has no right to claim from the employer any compensation for withholding his wages and allowance. In the Kesoram Cotton Mills' case reported in 1963 (II) L.L.J., page 37, Supreme Court went on to observe that if after an enquiry misconduct is proved and the workman is dismissed, he is not entitled to any wages for the suspension period but if the enquiry results in exoneration of the workmen, he is entitled not only to reinstatement but also to full wages for the suspension period, because in such a case the workman would be deemed to have remained in the service of the employer throughout the period of service. In the absence of any provision in the contract of employment or in the standing orders authorising such a suspension, the employer has no power to suspend a workman in the sense of forbidding him to work and stop payment during the period of suspension. Suspension pending enquiry, it is to be observed is only an interim measure and does not amount to a substantive punishment and can only be justified if it is authorised or sanctioned under the certified standing orders or the contract of employment. On behalf of the company reliance was placed upon the Supreme Court decision in Lakshmidevi Sugar Mill's case reported in 1957 (I) L.L.J., pages 17 and 24 where their Lordships approved the decision of the Labour Appellate Tribunal that suspension without pay pending enquiry as also pending permission by the Tribunal under the relevant section could not be considered a punishment and such suspension without payment would not only be an interim measure and would last till permission to punish the workman, is obtained. Having regard to the decisions cited above, I do not think that the standing orders in the instant case empowers the employer to withhold wages of the employee. All that the employer can do in a case of this description is that if the interim order of suspension is confirmed in the enquiry, employer can deduct or withhold pay and allowance of the delinquent worker. In the instant case the delinquent worker has been found guilty and a substantive punishment for four days was recommended and passed against him. The enquiring officer did not recommend for confirmation of the interim order of suspension and the management did not pass any such order. In the absence of any such express order as required in the certified standing orders quoted above, the management was not entitled to withhold wages, etc. of the delinquent worker. As the worker concerned was suspended for four days for the alleged misconduct, it would be unreasonable to hold that by implication the management wanted to confirm the interim order of suspension from 28th October 1964 to 3rd March 1965. The learned Advocate appearing for the company sought to contend that unless the interim order of suspension was rescinded, the worker was not entitled to be treated as on duty during the period of suspension. Even assuming it to be so, the order was neither expressly confirmed nor rescined and where it is neither expressly confirmed nor rescinded, the benefit in my view should go to the worker and not to the company. I therefore hold that the company is not entitled to withhold payment to the delinquent worker during the interim period of suspension from 28th October 1964 to 3rd March 1965, and to that extent the suspension is not justified. The worker is therefore entitled to get his pay and allowance for the period from 28th October 1964 to 3rd March 1965 but he will not be entitled to any pay or allowances from 4th March 1965 to 7th March 1965 which has been imposed on him as substantive punishment in this case.

This is the award of the Tribunal.

AWARD

The present reference under section 10 of the Industrial Disputes Act arises out of the Government of West Bengal, Labour Department, order No 269-I R./IR/10L/45-66, dated 24th January 1967, over a dispute between Messrs. Structural Engineering Works Ltd., 27 Barrackpore Trunk Road, Kamarhati, Calcutta-58, hereinafter described as the Company, and their workmen represented by Structural Enigneering Works Employees' Union, Chiriamore, S. N Banerjee Road, Barrackpore, 24-Parganas, hereinafter described as the Union, on the following issue :

Issue

Whether the lock-out from 28th April 1966 to 18th May 1966 was justified ? What relief, if any, are the workmen entitled to for the said period?

Notices were duly issued to the parties by this Tribunal The Union and the Company appeared The Union prayed for time to file written statement on 3 dates Sufficient opportunity was given for filing written statement but the workmen or the Union did not care to file any written statement in this case. The Company was directed to file the written statement thereafter The Company has filed a petition today that it is not able to file any written statement without knowing the case of the contention of the workmen at whose instance, the present reference was made The Company has, therefore, prayed that a 'No dispute' award may be passed.

This submission of the Company appears to be very reasonable. The present industrial dispute has been referred to this Tribunal at the instance of the workmen through the Union In spite of the repeated opportunities being given to the Union, no written statement was filed and no reason has been stated as yet why the workmen have failed to submit any statement. Without knowing the case of the workmen or the reliefs claimed, the Company cannot file its own written statement Moreover, in the circumstances, it appears that at present, the workmen have no interest in the dispute and I can very well presume that at present, no such dispute as mentioned in the order of reference, exists.

In the result, I hold that there is no industrial dispute at present and I dispose of the reference accordingly

LEGISLATIVE DEPARTMENT

NOTIFICATION

No. 2607 L.—6th July, 1967.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE INDUSTRIAL DISPUTES (WEST BENGAL AMENDMENT) BILL, 1967.

A

BILL

to amend the Industrial Disputes Act, 1947, in its application to West Bengal.

WHEREAS it is expedient to amend the Industrial Disputes Act, 1947, in its application to West Bengal, for the purposes and in the manner hereinafter appearing; Act 14 of 1947.

It is hereby enacted in the Eighteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Industrial Disputes (West Bengal Amendment) Act, 1967.

Application. **2.** The Industrial Disputes Act, 1947 (hereinafter referred to as the said Act); shall, in its application to West Bengal, be amended in the manner hereinafter provided.

Amendment of section 2 of Act 14 of 1947. **3.** In section 2 of the said Act, in clause (*j*), after the word "workmen", the following words shall be added, namely:—

> "and notwithstanding any decision of any Court to the contrary, shall also include any university, college, school and other educational institution, institute for carrying on research work, auditor's or solicitor's firm, and any other establishment as the State Government may, by notification in the *Official Gazette*, declare as industry".

The Industrial Disputes (West Bengal Amendment) Bill, 1967.

(*Clause 4.*)

Amendment of section 7.

4. In section 7 of the said Act, in sub-section (*3*),—

(*i*) in clause (*e*), for the word "years.", the words "years; or" shall be substituted;

(*ii*) after clause (*e*), the following clauses shall be added, namely:—

"(*f*) he is or has been a Magistrate of the first class for a period of not less than five years; or

(*g*) he has served for not less than five years in the Higher Labour Service under the State Government.".

STATEMENT OF OBJECTS AND REASONS.

In accordance with judicial pronouncements, universities and other educational institutions, solicitors' firms, research institutes, etc., are not "industries" under the Industrial Disputes Act, 1947. These are, therefore, outside the purview of the said Act and there is thus no machinery for settling disputes arising therein. This is not a happy state of affairs. Disputes or differences between the employers and the persons employed in such institutions or establishments are not uncommon and, in the absence of any machinery for promoting a settlement, they often lead to considerable unrest. It is considered necessary, therefore, to amend the Industrial Disputes Act, 1947, in its application to West Bengal, to bring the aforesaid institutions and establishments within the purview of the said Act. To guard against any other establishments remaining outside the purview of the Act, it is also necessary to give Government powers for bringing such establishments under the Act, when considered necessary, by a notification.

2. Difficulties are sometimes experienced in filling up the posts of Presiding Officers of the Labour Courts. Persons with requisite qualifications as laid down in the Industrial Disputes Act, 1947, are not always easy to find. To remove this difficulty, it is considered necessary to provide for appointment of First Class Magistrates and persons employed in Higher Labour Service with five years' experience as Presiding Officers of the Labour Courts.

3. The object of this Bill is to amend the Industrial Disputes Act, 1947, in its application to West Bengal, keeping the aforesaid purposes in view.

NOTIFICATION

No. 2608 L.—6th July, 1967.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons and the Financial Memorandum which accompany it, in the *Calcutta Gazette*, the Bill, the Statement of Objects and Reasons and the Financial Memorandum are accordingly hereby published for general information:—

THE RABINDRA BHARATI (AMENDMENT) BILL, 1967.

A

BILL

to amend the Rabindra Bharati Act, 1961.

WHEREAS it is expedient to amend the Rabindra Bharati Act, 1961 for the purpose and in the manner hereinafter appearing; **West Ben. Act. XXIX of 1961.**

It is hereby enacted in the Eighteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Rabindra Bharati (Amendment) Act, 1967.

Insertion of new section 6A in West Ben. Act XXIX of 1961. **2.** After section 6 of the Rabindra Bharati Act, 1961, the following section shall be inserted, namely:—

"Admission to privileges of the University. 6A. Any institution situated outside the State of West Bengal may, with the sanction of the State Government, apply to the University for admission to the privileges of the University, and such institution may, subject to such conditions and restrictions as the University may, with the approval of the State Government, think fit to impose, be admitted to the privileges of the University.".

STATEMENT OF OBJECTS AND REASONS.

Under the existing provisions of the Rabindra Bharati Act, 1961 (West Bengal Act XXIX of 1961), the Rabindra Bharati University is empowered to affiliate to itself or recognise institutions situated in the State of West Bengal in respect of subjects, namely, music, fine arts, dance and drama. The University has no territorial jurisdiction outside the State of West Bengal.

In order that the Rabindra Bharati University may be empowered to admit to the privileges of the University such institutions outside the State of West Bengal as may desire to be associated with the University, it is necessary to amend the Rabindra Bharati Act, 1961 in the manner stated in this Bill.

GOVERNMENT OF WEST BENGAL

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATION

No. 7-I.—27th June 1967.—The following draft of rules and schedule of rates and appendices which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor proposes to make for the supply of water under the Karatowa Irrigation Scheme in the district of Jalpaiguri are hereby published, as required by the proviso to section 99 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 7th August 1967 and any objection or suggestion with respect thereto which may be received by the undersigned before that date shall be duly considered.

RULES, SCHEDULE OF RATES AND APPENDICES

Leases for Kharif Irrigation

1. The country served by the canals of the Karatowa Irrigation Scheme in the district of Jalpaiguri shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for a Kharif irrigation may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

(i) Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

(ii) All leases within one block shall be so granted that they may expire on the same date.

(iii) No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which in the opinion of the Subdivisional Canal Officer will deliver water without waste across the unleased area.

4. The Superintending Engineer shall, from time to time, fix the gross area (i.e., the total area) for which and the limits of the canal within which leases for Kharif irrigation may be granted.

5. Maps of all villages in which lands have been brought under lease or in which there is any possibility of such leases being taken shall be kept in the Subdivisional Canal Office. These maps are to be at scale 32″=1 mile (F.P.S. scale map to be replaced by maps on corresponding metric scale), when such are available and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a Kharif irrigation either new or for renewal, shall be in writing in the prescribed form given in Appendix I to these rules to be obtained from the Subdivisional or Sectional Canal Office. It may be presented and shall be received either at the Subdivisional or at the Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct and shall ask his formal approval to the lease being proceeded with. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5. On receipt of the approval of the Divisional Canal Officer, the Subdivisional Canal Officer shall approach the Officer-in-charge of revenue collection work for the purpose of obtaining the detailed assessment and the latter shall in due course intimate the result of such assessment to the Subdivisional Canal Officer.

7. The Officer-in-charge of revenue collection work on being approached by the Subdvisional Canal Officer shall depute an Amin to prepare the Khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and Khasra. Should the survey map and Khasra be not availabue, the Amin shall make a sketch map and shall measure the areas of the holdings with a chain or measuring rod.

8. When the Amin has completed the Khasra he shall forward it to the Officer-in-charge of revenue collection work who shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the Khasra has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval under intimation to the Officer-in-charge of revenue collection work.

The Subdivisional Canal Officer shall then prepare a Khatian or abstract of the Khasra and shall have the form of application given in Appendix II to these rules, filled up and signed or marked by each of the applicants.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given in Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer. The Subdivisional Canal Officer shall then hold

a local enquiry regarding the statements of the persons who decline to sign the application and record his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign the application or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when the lands of the cultivators of the block who have signed the application are not less than 95 per cent. of the net irrigable area of the block. If, in special case, it is desirable to grant a lease even though the lands of the cultivators of the block who have not signed the application are more than five per cent. of the net irrigable area of the block, the Superintending Engineer may grant the lease by a written order, giving reason for the grant of such lease.

Leases for Rabi Irrigation

11. Applications for leases for supply of water for Rabi irrigation to irrigate spring rice or other crops between the 16th November and the 15th June may be presented at Subdivisional Canal Officer or to the Sectional Officer. They shall be in the form given in Appendix IV to these rules.

In the applications the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix V to these rules shall be granted by the Subdivisional Canal Officer if he is able to supply the water for such irrigation.

Supply of water

12. The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

13. No water shall be supplied to any lands except such as have been brought under lease for Kharif or for Rabi irrigation.

14. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such supply to each lessee as may be necessary for the lands noted in the lease. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

15. The Divisional Canal Officer may give the required supply of rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of Water Rates

16. The rates due for water supplied shall be collected by the Officer-in-charge of revenue collection work through Tahsildars and other staff. All Khatians or demand statements shall be signed by the Officer-in-charge of the revenue collection work after scrutiny in his office.

17. Each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Officer-in-charge of revenue collection work for the purpose.

18. Each person on paying the amount due from him shall be given a receipt in the form prescribed for the purpose.

19. For the purpose of account and control over establishment and of general administration, the Officer-in-charge of revenue collection work shall be directly under the Additional District Magistrate, Estate Acquisition, of the district. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Officer-in-charge of revenue collection work shall also be subject to the control of the Additional District Magistrate, Estate Acquisition, of the district.

Unauthorised use of water and waste of water

20. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), proceedings shall be instituted only under the direct order of the Divisional Canal Officer. The primary record of the facts regarding unauthorised use or waste of water shall be made by the Subdivisional Canal Officer or his subordinates. The parties reported to be using water in an unauthorised way or wasting water shall be called up to show cause why they should not be assessed for payment of water rates. The record of their statements shall be made by the Divisional Canal Officer or by the Subdivisional Canal Officer as the case may be. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reason for or against assessment, both as regards the facts and as regards the law, and he shall determine the rate to be charged subject to the provisions contained in the schedule of rates attached to these rules.

21. Should the Divisional Canal Officer decide that assessment should be made, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him and an abstract of the demand or Khatian shall be sent to the Officer-in-charge of the revenue collection work, who shall then proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the statement of the dues may be furnished to the person assessed and the date shall be endorsed on it.

22. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a canal officer or a subordinate officer employed on the canal. During the Kharif irrigation the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and Applications

23. All complaints or applications with respect to the supply of water, defective drainage or administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Office.

Complaints or applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

When such complaints or applications are presented to the Sectional Canal Officer, he shall forward the same to the proper office.

24. All complaints or applications with respect to correctness of the assessment shall be received at the office of the Officer-in-charge of the revenue collection work.

25. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

26. The officer receiving the complaint or applications shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

27. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or the applicant.

The copy of the order may be sent by registered post, if this is convenient.

The period within which an appeal may be presented under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the copy of the order is received by the person.

28. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water rates be suspended till the appeal is heard.

29. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alteration of demand

30. Wherever the crop on land entitled to supply of water suffers material injury from insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Collector on the recommendation of the Divisional Canal Officer, provided that the person claiming remission has applied for such remission not less than fifteen days before the reaping of the crop.

31. Should the crop on lands under lease either for Kharif or for Rabi irrigation suffer material injury from excess of water due to deficient drainage, the Collector on the recommendation of the Divisional Canal Officer may grant remission for that year of the rates due on such lands in whole or in part, provided that the person asking for remission has applied for such remission at least fifteen days before the reaping of the crop.

32. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Collector.

33. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Officer-in-charge of the revenue collection work, provided that no change involving any increase or decrease in the total area under lease shall be made, without the concurrence of the Divisional Canal Officer.

34. Remissions of water rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under special orders of the State Government.

Irrecoverable demands

35. The writing-off of these demands which are reported, after due enquiry by the Divisional Canal Officer or the Officer-in-charge of the revenue collection work, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death or owing to the defaulter having absconded may be sanctioned by the Collector, Commissioner or the Board of Revenue, as the case may be subject to the monetary limits fixed by the Board of Revenue.

Cultivators' Representatives

36. Whenever the application for lease for Kharif irrigation has been approved by the Divisional Canal Officer, the Officer-in-charge of the revenue collection work shall, with concurrence of the Subdivisional Canal Officer, select as representative or representatives of the cultivators suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

37. The person or persons so selected shall be required to give assistance to the Canal Officers or the Officer-in-charge of revenue collection work in respect of the following matters, namely:—

(i) in the preparation of applications for leases;

(ii) in the measurement of irrigated lands;

(iii) in recording the names of the occupiers of the holdings;

(iv) in receiving demand statements and distributing to the cultivators the individual notices of assessment;

(v) in attending, when required, at enquiries into complaints;

(vi) in reporting to the Junior Land Reforms Officer any changes in the occupancy of lands under lease; and

(vii) in assisting the Tahsildar in collecting rates.

38. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the lease area subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow in whole or in part this free irrigation, and may issue order to recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 37 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

39. The Divisional Canal Officer and the Officer-in-charge of the revenue collection work shall maintain in their respective offices a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

40. Applicants for lease for Rabi irrigation shall from among themselves nominate one having a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 37 and shall be entitled to free irrigation on the same terms as mentioned in rule 38.

Power to decline or cancel leases

41. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be declined or cancelled with effect from the 1st of July next following. The order to decline or cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

42. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realising the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

LOCAL SELF-GOVERNMENT DEPARTMENT

NOTIFICATION

No. 4079/M3R-33/66.—8th June 1967.—Whereas the Commissioners of the Contai Municipality in the district of Midnapore have made the following rules under sub-section (1) of section 69 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and have applied to the State Government for confirmation of the said rules under section 506 of the said Act;

And whereas—

(a) notice of the intention to apply for such confirmation of the said rules has been duly given one month before the making of the application for confirmation as required under clause (i) of sub-section (2) of section 506 of the said Act, and

(b) for one month before the making of the application a copy of the said rules has been kept at the office of the Commissioners of the said Municipality and has been open during office hours thereat to the inspection of the inhabitants of the said Municipality, without fee, as required by clause (ii) of sub-section (2) of section 506 of the said Act;

Now, therefore, the Governor is pleased, in exercise of the powers conferred by section 69(1) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), to approve and in exercise of the power conferred by section 506 of the said Act to confirm the following rules, namely:—

RULES FOR THE MANAGEMENT OF PROVIDENT FUNDS MAINTAINED BY THE CONTAI MUNICIPALITY

1. In the following rules:—

(a) "Salary shall comprise monthly substantive pay, special pay or any allowance drawn during leave of any kind and includes acting charge, personal, deputation or duty allowance, if any, but shall not include local or travelling allowance."

[As amended by circular No. 21LSG, dated the 30th April 1917.]

(b) "Servant" includes every non-pensionable employee holding a substantive appointment under the district board/municipality but excludes those who are or may in future be treated by Government as non-pensionable if in Government service:

Provided that the persons to whom the existing pension and gratuity rules issued under Government Circular No. 16LSG, dated the 19th March 1903, are applicable, may in lieu of enjoying the benefits of these rules elect to come under the Provident Fund Rules at their option. The option once exercised shall be final:

Provided further that all officers in temporary service are, with the consent of the board/municipality embodied in a formal resolution at a meeting, eligible to subscribe to the fund, if they have been employed or, in the opinion of the board/municipality, are likely to be employed for at least three years:

Provided also that persons appointed on probation to substantive appointments or appointed to officiate in an office which is vacant, or the permanent incumbent of which does not draw any part of the pay or count service may, if they are confirmed without interruption, be allowed to join the Provident Fund with retrospective effect from the date of their joining the service. The monthly subscriptions to the fund shall not, in such a case be less than 10 per cent., on the salary of the officer till all arrear subscriptions are paid up:

Provided further that a servant, while on temporary transfer to service under some other local fund or Government may also subscribe to the Provident Fund.

[As amended by circular Nos. 2503-2507LSG, dated 11th July 1927, and memorandum No. 503(5)LSG, dated the 27th March 1945.]

(c) "Depositor" means a servant on whose behalf a deposit is made under these rules.

(d) "Interest" means the interest which is paid on a deposit at a Government Savings Bank under the rules in force for such institution, and includes that allowed on Government and other securities.

[As amended by circular No. 25LSG, dated the 25th July 1917.]

(e) "Due notice of resignation of appointment" means—

(i) in the case of servants drawing Rs. 200 a month and over, three months; and

(ii) in the case of all other servants, one month.

2. **Rate and realization of subscriptions.**—Every servant shall be required to subscribe at the rate of 6¼ per cent. or one anna in the rupee on his salary to a Provident Fund, of which an account will be opened at the Post Office Savings Bank. This deduction shall be made by the board/municipality upon every salary bill presented, and the net salary only shall be paid to the servant. In making this deduction fractions of a rupee of salary should be omitted. The subscription of a servant, while on temporary transfer to service under some other Local Fund or Government shall be calculated on his assumed pay [Articles 767 and 768, Civil Service Regulatios, Fifth Edition (Reprint)], and it will be the duty of the servant on transfer to remit the subscription to his original employer for credit to the Provident Fund.

A servant who desires to subscribe during leave must notify his intention beforehand, in order to allow of the deductions from his leave allowances being noted in his leave and pay certificate. He will not be permitted to discontinue subscribing during leave.

A servant who fails to notify his intention to continue to subscribe, when proceeding on leave, can subsequently pay his subscription in cash.

3. **Prohibition of voluntary deposits.**—No voluntary deposits from servant will be credited to the Provident Fund.

4. **Subscription during leave and suspension.**—Subscriptions on leave of any kind will be optional. They will be calculated on the allowances admissible during leave.

A servant on reinstatement, after a period passed under suspension, may be allowed the option of subscribing for that period. In the case of a servant who exercises the option of subscribing to the Fund during leave without allowances, or on reinstatement after a period passed under suspension without allowances, it is left to the discretion of the Chairman to determine in each case the amount on which subscription should be paid, the general principle to be observed being that the subscription should be calculated on half the salary last drawn by the servant before he proceeded on leave without allowances, or was placed under suspension without allowances.

5. **Contribution by the Municipality/Board to deposit account of each servant.**—It shall be competent to the board/municipality to make contribution to the deposit account of each servant equal to, but not exceeding, the deduction/one-half on the deduction made from his salary under rule 2: Provided that, if the total of the contributions shown in the bill on which a remittance is made to the Savings Bank contains a fraction of a rupee, it shall be increased to the next highest rupee by an addition to the bill of the difference between this fraction and unity. These provisional increases in the contribution will be shown in the abstract of balance until adjusted at the close of the year (*see* rules 20 and 21 below), but they will not appear in the depositor's ledger accounts.

No contribution shall be made by the board/municipality on the subscription paid by the depositor for any period during which he had been on suspension as a penalty for misconduct or other offences.

It will be optional with the board/municipality to contribute for an employee while on temporary transfer to service under some other Local Fund or Government.

5A. **Additional contribution.**—(1) When any servant retires or dies who has subscribed to the Provident Fund and has, for not less than 15 years, rendered continuous good service, the district board/commissioner, may grant to him or to his estate from the district/municipal fund an additional contribution which should, if the finances of the board/commissioners permit, be calculated at the rate of half a month's pay for each complete year of service rendered by him, subject to a maximum of 15 months' pay:

Provided that the district board/commissioners at a meeting shall be competent to pay the additional contribution with the sanction of Government if the period of service of an employee falls short of 15 years by not more than one year.

(2) If such servant has died before retirement or after retirement but before receiving the contribution, the contribution shall be paid in the manner laid down in rule 14.

(3) For the purpose of this rule—

(a) "Retirement" means retirement—

(i) on attaining the age of 55,

(ii) at a later age, if an extension of service has, been duly sanctioned, and

(iii) at an earlier age, on account of physical unfitness, illness, abolition of an appointment or any other reason considered adequate by the board/commissioners, provided that, if the retirement be voluntary retirement or resignation, it must be with the consent and approval of the authority empowered to appoint the servant.

(b) "Continuous Service" includes any authorised leave of absence whether with or without allowances and any overstayal of leave that was condoned at the time by the board/commissioners.

(c) "Pay" means substantive pay (i.e., the pay other than special pay, personal pay or other emoluments classed as pay), to which an employee is entitled on account of a post to which he has been appointed substantively, or by reason of his substantive position in a cadre.

(d) When the complete years of service rendered are being calculated, periods spent on leave other than privilege leave or leave on full average pay shall be excluded.

(4) An additional contribution cannot be claimed by any subscriber to the Provident Fund as a matter of right. It should be granted at the discretion of the board/commissioners only to those subscribers whom they consider deserving.

[Added by Government order No. 502(5)LSG, dated the 27th March 1945, as subsequently amended by Government order No. LSG 1924/46/3P(5), dated the 6th June 1947.]

6. **Investment.**—The deductions under rule 2 and the contributions under rule 5 shall be paid to the Post Master for credit to the account of the Provident Fund in the Savings Bank. The payment of the deduction shall be debited in the accounts to the same head as the salary, and the contributions shall be charged to the service head "Miscellaneous", sub-head "Provident Fund Contributions". The remittances to the Savings Bank should, whenever possible, be made between the 1st and 4th of each month in order that interest may accrue for the month of deposit.

7. (1) Deposits on account of the Provident Fund of the Local Fund employees may be made under rule 44(e) of the Savings Bank Rules (*see* Indian Postal Guide, April 1917); the usual limitations of the total amount at credit of each account do not apply to such deposits [rule 44(g)]. When the investment of any portion of the amount of the balance at credit of the account is found desirable the amount shall, on application by the Chairman, be withdrawn, and the investment shall be made, either through the Postal authorities or through other agencies, as may be deemed convenient by the Chairman in Government loans, Municipal Debentures or Port Trust Bond of Calcutta, Rangoon, Bombay, Madras or Karachi, or in fixed deposit in the Imperial Bank of India or in a Co-operative Bank specially approved for the purpose of the Registrar of Co-operative Societies, provided that in case of investment in a Co-operative Bank at least three-fourths of the subscribers are in favour of such investment.

(2) The interest will be drawn by the Post Office in the case of investment through postal authorities, or by the Chairman in case of investment through other agencies, and credited in the Savings Bank account.

(3) The actual cost of purchase of such securities or the amount of such fixed deposits shall be added to the balance in the Savings Bank to obtain the total balance of the Provident Fund ledger. When any such securities are sold or any loss of such fixed deposits is caused by the failure of the Bank in which such deposits are made, the net gain or loss shall be added to or deducted from the net excess interest calculated for that year [*see* rule 21(1)] before apportioning such interest among the depositors as set forth in that rule.

[Amended by circular No. 25LSG, dated the 25th July 1917, Nos. 1875-1880LSG, dated the 21st June 1920, and Nos. 1471-1475LSG, dated the 2nd May 1928.]

8. **Advances for special purposes.**—(1) No final withdrawal will be allowed until the depositor quits the service or dies; but when the pecuniary circumstances of a depositor are such that the indulgence is absolutely necessary, a temporary advance may be allowed from the sum at his credit with the sanction of the Chairman of the board/municipality when the depositor draws a salary below Rs. 50 and that of the board/commissioners of the municipality at a meeting when his salary is Rs. 50 or over. Such an advance shall not exceed the amount subscribed by the depositor, except in special cases, e.g., when the necessity for the advance is great and the sum subscribed by him is insufficient for the expenses to be incurred.

[Amended by circular No. 21LSG, dated the 30th April 1917.]

(2) The following are examples of occasions on which the grant of advances may be considered, provided the circumstances are exceptional:—

(a) to pay expenses incurred in connection with the illness of a depositor or any of his dependants;

(Amended by circular Nos. 700-704LSG, dated the 13th February 1931.)

(b) to pay for the passage of any dependant of a depositor coming from beyond the sea to join him, or requiring to make a journey beyond the sea for some urgent cause; and

(c) to pay expenses in connection with marriages, funerals or ceremonies which by the religion of the depositor it is incumbent upon him to perform, and in connection with which it is obligatory, that expenditure should be incurred.

Note.—Advances, though not confined rigidly to the objects laid down in clauses (a) to (c) above, should be made with due regard to the principle expressed in clause (1) of this rule as illustrated by the foregoing examples. The order sanctioning the advance should state the specific purpose for which the advance is granted.

(3) Advances will be recovered at the discretion of the authority sanctioning them, in not less than 12 instalments or more than 24. A depositor may, however, at his option make repayment in less than 12 instalments or may repay two or more instalments at the same time. Recoveries will commence from the first payment of the full months' salary after the advance is granted, or (in the case advances to an officer going on leave) after the officer's return from leave. The instalments will be paid by compulsory deduction from salary, and will be in addition to the usual subscription.

Amendments

Memo. No. 5398/M3R-54/54(3), dated the 29th June 1955.

The first proviso to sub-rule (3) of Model Rule 8 referred to above should be treated as deleted.

2. The word "further" in the second proviso to the said sub-rule should also be treated as deleted.

3. The district boards and the municipalities within his Division may be informed of these amendments.

Provided that if in the opinion of the Chairman of the board/municipality, the recovery of an ordinary advance in 24 instalments is likely to cause excessive hardship, recovery may be made in not more than 36 instalments with the sanction of the Commissioner of the Division in the case of a district board and of the District Magistrate in case of a municipality.

[Added by circular No. 1190/46/2C(5), dated the 6th January 1947, and No. 2P/2/49/13, dated the 19th May 1949.]

(4) When an advance is paid to a depositor in excess of the amount shown against him in column 9 of the Provident Fund ledger (a portion of his sum having been invested in postal cash certificates), a minus balance should be shown in red ink in column 9 till it is wiped off by subsequent payment of subscription, contribution, etc.; and similarly a minus entry in red ink should be made in column 12 of the ledger for interest at 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank on the debit balance in column 9. If, however, the advance is to be paid by the sale of a portion of the investment either in Government promissory notes, war bonds or postal cash certificates, etc., the loss, if any, by this sale should be recovered from the depositor taking the advance.

[Added by circular Nos. 1088-1092LSG, dated the 19th March 1924, as amended by circular Nos. 129-133T LSG, dated the 25th May 1927, and amended by circular Nos. 3294-3298M, dated the 4th June 1935.]

(5) When an advance is repayable as regards principal is not more than 12 instalments, an additional instalment representing interest and equivalent to 3 per cent. of the total amount of the advance should be paid in the month following that in which the last instalment is paid. Similarly two additional instalments representing interest each equivalent to 3 per cent. of the total amount of the advance should be paid when the advance is repayable in more than 12 instalments. In either case, the instalment of interest, when realized, should be credited to the account of the depositor himself.

[Added by circular Nos. 1088-1092LSG, dated the 19th March 1924, as amended by circular Nos. 129-133T LSG, dated the 25th May 1937.]

8A. In the following cases a depositor may be permitted to withdraw the deposits up to 90 per cent. of his own subscriptions with interest at his credit before the actual date of his retirement on the conditions laid down against each:—

(1) A subscriber proceeding on leave preparatory to retirement, at any time between the date of his proceeding on leave and the date of retirement subject, however, to the condition that he will be required, should he return to duty at the end of his leave, to repay to the bond in one or more instalments the whole amount withdrawn by him with interest thereon, unless his active service actually terminates within six months.

(2) A subscriber who produces a medical certificate of incapacity for further service, at any time between the date of his producing such certificate and the date of retirement.

In both the cases referred to above the previous sanction of the board or the commissioners at a meeting should be obtained and no refund shall be made until the Chairman after due enquiry certifies that no dues are outstanding against the depositor.

[Added by circular Nos. 2036-2040LSG, dated the 7th May 1934.]

9. **Withdrawals on retirements.**—(1) When a depositor in permanent employ ceases to be a servant of the board/municipality by resignation, retirement, reduction of establishment, or by permanent transfer to service under some other local fund or to Government service, the board/commissioners of the municipality at a meeting shall cause the amount standing to his credit (i.e., the deposits and contributions with interest thereon) to be withdrawn and, subject to rule 17, to be handed over to him, unless the board/municipality has received notice of an assignment made before the 18th February 1928, affecting the disposal of the amount or any portion of it. Should such notice have been received, the board/municipality will hand over to the depositor only that portion of the amount which is not affected by the assignment or by the operation of rule 17 and will depose of the balance after taking the opinion of the Legal Remembrancer through the District Officer:

Provided that in the event of a depositor being directly appointed by the Local Government as Assistant Director of Public Health or Director of Public Health Laboratory, the amount standing to his credit in the Provident Fund maintained by the board/municipal commissioners may, if he so desires, be transferred to his credit in the Contributory Provident Fund maintained by the Local Government.

[As amended by circular Nos. 700-704LSG, dated the 13th February 1931, and added by circular Nos. 3294-3298M, dated the 4th June 1935.]

(2) A depositor holding a temporary appointment may, subject to the same conditions, either withdraw the amount on the termination of his appointment or leave it in the Fund to be withdrawn at the time he finally quits the service.

(3) If in the opinion of the Chairman of the board/municipality the withdrawal of interest from the Savings Bank would unduly trench upon the deposits at credit of the other depositors, the interest shall not be paid at once from the Provident Fund, but be temporarily advanced from the funds of the board/municipality. The advance shall be adjusted when the difference between the total of the ledger balance and the balance of the Provident Fund in the Pass Book may be withdrawn from the Savings Bank under rule 21.

(4) In the case of final withdrawal of the entire balance standing to the credit of a depositor on retirement or otherwise, the fraction of a rupee, if any, may be advanced temporarily from the funds of the board/municipality. The advance shall be adjusted when the difference between the total of the ledger balance and the balance of the provident fund in the Pass Book may be withdrawn from the Savings Bank under rule 21.

[Amended by circular No. 319(5)M, dated the 18th February 194T.]

10. **Disposal on depositor's death.**—Each depositor will, as soon after he joins the Fund as possible, be called upon by the Chairman, of the board/municipality to furnish a "Form of Declaration" showing how he wishes the amount of his accumulations to be disposed of on his death. A specimen of this form will be found at the end of these rules.

11. An adopted child shall be considered to be a child for the purpose of these rules when, under the personal law of the depositor, adoption is legally recognised as conferring the status of a natural child, but in this case only. If doubts arise in an individual case, the board/municipality will take the opinion of the Legal Remembrancer through the District Officer and his opinion shall be final for the purposes of these rules. A declaration in favour of an adopted child is made at the depositor's risk and can be challenged at any time.

[As amended by circular Nos. 1876-1880LSG, dated the 21st June 1920, and Nos. 700-704LSG, dated the 13th February 1931.]

12. A depositor may in his declaration provide for the distribution of a portion only of the amount. Thus the Form of Declaration may mention a specific sum or a specific proportion of the total amount. The disposal of the balance will be governed by rule 14.

Any Form of Declaration submitted by a depositor is revocable at any time and from time to time. A fresh declaration shall, subject to rule 13, be operative only on being received by the Chairman of the board/municipality. On a depositor's marriage, or remarriage, any declaration already submitted by him will forthwith become null and void and, unless a revised Form of Declaration is received, the amount of his accumulations will be dealt with under rule 14.

If minors are nominated in a Form of Declaration, the person or persons to whom sums intended for their benefit are to be paid, should be stated in the Form of Declaration.

[As amended by circular Nos. 700-704LSG, dated the 13th February 1931.]

13. In the event of the depositor having a dependant, he is not permitted in his Form of Declaration to leave the amount of his accumulations or any part of it to any one who is not his dependant. Where a Form of Declaration purports to leave money otherwise than to a depositor's dependant, the Chairman of the board/municipality shall call upon the depositor to state whether he has a dependant, and it is found that he has one the Form of Declaration shall not be accepted. A depositor who has dependants has absolute discretion regarding the distribution of the amount at his credit at the time of his death among those dependants. He may exclude any one or more of them in favour of another or others of them and the manner in which the distribution is to be made among them is also within his absolute discretion.

[As amended by circular Nos. 700-704LSG, dated the 13th February 1931.]

14. The disposal of the balances at credit of deceased depositors is regulated by section 4(1) of the Provident Funds Act, 1925.

[As amended by circular Nos. 700-704LSG, dated the 13th February 1931.]

15. (Cancelled by circular Nos. 700-704LSG, dated the 13th February 1931.)

16. The board/municipality will not be bound by, or recognise, any assignment or encumbrance executed or attempted to be created which affect the disposal of the accumulations of a depositor who dies before retirement.

[As amended by circular Nos. 1876-1880LSG, dated the 21st June 1920.]

17. **Withdrawal of contribution and deduction from deposit.**—If a servant is dismissed, or removed, or called upon to resign on account of misconduct, or inefficiency or resigns without due notice, or is made liable for any losses, damages, costs and expenses which the board/municipality may at any time pay, sustain or be put to by reason of any act of embezzlement or default of or by such servant, the board/municipality may, with the sanction of the Commissioner of the Division, withhold all or any part of the contribution allotted to him with the interest accrued thereon, and pay to the servant only the balance to his credit without such contribution and the interest thereon. If a servant is permitted to resign under any other circumstances then those mentioned in the last sentence before he has rendered five years' complete service, the board/municipality may, with the sanction of the Commissioner of the Division, withhold a portion of the contribution allotted to him with interest bearing the same ratio to the whole amount so contributed with interest thereon, as the number of years required to complete a service of five years bears to five years.

[As amended by circular Nos. 700-704LSG, dated the 13th February 1931.]

18. (Cancelled by circular Nos. 700-704LSG dated the 13th February 1931.)

19. Any contribution and interest thereon withheld from a servant shall be credited to the District/Municipal Fund.

[As amended by circular No. 21LSG, dated the 30th April 1917.]

20. **Provident Fund Ledger and Abstract of Balance.**—A Provident Fund ledger in the following form having a separate page for each depositor's account will be maintained in the board's/municipal office:—

When Post Office Five-Year Cash Certificates are purchased out of the balance, in the Savings Bank, the proportionate share of each depositor shall be fixed and the amount shall be deducted from the amount against his name in column 9 and entered in column 14 of the ledger until the cash certificate matures or is cashed. [Amended by circular Nos. 3294-3298M, dated the 4th June 1935 and circular No. 319(5)M, dated the 18th February 1941.]

21. (1) Calculation of the interest due on each account shall be made at the rate of 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank per annum for each calendar month on the lowest balance at credit of an account between the closing of the fourth day and the end of the month. The yearly interest thus calculated on each account shall be entered in column 16 of the abstract of balance prescribed in rule 20.

In sub-rule (1) of rule 21, for the third sentence of the said sub-rule beginning with the words, "As soon, after the 30th of April" and ending with the words, "as the nearest hundred", *substitute* the following:—

> "As soon, after the 30th of April, as the interest for the previous year is added by the Post Office to the principal of the fund and the interest an investment through other agencies is drawn by the Chairman and credited in the Savings Bank account [see rule 7(2)], the difference between the total yearly interest calculated at the aforesaid rate of 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank and entered in the depositor's accounts, as shown in column 16 of the said abstract of

balances, and the total interest actually received for the year shall, together with the gain or loss by the sale of Government securities, if any, during the year [see rule 7(3)] be shared by those depositors whose credits in the Provident Fund exceed Rs. 100 in proportion to their balances on the 31st March:

Provided that, for the purpose of calculating and adjusting against each depositor's account his share of the gain or loss on account of interest, the total balance at the depositor's credit shall be taken as the nearest hundred.".

(2) In the case of the Post Office Five-Year Cash Certificates the total amount received from the Post Office shall be apportioned to each depositor, when the cash certificate matures or is cashed, in the proportion fixed at the time of purchase.

(3) If any payment has to be made during the year on a depositor's account the interest calculated monthly at 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank on that account shall be added to the principal in column 9 (see form in rule 20), and for his proportionate share in the Post Office Cash Certificates, the amount due as calculated from the figures given at the back of the cash certificate shall be added.

(4) The provisional increase to contributions under rule 5 or the temporary advance under sub-rule (4) of the rule 9 shall be credited to the board/municipality as a miscellaneous receipt. If, however, the total of the provisional increase and temporary advance is, or contains, a fraction of a rupee, this fraction of a rupee shall be left in the Savings Bank for adjustment at the close of the following year. When the balances have been thus compared and adjusted, the ledger account of the next year shall be opened.

[As amended by circular No. 11LSG, dated the 4th January 1918, Nos. 1876-1880LSG, dated the 21st June 1920, and Nos. 3294-3298M, dated the 4th June 1935, and No. 319(5)M, dated the 18th February 1941.]

22. A copy of his ledger account signed by the Vice-Chairman shall be given to each subscriber after the annual comparison and adjustment of balances. Subscribers must satisfy themselves as to the correctness of these accounts, and unless errors in them are brought to the notice of the Vice-Chairman within one month from the date of their receipt, no claim based on such error will be subsequently recognised.

[Prescribed by circular Nos. 380-384LSG, dated the 22nd September 1915.]

23. **Dead Accounts.**—On a depositor leaving the service his account shall be closed, and unless the amount at his credit be withdrawn within a certain period, viz.,—

for balances of Rs. 10 and under, one year, and
for balances over Rs. 10, three years,

it shall be written off as a dead account, and repaid only under the orders of the Commissioner of the Division. The fact that the account has been closed will not operate as a bar to the interest being credited to the depositor's accounts, i.e., the interest accruing until the amount of deposit is withdrawn for payment to the depositor or his heir, or, under rule 24, will be added to the deposit.

[As amended by circular No. 25LSG, dated the 25th July 1917.]

24. When accounts become "Dead" they must be removed from the Provident Fund Ledger and be credited in the Cash Book as a miscellaneous receipt, the money being drawn out of the Savings Bank. On an amount being thus written off, it should be entered in a "Dead Account" register, in which subsequent repayment shall be noted in order to avoid a double payment.

25. **Procedure.**—The Chairman of the board/municipality concerned will endeavour to secure from all depositors on their first joining the Fund the submission of the Form of Declaration prescribed in rule 10. If a depositor desires to revise his Declaration he should apply to the Chairman of the board/municipality for the necessary form. All such Declarations still in force shall be carefully recorded in the personal custody of a responsible officer.

[As amended by circular Nos. 1876-1880LSG, dated the 21st June 1920.]

Paharpur Timber Private Ltd., 1/B Judges Court Road, Calcutta-27 and their workmen represented by Paharpur Timber Mazdur Sabha, 7/B Rani Rashmoni Road, Calcutta-13, regarding the matters specified in the Schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by Notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the period from 19th October 1963 to 18th December 1963 will be treated as strike or as lockout? To what relief, if any, are the workmen entitled for the period?

In pursuance of the notices issued in both the cases parties appeared and filed their respective written statements. As the issues in the two cases were inter-related, my Predecessor-in-Office passed an order for analogous hearing of the two cases. After several adjournments at the instance of the parties the cases were taken up for hearing on 9th February 1967. On that date as also on 10th February 1967, 13th February 1967, 15th February 1967, 23rd February 1967, 24th February 1967 and 16th March 1967, union led evidence, and 18th March 1967 was fixed for Company's evidence. On 18th March 1967 one witness for the Company was examined and cross-examined in part and the case was adjourned to 18th April 1967 for further examination and cross-examination of Company's witness. As on 18th April 1967 the court was engaged in a part heard case, the case was adjourned to 19th April 1967 for hearing. On the prayer of the union the case was adjourned to 1st June 1967 for examination and cross-examination of company's witnesses. This day (31st May 1967), however, parties filed a joint petition in both the cases stating that they have settled disputes under reference on terms mentioned in the petitions and praying for award in terms of the petitions. They also filed a petition praying for passing an award this day.

The joint petitions were signed by Shri J. Pandey, President, Shri Janab Ainul Haque, Vice-President, Shri Ajit Ghosh, General Secretary, Shri Kalipada Baidya, Assistant Secretary, and Shri Tarak Singh, Assistant Secretary for the union and by Shri D. Bhattacharjee, Factory Manager, Shri G. N. Singh, Office Superintendent, Shri T. K. Jagdeesh, Labour Adviser and Shri N. K. Mukherji, Advocate for the Company. I have heard the parties' representatives viz., Shri Pandey for the union and Shri N. K. Mukherji, Advocate for the company and also persued the terms of compromise as embodied in the joint petition. The terms appear to me quite fair, legal and reasonable, and I am satisfied that the industrial disputes under reference have been amicably settled on terms mentioned in the two petitions. Accordingly in terms of the joint petition a compromise award covering both the cases is passed. The joint petitions do form part of the award as Annexures 'A' and 'B'.

This is my award.

Issues

1. Scales of Pay and Dearness Allowance.
2. Gratuity.
3. Supply of Firewood.
4. Festival Holiday.
5. Proposed retrenchment of 85 workmen as per list attached.

Both parties desired to settle the above issues amicably out of court. Hence after protracted negotiations a settlement has been arrived at on following terms and conditions:

5. **Terms of settlement:**

A. **Regarding Wages.**—

I. *Minimum Daily Basic Wages and incremental scales.*

It is agreed that effective from 1st April 1967 the minimum daily basic wages and the incremental scales shall be as under:

Unskilled—Rs. 1/50-0/10p-Rs. 2/0/10 p Rs. 2/50.
Efficiency Bar
Semi-skilled—Rs. 1/75-0/12p Rs. 2/35-0/12p Rs. 2/95.
Efficiency Bar
Skilled—Rs. 2/50-0/15 p-Rs. 3/25/0/15 p Rs. 4.
Efficiency Bar
Highly skilled—Rs. 4/-0/20 p-Rs. 5-0/20 p-Rs. 6.

However ordinarily no one will be debarred from getting increment at efficiency bar stage. In any event no increment will be held up for more than two years at the efficiency bar.

(*Note.*—The workmen presently included under semi-skilled I and semi-skilled II will be categorised only as semi-skilled. Similarly those who are presently included under skilled I and II will be categorised only as skilled).

II. *Regarding Dearness Allowance.*

It is agreed that with effect from 1st April 1967, all the workmen will be paid Dearness Allowance at a flat rate of Rs. 2 per day. This amount of D.A. shall correspond to the cost of living index (working class) figure of 600 on 1939 basis.

The Dearness Allowance will vary downward and upward, increased or decreased over and above Rs. 2 per day on every 1st April, first variation becoming due on 1st April 1968 at the rate of 0/04 paise per day for every complete 5 points of difference between the figure of 600 and the average CLI (working class) figure of preceding calender year, i.e., January to December. That is to say D.A. from 1st April 1968 will be determinable by the difference between 600 and the annual average CLI (working class) figure of the calender year 1967 and so on.

III. *Regarding Fitting in of present workmen.*

It is agreed that present consolidated daily wages (inclusive of ad hoc allowances of .25 p. and .15 p.) of all workers shall stand bifurcated into basic wages and D.A. as per clauses I and II above. Subject to fitments as under:

(i) It is agreed that all the temporary and casual workmen whose present consolidated daily wages (inclusive of special ad-hoc allowances of 0-25 paise and 0-15 paise) are below the total of the basic wages and the D.A. under paragraphs (I) and (II) above shall be pulled up to the said level from 1st April 1967.

(ii) It is agreed that all the permanent unskilled and semi-skilled workmen will be granted one increment on their respective scales as from 1st April 1967 that is to say the permanent unskilled and semi-skilled workmen will get Rs. 3/60 p and Rs. 3/87 p. respectively as against their present consolidated daily wages (inclusive of the special ad hoc allowance of 0.25 paise and 0.15 paise). The workmen who are getting allowance of 0-25 paise per day for G.R.P. work will however continue to get the same for such work only in addition to their wages. However none in this category will get an increment of less than 50 paise as a result of fitting in.

(iii) It is agreed that the permanent skilled and highly skilled workmen will be fitted to the nearest point in their scale subject to the condition that every one will get a minimum total increment of 0-50 paise over their present wages.

IV. *Regarding Increments.*

It is agreed that the next annual increment to all categories of workmen who are benefited under this agreement shall fall due on 1st April 1968 and every first April thereafter according to the grades and scales given under AI(I) above provided however that the unskilled and semi-skilled workmen who are presently permanent shall be given double increment on 1st April 1968.

V. *No demand regarding wages during the settlement.*

It is agreed that the workmen and/or their union shall not raise any demand pertaining to wages during the currency of this settlement in consideration of this agreement:

Provided however that if wages are fixed under any law or under any wage board and if workmen become entitled to any increments in wages as a consequence thereof, the increments agreed under this settlement shall be adjusted against the increments that may be granted either by law or by any wage board.

B. **Regarding Gratuity.**—It is agreed that the gratuity shall be payable only in respect of services rendered up to 31st October 1962 (date of the introduction of provident fund).

This gratuity shall be payable where a workman having a total continuous service of at least 10 years, i.e., either discharged or retrenched or retired or is rendered medically unfit or resigned or died whilst in employment. It shall be payable also in cases of dismissal for misconduct not causing financial loss to the company after 15 years of service.

The gratuity payable shall be at the rate of 15 days current basic wages per year of service on the date of discharge, retirement, retrenchment, or medical unfitness or 10 days consolidated wages as on 31st March 1967 whichever is higher.

C. **Regarding Supply of Firewood.**—Those who are in receipt of benefit of supply of firewood shall continue to get the same.

It is further agreed that the workmen and/or the union shall not claim this personal benefit for others at any time.

D. **Regarding Festival Holidays.**—It is agreed that the festival holidays to workmen shall stand increased to 11 days in 1967, 12 days from 1968 onwards. These festival holidays shall always include National Holidays. The list of holidays to be observed in any year shall be finalised by the Management in consultation with the Union before 15th January each year. Only those workmen who are either present or on lay off or on statutory leave or on authorised leave, either on the preceding or succeeding day shall be entitled to wages for that holiday.

E. **Regarding proposed retrenchment of 85 workmen.**—It is agreed that those of the workmen from the list of 85 who are presently in employment with the company will be given continuity in their services. It is further agreed that there shall be no further demand regarding those who are not in employment.

F. **Consideration.**—

(i) It is agreed that the workmen shall maintain perfect peace. Thorough discipline and full production at optimum efficiency and the union shall co-operate with the Management in these matters.

(ii) It is agreed that the workmen and/or their union shall always settled all their disputes and difference by the constitutional and peaceful means of negotiations, conciliation, adjudication and arbitration and that they shall not resort to any direct action without first exhausting the above constitutional and peaceful means of settlement.

(iii) It is agreed that the workmen and/or their Union shall co-operate with the Management in the maintenance and promotion of healthy industrial relationship and employer-employee relationships.

(iv) It is agreed that the workmen and/or their union shall not raise any financial demand whatsoever on the points of disputes settled herein during the currency of this settlement.

G. **Period of settlement.**—It is agreed that this settlement shall be binding on the parties for a period of five years and shall continue to bind thereafter till the expiry of two months notice on either side.

H. **Compromise petition to the Tribunal.**

ANNEXURE

In the matter of an industrial dispute existing between Messrs. The Calcutta Silk Manufacturing Co. Ltd., 23 B. T. Road, P. O. Sukchar, 24-Parganas and their workmen represented by Calcutta Silk Manufacturing Workers' Union, B. T. Road, Sukchar P. O., district 24-Parganas. (Case No. 122 of 1966.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri L. C. BANERJEE, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri K. K. Maitra, Vice-President, Assam, West Bengal, Orissa and Bihar Employers' Association.

Present for the Union: Shri Nanda Dulal Srimani, Advocate.

The Government of West Bengal, by order No. 1578-I.R./IR/81-3(B)/65, dated the 21st April 1966, referred under section 10 of the Industrial Disputes Act this industrial dispute between Messrs. the Calcutta Silk Manufacturing Co. Ltd. and their workmen represented by the Calcutta Silk Manufacturing Workers' Union to this Tribunal for adjudication on the following issues:

Issues

1. Revision of dearness allowance.
2. Revision of gratuity scheme.

On receipt of the reference, usual notices were served and both parties appeared and filed their respective statements. The case was ultimately taken up for hearing. The Union examined 8 witnesses on different dates and the Company, after several adjournments, examined 3 witnesses. A large number of documents were marked exhibits on both sides.

The case of the Union in brief is that the Company is a highly prosperous concern and it produces silk, art silk and terylene goods. It employs about 500 workmen in different departments. The Company has authorised capital of Rs. 10 lacs, and it has created a substantial amount of reserve totalling more than Rs. 9 lacs. The sale figures of the Company are gradually on the increase year after year. It has been earning handsome profit every year. There had been a settlement between the Company and the Union in respect of basic wages, dearness allowance, leave, etc. in which it was agreed upon that wages, D.A. and other facilities enjoyed by the workmen of the Cotton Textile Industries would be followed by this industry also. Thereafter an industrial dispute between the Company and the workmen in respect of wages, D.A. and gratuity, etc. were referred to the Seventh Industrial Tribunal which on consideration of the circumstances as appeared in the balance-sheet of the Company for the year ending 31st March 1962, revised the dearness allowance at Rs. 35 by granting an increase of only Rs. 2.50 paise. It is alleged that the increase in the cost of living index since the last agreement was not considered by the Tribunal. The existing flat rate D.A. which is being given to the workmen is inadequate to meet the increase in prices of essential commodities required for life. The Company has been able to augment its production to a great extent with lesser costs due to setting up of new and modernised machines in the factory. The Union, by letter, dated 26th August 1964, served a notice upon the Company expressing its intention to terminate the award of the Seventh Industrial Tribunal, published in the "Calcutta Gazette", dated 25th July 1963. On 28th December 1964 the Union submitted a charter of demands to the Company for early consideration and necessary redress of the grievances. The claim of the Union in respect of D. A. is as follows:—

Basic wage up to Rs. 50 D. A. should be Rs. 47.
Basic wage up to Rs. 51 to Rs. 100—Rs. 55.
Basic wage up to Rs. 101 to Rs. 150—Rs. 65.
Basic wage up to Rs. 151 to Rs. 200—Rs. 75.
Basic wages above Rs. 200 D. A. should be 33⅓ per cent. of the basic wage.

As regards gratuity scheme, the Union wants revision of the existing gratuity scheme as follows:—

> "The workmen who will retire on reaching the age of superannuation at the age of 60 or resign or will be discharged, dismissed, retrenched by the Company, or will die, prove incapacity to work due to old age or for any other analogous grounds, be given 21 days' wages last drawn including D.A. as gratuity for each completed year of service and any part thereof in excess of 6 months, provided they have completed 5 years' service in the Company."

The Company, in its written statement, pleaded inter alia that this Company came into existence in 1936 with 210 looms, and same number of looms exist even now. Even then the Company had not worked the 210 looms in 3 shifts. Due to undercapacity of work and labour troubles the cost of production had been very high resulting in loss from year to year. The Mill completely remained closed in 1952, 1955 and 1956. The Company suffered losses from the years 1952 to 1958. There had been partial improvement in 1959, 1960 and 1961, but in 1962 the position suddenly deteriorated to the extreme. In spite of increased sale, the profit has gone down abruptly due to rising cost of production. The increased sale had enabled the Company to survive against increased cost of raw materials, stores, wages, etc. though profitability has gone down in comparison to previous years. The net profit available after providing for Income Tax and dividends are very meagre. The financial capacity of the Company is very poor to take any further increased load. The share capital of the Company was raised to Rs. 22 lacs in 1964-65. But this was contributed by the Managing Agents out of their loan capital. Exports have gone down substantially during last

3 years. There is fierce competition with other companies in Bombay and Madras producing terylene and nylon goods. Raw materials required for production are mostly imported from foreign countries and that the Government has completely stopped foreign import resulting in acute scarcity of raw materials. This mill is an art silk weaving mill and as such it cannot be compared with cotton textile composite mills. This mill is not an established industry like cotton textiles, and so the principle of varied D.A. with the rise in the cost of living index cannot be applied here. The wages and D.A. paid by this Company does not compare unfavourably with the same paid by other similar mills. The Company contends that since there has been no change in the circumstances, the Union's claim for revision of D.A. and Gratuity should be rejected.

Issue No. 1

Revision of Dearness Allowance.

The darness allowance of the workmen of this Company was last fixed by the learned Seventh Industrial Tribunal in its award published in the "Calcutta Gazette," dated 25th July 1963. In this award D.A. was fixed at Rs. 35 per month in place of the then existing D.A. of Rs. 32.50. The Union got this award terminated by notice, dated 26th August 1964 (Ext. 7). But no reason was given in the notice for termination of the award. The Union, by the charter of demands, Ext. 8, dated 28th December 1964, claimed different grades of D.A. according to different rates of basic wages, on the ground that the cost of living index had gone up greatly since the last award.

The financial position of the Company will be evident from the chart, Ext. L, prepared from the balance-sheets of last 30 years. It will appear that the Company was running at a loss since 1952 till 1958, and again suffered loss in 1962. In the last 3 years, however, the Company made some profits. If we turn to the evidence of Shri S. K. Gupta, the Manager of this Company, it will appear that the Company started the mill in 1935 with 210 looms, and the same number of looms still exist. Since 1957 the Mill is being worked partly, sometimes in one shift and sometimes in two shifts. This mill is not a composite mill, but it is a powerloom mill, as only weaving and no spinning is done here; whereas in composite mill both weaving and spinning are carried on. This mill manufactures art silk goods, i.e., products of rayon, synthetic fabrics, etc. Shri Gupta says that this mill was previously producing pure silk goods, and it was practically closed from 1950 to 1956. After the reopening of the mill in 1957 the Company gradually changed the production of goods made of artificial fibre. The mill manufactures cloth made of viscos and acetated rayons. Different types of artifical varns are made by different chemicals. It is obvious that this Company cannot be compared favourably with other companies producing cotton textile goods. The Union has produced a tripartite agreement between the employers in Cotton Textile Industries in West Bengal, represented by Bengal Mill Owners' Association, and the Trade Unions in the Cotton Textile Industry represented by the four Central Trade Union Organisations in West Bengal, and the Labour Commissioner, West Bengal, held on 1st March 1961 (Ext. 6). But the Calcutta Silk Manufacturing Company was not a party to this agreement and it cannot be bound by the same. P.W. 7 Shri Hrishikesh Banerji, Secretary of the West Bengal Committee of the A.I.T.U.C. and Secretary of the Cotton Textile Workers' Federation, admits that in the Second Omnibus Cotton Textile Award of 1958, the cotton mills were divided into 3 categories, viz., (1) Composite Mill, which contains both weaving and spinning mills, (2) Power Mill, in which only weaving is done, and (3) Purely spinning Mill, which only carries on spinning and does not do any work of weaving. He could not deny the suggestion that in that award powerlooms were described as uneconomic. He further admits that artificial silk industry is quite different from Cotton Textile Industry. P.W. 8 Shri Lakshmindar Biswal, the Secretary of the present Union, admits that the Calcutta Silk Manufacturing Company carries on only weaving and no spinning is done here. He further admits that Bangadaya Mill is a composite Mill where both weaving and spinning are done. He categorically states that the Calcutta Silk Manufacturing Company does not deal with cotton, and only artificial terelyne and nylon goods are made in this mill.

The Union has produced a letter, Ext. 4, from the Secretary of the Bangadaya Cotton Mill Majdoor Union to the Secretary of the present Union, to show the basic pay and D.A. of the workmen of the Bangadaya Cotton Mills. The learned Advocate for the Union, in his argument, claimed variable D.A. for the workmen of the present Company on the basis of the letter, Ext. 4, which shows variable D.A. But I have already shown that according to the admission of the Union's own witnesses, the Calcutta Silk Manufacturing Company cannot be compared with Bangadaya Cotton Mill, and moreover the Union has not made any such claim for variable D.A. in the charter of demands. The principle of variable D.A. is based upon the consideration that the cost of living index may change in course of time and accordingly the dearness allowance should also vary with the rise and fall in the cost of living index. But as things stand now, there is no likelihood of the prices of commodities coming down appreciably in near future, and it is expected that Government would try to arrest further upward rising trend of prices of commodities. It is for the interest of workmen that they should get fixed amount of D.A. which would help them to adjust the family budget every month in uniform manner. If there be change in the total pay packet periodically, that will create difficulty on the part of workmen in meeting family expenses. I therefore think that D.A. should be a fixed amount.

From the evidence of O.P.W. 3 Shri R. C. Jyaswal, the auditor of S. R. Batliboi Co., it appears that the position of reserve and surplus, standing on 31st March 1966, is Rs. 18 lacs and 27 thousand, and out of this reserve a considerable amount is kept for meeting the liabilities of the Company such as Income Tax and dividend on preference shares. The liability to preference share-holders is Rs. 10 lacs, and they are to be paid Rs. 8 lacs after 12 years, and in view to pay this amount, the Company should build up a capital redemption fund to the extent of Rs. 8 lacs. It appears that a considerable working capital of the Company is being fed up by borrowed capital, and out of the reserve and surplus some committed liabilities are to be met, such as Income Tax of Rs. 5 lacs and 60 thousand, and dividend of preference shares Rs. 68 thousand. Then after excluding the development reserve a very little amount is being left. There is no doubt a profit of Rs. 8 lacs and 40 thousand in the profit and loss account of 1965-66. But the committed liabilities as mentioned above have to be met out of this amount. The Company has not paid any dividend this year to ordinary shares, and no provision for bonus liability has been made. According to Shri Jyaswal the Company is still working on borrowed capital, and the financial position cannot be considered as very sound, though the Company has been earning some profits.

The Stock Exchange Reports, Exts. B to B(3), show that the market value of the stores of this Company is less than the paid-up value.

The Union claims that the sale of the Company has increased, and in the written statement figures have been quoted in support of this contention. The evidence of Shri Jyaswal is that the increase in sale has been compensated by increased cost, e.g., increased cost of purchase of raw materials by Rs. 6 lacs, and also increase in salary, wages etc. O.P.W. 1, the Manager of the Company, asserts that the cost of purchase of raw materials at present is almost double of what it was in 1963, and the sale price realisation has also gone up. He says that at present there is a scramble for synthetic yarns as no import is allowed. He, however, admits that the company has purchased 8 new machines since 1963 to 1966, and during this period the Company has added a priting section and has extended the Dyeing House, and added new buildings. It appears, therefore, that the Company is striving to establish itself from a precarious position. It was a sick Company and it is tying to recover from that sickness.

The Union examined P.W. 2 Shri Ajit Kumar Paul, a Jiggarman in the Dyeing Department of this Mill, P.W. 3 Shri Amarendra Kumar Paul working in the Weaving Department and P.W. 4 Shri Motilal Rakshit, working in the Warpine Department of the Mill; and they spoke about the nature of work carried on by them, and the present wages and D.A. paid to them by the Company. All of them aver that they find it difficult to maintain their family with their present income, as prices of commodities have gone up since 1963. Taking the over-all position of the Company, and plight of the workmen resulting from increase in the cost of living index, I think that the Company should increase the amount of D.A. to some extent, and the Company is able to do it. The learned Advocate for the Company argued that increase in wages or D.A. of the workmen will be tantamount to greater purchasing power of these people and that would result in further increase in the prices of commodities. The argument is not convincing inasmuch as the workers must be given sufficient means to keep their body and soul together. If they suffer and remain unsatisfied that would affect their capacity to work properly which again would hamper production. So in the interest of the Company, the workers should be given such amount of wages which will be within the means of the Company and which will satisfy the minimum requirement of the workers. Unfortunately, there is no basis of comparison with other industries in the instant case. The principle of 'industry-cum-region' theory could not be applied here as neither the Union nor the Company has been able to cite any comparable unit in the region. In the evidence on the side of the Company, the names of two similar concerns, viz., Jyoti Weaving and Swadeshi Industries were mentioned, and though the Company took sufficient time for producing witnesses from those concerns, it ultimately failed to do so. So in the result, we are now to see how much amount the Company is capable to pay to the workers as increased D.A. and how much the workers are entitled to get.

From the side of the Union Shri P. Chatterji, P.W. 1, a statistical assistant of the Labour Commissioner, was examined, and he produced charts showing the consumers price index of 20 years. This is Ext. 2. It must be noted that D.A of the workmen was last fixed by the Seventh Industrial Tribunal in 1963. There is no evidence to show that either the Company or the Union moved against this award before the appellate authorities, and hence it must be taken that both sides conceded to this award of the Seventh Industrial Tribunal at that time. Ext. 2 contains 2 tables. The first one contains the index of the years 1962 to 1966, taking the base as 100 points in 1944, and the second one contains the figures of the same years taking the base as 100 points in 1939. I will rely on the first table as it is more recent than the other. From this table the average figure for the year 1963 appears to be 170; and that, in 1966, is 215. Hence the increase in the cost of living index from 1963 to 1966 appears to be 45 points, according to this table which has been produced by the side of the Union. The learned Advocate for the Union contends that there should be increase of 20 paise per point or Re. 1 for 5 points as incorporated in the agreement, Ext. 6. Taking that basis, as suggested by the Union, it appears that the workmen are entitled to an increase of Rs. 9 in D.A. to neutralise the rise in the cost of living index since 1963 to 1966. It is admitted by the witnesses on the side of the Union that the Company has voluntarily increased the D.A by Rs. 4 after the publication of the award about 1½ years back, and the workmen are now getting Rs. 39 per month as D.A. instead of Rs. 35 as granted by the Seventh Industrial Tribunal Hence the workmen are entitled to an increase of Rs. 5 per month in D.A. on their own case, as shown above.

Now, the Company employs about 500 workmen, as admitted by both sides. So this increase of Rs. 5 per month would cost the Company

Rs. 30,000 per year. The position of profit and reserve of the Company as revealed in evidence and discussions above, would show that the Company is able to meet this enhanced burden.

I, therefore, increase the D.A. of the workers by Rs. 5 only per month. This revised D.A. will take effect from 1st April 1967.

Issue No. 2

Revision of Gratuity

The Seventh Industrial Tribunal in its award in 1963 allowed gratuity to non-clerical workmen or piece-rated workmen at 10 days' average pay or 10 days' average earning for each completed year of service or any part thereof, subject to the maximum of Rs. 200. For the clerical workmen it allowed gratuity at 12 days' average pay for each completed year of service or any part thereof in excess of 6 months, subject to the maximum of Rs. 300.

The learned Advocate for the Company pointed out that there is no gratuity scheme for power looms, or in cotton mill like Bangadaya, as cited by the Union. The Union has not been able to show any other similar concern where higher gratuity is paid. The amount of gratuity as allowed by the Seventh Industrial Tribunal, seems to be fair and reasonable. Moreover, as the Company is still in the way of recovery from sickness, I do not want to increase the amount of gratuity which would over-burden the Company.

This Tribunal, therefore, passes its award holding that there is no necessity for revision of the gratuity scheme.

2. Introduction of printed tickets and way bills.

On receipt of the reference order, usual notices were served on the parties and they appeared. Time was allowed till 27th May 1967. On that date the Union took no steps, and the lawyer of the Companies filed a petition praying for time, and time was allowed till 7th June 1967. Neither side appeared on 7th June 1967 and no steps were taken by any of the parties. AWARD

By Government order No. 4034-I. R./IR/10L-33/64, dated 13th September 1965, an industrial dispute between Messrs. Associated Indian Enterprises (P) Ltd., hereinafter referred to in this award as the company, and its workmen including Shri Amar Nath, a Welder of the Head Office of the company since June 1961, was referred to this Tribunal for adjudication.

During the pendency of the aforesaid reference case company dismissed Shri Amar Nath from service on a charge of gross misconduct and filed the application under section 33 (2) (b) for Tribunal's approval of the dismissal. The concerned worker also filed the application under section 33A complaining of certain violation of section 33 by the company in the matter of his dismissal and praying for relief. As the same questions of law and fact were involved in both the cases, they were fixed for analogous hearing on the same date viz., 12th May 1967. On that date the parties filed a joint petition stating that they had amicably settled the dispute regarding the dismissal of Shri Amar Nath and praying for an award in terms of the settlement as embodied in the petition. I have perused the terms of compromise as embodied in the joint petition which was signed by the workmen Shri Amarnath and Shri Amaresh Mazumdar for the union and by Shri J. N. Bhattacharji, Advocate and Shri Ganesh Chandra Saha, for the Company, and also heard the parties' representatives on the said terms. The terms appear to me quite fair, legal and reasonable and I am satisfied that the dispute between the parties over the dismissal of Shri Amar Nath has been amicably settled on terms mentioned in the petition and that there is no subsisting dispute between them regarding the dismissal of Shri Amar Nath. Accordingly a "no dispute" award in the case under section 33A is passed.

The company's application under section 33(2)(b) of the Act, is disposed of in terms of compromise as embodied in the joint petition.

This is my award which will govern both the cases The joint petition filed by the parties do form part of the award.

AWARD

The industrial dispute between Messrs. Modern Moulders Ltd., 30 B. T. Road, P.O. Kamarhati, 24-Parganas, and their workmen represented by Modern Moulders Mazdoor Union, 22/1 Kali Charan Ghosh Road, Calcutta-50, relating to the issue given hereunder was referred to the Second Industrial Tribunal under Government of West Bengal, Labour Department; order No. 1027-I.R./IR/10L-32/66, dated Calcutta, the 16th March 1966, for adjudication under section 7A of the Industrial Disputes Act, 1947 (Act XIV of 1947).

Subsequently, however, the said dispute was withdrawn from the file of the said Second Industrial Tribunal and was transferred to the file of this Tribunal under Government of West Bengal, Labour Departmet, order No. 3224-I.R./IR/10L-32/66, dated Calcutta, the 12th August 1966, for adjudication and speedy disposal.

Issue

Whether the workmen are entitled to any bonus for the year ending 31st March 1964 under the Payment of Bonus Act, 1965 ? If so, what should be the quantum ?

On receipt of the reference, this Tribunal issued notices on both parties for their appearance and filing of written statements. Written statement was filed by Shri Matish Roy, General Secretary, on behalf of the workmen represented by Modern Moulders Mazdoor Union on 2nd December 1966. Thereafter, on the 29th of May 1967, a written statement, dated 6th May 1967, was filed on behalf of Messrs. Modern Moulders Ltd. by its Managing Director, Shri Gopaldas Bagree. Thereafter, 15th June 1967 was fixed for filing of lists of documents by the parties to the dispute. But on 8th June 1967 Shri Matish Roy, General Secretary of the Union representing the workmen, appeared before this Tribunal along with Shri P. K. Roy Chowdhury, Acting Superintendent of Messrs. Modern Moulders Ltd. They filed a joint petition of compromise signed by Shri Matish Roy, General Secretary, on behalf of the workmen and by Shri Gopaldas Bagree, Managing Director of the Company, and Shri Prabhat Kumar Roy Chowdhury, Acting Superintendent of the Company, on behalf of Messrs. Modern Moulders Ltd. They also filed a joint petition stating therein that they do not like to proceed with the present dispute because they had arrived at an amicable settlement over the pending dispute. They prayed that the Tribunal should be pleased to accept the joint petition of compromise along with the Memorandum of Settlement, marked 'A' and pass a compromise award to that effect.

I have pursued the joint petition of compromise and looked into the terms of settlement wherein well-nigh exhaustive provisions have been made to safeguard the positions and interests of the parties in dispute. In view of the fact that the joint petition of compromise and Memorandum of Settlement are going to be annexed to the award, I need not enter into the details of their contents. The terms of settlement appear to me to be reasonable, fair and lawful and I accept the same. Accordingly, this Tribunal passes an award in terms of the settlement reached by the parties to the dispute. The joint petition of compromise and the Memorandum of Settlement be annexed to the award and made a part thereof.

(v) Non-implementation of Tribunal award, dated 22nd November 1965, published in the "Calcutta Gazette" on 16th December 1965.

The management contention is that they are unable to start the factory, production due to bad financial position of the company and also the huge financial liabilities of the Company, viz., awarded amounts of compensation payable to the workmen and the big creditors, namely, oil suppliers, etc.

Union's contention is that the workmen are not bound to forego their legal dues, viz., awarded amount and the compensation for the period of forced unemployment but considering their future interest in this company and also to create better relation between the management and workmen also to improve the working results of the company, the parties have come to an amicable settlement with the following terms.

Terms of Settlement

(a) That the management has agreed to withdraw the present lay-off with effect from 12th June 1967 and agreed to allow all the laid off workers to resume their respective duties on and from 24th June 1967. The list of the workmen who are under laid off since 14th May 1965 is annexed herewith as Annexure 'A'.

(d) That the management has agreed to pay the lay-off benefit as per terms of award, dated 10th December 1963, published in the "Calcutta Gazette" on 16th January 1964 against the workmen mentioned in Annexure 'C'.

(e) That the management has also agreed to implement the terms of award, dated 22nd November 1965, published in the "Calcutta Gazette" on 16th December 1965, mentioned in Annexure 'C'.

(f) That the management has agreed to pay Rs. 80 (eighty) per head to the workmen who were in the service for the full period during the company's financial year ended on 31st March 1963 and 31st March 1964 and those who were not in full service the amount will be proportionately reduced, against their claim of bonus for the year mentioned above and the total amount of compensation will be paid to the workmen as per Annexure 'C' with effect from 22nd July 1967.

(g) That the workmen who were under laid-off and discharged with effect from 14th May 1965 and 28th June 1965 shall have to give one month's minimum notice prior to their resignation from their respective service.

(h) That the workmen and Union have agreed to accept the terms mentioned in clauses (a), (b), (c), (d), (e) and (f) referred so in clauses (i), (ii), (iii), (iv), (v) and (vi).

(i) That the Union and the workmen have agreed that if any workman or group of workmen fail to resume their duties by 26th June 1967, without any valid reason, then the management will have no obligation to provide the abovesaid workman or workmen in employment. Further, it will be presumed that they have left the services of their own accord.

(j) In order to avoid any future dispute arising out of the said dispute, it has been further agreed that management and the Union will sent together for an amicable settlement, failing the matter will be referred to the conciliation authority or any other competent authority, appointed for the purpose.

The workmen agreed to co-operate with the management in the best way possible with the intention of higher production.

That both the parties have agreed to file a joint petition of compromise to the respective Tribunal for a compromise award in terms of abovesaid settlement.

By order No. 6766-I R./IR/8L-44/64, dated the 26th December 1964, the Government of West Bengal in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Issue

Whether the management is justified in refusing employment to Shri Dakshina Ranjan Sen Gupta ? To what relief, if any, is he entitled ?

On receipt of the order of reference usual notices were served on the parties and they appeared and filed their written statements.

Union's case in short is that Shri Dakshinaranjan Sen Gupta, a permanent workman of Messrs. Chamanlal Indrajit, hereinafter referred to in this award as the company, went to his native place on leave for 20 days from 2nd May 1964 but was refused employment when after the expiry of leave he had reported for duty on 22nd May 1964. Over this refusal of employment union raised an industrial dispute and approached the Labour Commissioner for relief. Conciliation proceedings were started and several joint conferences for settlement of the dispute were called in the office of the Labour Commissioner but all attempts for amicable settlement failed. The matter was thereafter referred to this Tribunal for adjudication. Union contends that refusal of employment to Shri Sen Gupta was illegal and unjustified and prays for his reinstatement with full back wages for the period of unemployment forced upon him. The union further contends that as Shri Sen Gupta was an officer of Employees' Association and took leading part in organising the union and demanded introduction of the Employees' State Insurance Scheme in the company, he had not been allowed by the company to resume after the expiry of his leave period by way of victimisation.

In reply to the union's written statement company filed its own written statement on 12th March 1965 and therein it had not only denied the charge of victimisation but has also denied the allegation of its refusal of employment to Shri Sen Gupta on 22nd May 1964. In its written statement filed the company stated that Shri Sen Gupta had voluntarily resigned his services on 31st July 1962 when it had shifted its factory to its present address, but was again taken in by it in September 1963, when he had approached for a fresh employment. In April 1964 Shri Sen Gupta again left the company without any notice or intimation to the management. He reappeared on 1st May 1964 but did not report for duty for a single day since 2nd May 1964, though not granted any leave or permission to absent himself from duty. For this intentional absence from duty he had to be dismissed from service and the union's case for reinstatement has no basis. Company further pleaded that union's averment that Shri Sen Gupta had gone on leave for 20 days from 2nd May 1964 was without any basis whatsoever.

Issue for adjudication has already been set forth above.

In view of the nature of the pleadings in deciding the issue under reference, this Tribunal will have to consider whether the admitted absence of Shri Sen Gupta from the factory with effect from 2nd May 1964 was intentional or was for the reason mentioned in the union's written statement. Union contended that he had gone on 20 days' leave with effect from 2nd May 1964 and had reported for duty on 22nd May 1964 on the expiry of his leave but was refused employment. Company on the other hand, pleaded that since 2nd May 1964 Shri Sen Gupta had never reported for duty.

If the contention of the company was correct or in other words was substantiated by the evidence on record and the facts and circumstances of the case, certainly union has no case for Shri Sen Gupta's reinstatement; if on the other hand, union's contention that Shri Sen Gupta had gone on leave for 20 days, gets credence from the materials on record his claim for reinstatement with back wages must be allowed. To decide which of these two versions regarding Shri Sen Gupta's absence from 2nd May 1964 is correct I will have to go into the back ground of the case.

In course of his evidence before this Tribunal Shri Sen Gupta has said that he had worked in the company continuously from 14th May 1960. That he was working in the company from May 1960, was not disputed by the company, but it has seriously challenged his contention that he was in continuous employment under it since 14th May 1960, the date of his appointment. In support of this case company relied on a resignation letter said to have been given by Shri Sen Gupta on 31st July 1962. This resignation letter is Ext. A in the case. Shri Sen Gupta did not dispute his giving of this letter to the company but said in his evidence before this Tribunal that he had given it under pressure and threat of Chamanlal Babu, proprietor of the concern. Relevant portion of his evidence in this connection appears at page 2 of his evidence and reads as follows:

> "In 1962 Chamanlal Babu called me and told me that he would not keep me any more as I was trying to form a union. I entreated him very much to keep me in employ. Ultimately he told that he could keep me if I would state in writing that I would give up my work after 31st July 1962. Accordingly to keep my job in the factory, in my own hand I gave a writing that I would give up my work after 31st July 1962. I gave the undertaking for fear of unemployment."

As against this evidence of Shri Sen Gupta we have the evidence of D.W.1 Shri Dinendra Nath Mitra, the Secretary of the company, as also of D.W.2 Shri Chamanlal Mehra, Partner of Chamanlal Indrajit. At page 1 of his evidence before this Tribunal Shri Mitra said:

> "In 1962 the company took lease of its present factory site at 21A Dum Dum Road and removed the factory there to 4 or 5 months after the lease. * * * At the time of shifting the factory to its present address we asked Shri Sen Gupta whether he would work at the new site but he said that as Dum Dum would be far off from his place of residence, he would secure another job and asked us to release him. Accordingly we released him. This was in July 1962. A year or so after July 1962 he again came back to the factory and worked for 4 or 5 months on that occasion. Thereafter, he went away. He again came back on 1st May 1964, and worked on that date. From 2nd May 1964 he did not turn up. He absented himself from 2nd May without leave or permission or our knowledge. Thereafter he never came to the company to resume his work."

D.W. 2 Shri Chamanlal Mehra has said:

> "When we shifted our factory to Dum Dum, Dakshina Ranjan Sen Gupta gave his resignation (Ext. A). He told us that it would not be profitable for him to work in the factory at Dum Dum and that he would secure some other job. It is not a fact that I have taken Ext. 2 from him by threat of dismissal for his joining the union. It is falsely stated that after the resignation letter, Dakshina Ranjan was continuing his work in the factory. On 1st May 1964 or on any date prior thereto, Dakshina Ranjan Sen Gupta had never given me any application for leave. He did not come for work after 1st May 1964. I have not allowed him 20 days leave or any leave on 1st May 1964."

It will appear from the evidence of these two witnesses and Ext. A that the company's specific case was that Shri Sen Gupta had worked from May 1960 to 31st July 1962 and again from September 1963 to March 1964 and thereafter only on 1st May 1964. Shri Sen Gupta, on the other hand, stated that he had worked in the company without any break from his appointment till refusal of employment to him on 22nd May 1964 and that notwithstanding his resignation letter Ext. A he was regularly continuing his work under the company and getting his pay. In view of this contradictory statement of Shri Sen Gupta and company's witnesses referred to above regarding to continuity of Shri Sen Gupta's service under the company. It was highly incumbent on the company when it had practically terminated his service without any charge-sheet or enquiry, to produce the best evidence in its possession to justify its contention that Shri Sen Gupta had voluntarily resigned on 31st July 1962 but was given a new employment in September 1963 and was absent for the entire April 1964. Best evidence in company's possession to prove all these contentions certainly was its attendance register from July 1962 to April 1964 as also pay vouchers and wage registers and cash book for the said period. But none of these documents was produced by the company and no suffcient explanation for non-production of any of these documents was given from the company's side. As a matter of fact, on behalf of the union a petition requiring the company to produce the documents as also its leave register or leave book, if any, was filed by the union, and on that petition my predecessor-in office Shri J. N. Mandal, after hearing the parties passed on 10th September 1965 an order directing the company to produce the attendance registers for the years 1962 to 1964, pay vouchers for the said period and the cash book for 1962 only, at least 10 days before the date fixed for the case for inspection by the other side, but notwithstanding this order, none of these documents was produced. As an explanation for non-production of the documents in accordance with this Tribunal's order No. 14, dated 10th September 1965, D.W. 1 Shri Dinendra Nath Mitra said as follows:

> "We have account books. Accounts are maintained in Gurumukhi language. The accounts were kept in Gurumukhi by Ramchandra Bharadwaj. He suddenly went away and was absent for a long time. So, we could not produce the account books as per directions of this Tribunal."

Even if these statements be assumed to be correct, they cannot justify the non-production of the documents. The order for production of these documents for inspection by the other side was passed as far back as on 10th Spetember 1965 and the case was taken up for hearing on

9th August 1967. In between these two dates there were several adjournments on the parties' petition and it is impossible to believe that during this long period Ramchandra Bharadwaj, responsible for keeping of the accounts was absent, but even if he was, company could have if it had so desired, easily produced these documents before the case was actually taken up for hearing. I am, therefore, constrained to observe that the explanation given by Shri Mitra for the non-production of the document was no explanation at all and that the company had intentionally withheld the documents as it knew, if produced they would have falsified its case of resignation by Shri Sen Gupta and of his absence from duty in April 1964 and would have to the contrary, supported the union's case that Shri Sen Gupta was in continuous employment since his appointment till refusal of employment to him on 22nd May 1967 and that he had given the resignation letter under the circumstances mentioned by him. In course of his evidence before this Tribunal Shri Sen Gupta has said that for the entire August 1962 he had been paid his wages and this could be proved by the company's account books as also vouchers on which the company had paid their monthly wages in 1960. He also stated that never after 31st July 1962 and before 2nd May 1964 he was absent without permission and that all along since his appointment till refusal of work on 22nd May 1964 he had regularly worked in the factory. Attendance register for the period from August 1962 to the end of April 1964 and wage registers and salary vouchres of the workers during this period were the best evidence in company's possession, to falsify all the statements, of Shri Sen Gupta and the fact that though possessed of them, the company has not produced any of them notwithstanding the Tribunal's direction for their production on union's petition only raises the presumption that the company has intentionally withheld them, as if produced, they would have gone against its own case. Instead of producing cash book for 1962, the pay vouchers from 1962 to April 1964 and the attendance registers covering the entre period, company produced only two attendance registers—one from October 1962 to 18th April 1964 and the other from 20th April 1964 to December 1964. After carefully examining these two registers, I have not, however, the slightest doubt to observe that none of them is a bona fide document but both have been manipulated by the company either for obviating the introduction of the State Insurance Scheme or for substantiating its case against Shri Sen Gupta. It is in evidence that State Insurance cannot be introduced in a company with less than 20 workers and it was argued on behalf of the union that though the company had at the material time 37 workmen, it had, to avoid the Employees' State Insurance Act, manipulated the attendance registers exhibited in the case, to show that it had never under its employment a number of workmen necessary for introduction of the Scheme. Stated in other words, union's contention was that these attendance registers had been fabricated by the company to show a lesser number of workmen than actually employed to avoid the State Insurance Scheme. If the attendance registers be minutely scanned page by page this contention of the union cannot be overruled. In the attendance register up to 1964 (vide Ext. D1), Subodh Chandra, Radha Shyam, Umeshchandra, Hare Krishna, B. K. Saha, Netaichandra, Nira Pada, D. R. Sen Gupta were mentioned as the workmen of the comapny but in the attendance register from 20th April 1964 to the end of the month in Ext. D, names of only six workmen appear. and they were Bibhuti Bhusan, Umesh Paul, Palta Choudhury, Haripada, Rabin Ghosh and Dhiren Dey. Of these six names only Umesh appeared in the attendance register of April 1964 (up to 18th in Ext. D/1) and no attempt to explain this anomalous position was made by the company. It is not believable that of the 8 workers mentioned in the attendance register of April 1964, up to the 18th, only Umesh Paul was in service, when the attendance registers from 20th April 1964 was opened and these discrepancies in the names of the workers in the two attendance registers of April 1964 only indicates the mala fides of these attendance registers, names and numbers of workers in the attendance register of May 1964 also do not tally with those in the attendance register of April 1964 beginning from the 20th of April. Similar discrepancies in the names and numbers of workers in the different pages of the two attendance registers are also found. For all these discrepancies it is impossible for me to take these registers as bona fide documents though it is proved that the attendance register of September 1964 bears the endorsements of the Inspector, State Insurance, indicating his verification of the register. In deciding the question of Shri Sen Gupta's resignation on 31st July 1964 or of his absence for the entire April 1963 no reliance on these two registers can therefore be, placed by me, and I hold that these registers cannot, in any way, rebut the presumption already made against the company from the non-production of the documents peferred to in this Tribunal's order No. 14, dated 10th September 1965.

Reverting to the question of Shri Sen Gupta's resignation on 31st July 1962 I find that in support of this case of resignation, company has relied on Ext. A, for all purposes a resignation letter by Shri Sen Gupta as also on the evidence of Chamanlal Babu and D.W.1 Shri Mitra. Both these witnesses for the company have in their evidence said that Shri Sen Gupta had of his own accord given the resignation letter as he had considered that his wroking at the new factory site at Dum Dum would be profitable for him. This was,however, denied by Shri Sen Gupta and he has said that as the management was threatening to dismiss him for his trying to form a union but on his entreaties agreed to keep him in employment if he would state in writing that he would give up his work after 31st July, for, fear of losing his job he has given the letter Ext. A. If we consider that the company had not intentionally produced the best evidence in his possession to refute Shri Sen Gupta's contention that notwithstandig the letter Ext. A he was continuing his job in the factory and that the distance between the new site and the other old site at Sova Bazar, Calcutta, was not such as would induce a worker to voluntarily give up his job without arranging for an alternative job, the reason the company has given for Shri Sen Gupta's submitting resignation letter, will not seem plausible. It appears from company's own evidence that even on the date of this letter Ext. A, Shri Sen Gupta was not trying for an alternative job and in the circumstances it is highly improbable that on ground of distance alone he was voluntarily resigned from service under the company. Moreover, if Shri Sen Guta had voluntarily resigned from service, we would expect the resignation letter on ordinary paper and not on the letter heads of the company, when it is proved by the evidence of D.W. 2 Chamanlal Babu himself that letter heads of the company are not easily accessible to the workers. In course of his evidence Chamanlal Babu said that their letter heads are kept in the Head Office and in the custody of Mitra Babu in the factory. In view of this evidence of Chamanlal Babu it can easily be said that either he himself or Shri Mitra had supplied the letter head on which Shri Sen Guta had written his resignation on the expiry of July 1962. Supply of such letter heads of the company for resignation letter by a worker is certainly unusual and it can be concluded from the supply of the letter head to Shri Sen Gupta that the management was keen on obtaining from him a resignation letter like the letter Ext. A. The explanation viz., distance of the factory from the residence of Shri Sen Gupta, the company has given for his voluntarily giving the resignation, does not in these circumstances, seem plausible, but even if the letter has been given by Shri Sen Gupta of his own accord for the reasons stated by D.W. 1 and D.W. 2 it had no value in law if he had continued his job from August 1962. I have alrdy indicated that not only Shri Sen Gupta has said in his evidence that he had worked for the entire August 1962 and had been paid his wages for the full month, but has also through the Tribunal asked the company to produce the attendance register, cash book and pay voucher of August 1962 to justify the statement, but could not use these documents as evidence in support of the statement for the company's insistence on non-producing the documents. These documents or rather the documents mentioned in Order 14 above referred to were the best evidence for adjudication of the question, whether notwithstanding the resignation letter Shri Sen Gupta had continued his job up to the end of April 1964 and the concerned worker himself had asked the company to produce these documents and this step he would not have certainly taken if he was not sure that the documents if produced would only support his case. Unless Shri Sen Gupta was confident that these documents would bear out his case, the union would not have certainly called for these documents and I hold that non-production of the documents is very fatal to the company's case against the reinstatement of Shri Sen Gupta. When the company has intentionally withheld the best evidence, its case that Shri Sen Gupta had resigned with effect from 1st August 1962, was again employed in September 1963 but was again continuously absent with effect from 1s April 1964 till the end of the month, cannot be believed by me and I hold, notwithstanding the letter Ext. 2(a) that there was never any break in the service of Shri Sen Gupta till 1st May 1964 on which date admittedly he had worked in the factory and that company's contention to the contrary including the contention that not a single day in April 1964 he had worked cannot be believed. Accordingly even if from 2nd May 1964 he was continuously absent, company was not justified to refuse him employment without any charge-sheet of misconduct, viz., absence from duty without permission. It has, however, been said by Shri Sen Gupta that he had gone on leave from 2nd May 1964 with the verbal permission of Chamanlal Babu on an application for leave submitted by him. Corroboration to this evidence of Shri Sen Gupta we ge· from the evidence of P.W.2 Shri Dhirendra Nath De Both Chamanlal Babu and D.W. 1 have, however, denied that Shri Sen Gupta was given leave from 2nd May 1964, or that he had ever filed any application for 20 days' leave from 2nd May 1964. As it is found that to substantiate its case company has not only fabricted the documents, viz., attendance registers Exts. D and D/1, but has also withheld documents to deny proper justice to Shri Sen Gutpa, I cannot place any reliance on the evidence of D.W. 1 and D.W.2 and hold that Shri Sen Gupta's evidence of going on 20 days' leave with effect from 2nd May 1964 with the verbal order of Chamanlal Babu, was false and frivolous. When it is proved that up to 1st May 1964 Shri Sen Gupta had continuosly worked in the factory why should he absent himself from duty for 20 days without permission of the management I fail to understand. He is intimately connected with the union and certainly knows that such prolonged absence without permission may lead to his dismissal. Accordingly to accept the company's case I will have to conclude that he had absented for 20 days at the risk of losing his job but no such conclusion is possible for me to be drawn from the facts and circumstances of the case and evidence on record and I hold that he was actually absent for the period of 20 days from 2nd May 1965 with the permission of Chamanlal Babu and refused employment when reported for duty. In this view of the matter it must be held that the refusal of employment to him with effect from 22nd May 1965 was unjust and illegal.

In view of the findings made above the union's prayer for reinstatement of Shri Sen Gupta with all back wages for the period of his unemployment since 22nd May 1965 must be allowed. Accordingly an award directing the company to reinstate Shri Sen Gupta with all his wages and other benefits during the period of his forced unemployment is passed.

This is my award which is to be implemented within a month of the publication in the "Calcutta Gazette".

THE COMMISSIONERS FOR THE PORT OF CALCUTTA

NOTIFICATION

IN accordance with the provisions of sub-section (4) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the following new by-law (No. 39A) which the Commissioners propose to incorporate in the By-laws for the Port of Calcutta is hereby published for general information:—

By-law No. 39A

"No Owner or Master or Agent of a vessel shall allow the loading or discharge of coastal cargo overside without first satisfying himself that the Commissioners' charges due on the said coastal cargo have been paid in full on Coastal Overside Challans to be filed by the Exporters or Importers concerned or their agents or assignees.

Power to remove difficulties.

18. If any difficulty arises in giving effect to the provisions of this Act, the State Government may, by order as occasion requires, do anything, not inconsistent with the provisions of this Act, which appears to it to be necessary for the purpose of removing such difficulty.

STATEMENT OF OBJECTS AND REASONS.

The Calcutta Tramways Company has not fulfilled the assurance that it gave to the State Government in July, 1965, for providing additional amenities to second class tramway passengers in the shape of cushioned seats, fans, etc. It was agreed between the Company and the State Government that all second class coaches would be brought to the level of first class with the provision of these amenities and thereafter the 8 p. fare of the second class would be raised to 10 p. and the fares in excess of 10 p. in the first class would be reduced to 10 p. Without providing the amenities in question and without furnishing any explanation for not providing them, the Company in March, 1967, announced its intention to enhance its first class and second class fares with barely a day's notice to the public and to the Government. Government were entitled to greater notice because enhancement of tram fares is invariably followed by large-scale disturbances of public order. The Company was, however, restrained from giving effect to its decision first by an injunction from the Hon'ble High Court and secondly by an Ordinance promulgated by the Governor.

2. The Company has refused to pay its workers their wages for the month of June, 1967, on the pretext that unless it is permitted to enhance its fares it will not have money for paying the wages. This refusal was communicated to the State Government after the latter had in consultation with the representatives of the Company set up a Commission of Inquiry under the Commissions of Inquiry Act, 1952, for examining, inter alia, the Company's financial condition. Without a report from such a Commission it will not be possible for the Government to consider any proposal from the Company for the enhancement of the fares. The report of the Commission has not yet been received. The State Government, however, offered to stand guarantee for any overdraft, subject to a limit of Rs.11 lakhs, which the Company might take from its bankers for paying the workers. The amount of monthly wages of the workers is Rs.11 lakhs approximately. This offer the Company did not accept. Obviously, tram services cannot run if the workers remain unpaid. Therefore, the Company's refusal to pay the workers their wages combined with its refusal to accept Government's offer of assistance means that it has decided to bring tram services to a standstill and to subject the people of Calcutta to severe hardship.

3. The workers cannot remain unpaid indefinitely. Therefore, both in the interest of the workers and also for ensuring the continuance of tramway services, the State Government will have to assume the responsibility of paying the workers their wages.

4. The public are well aware of the condition in which tram tracks are maintained.

5. It is obvious that the management of the Company has been reduced to such a state that public peace is endangered by sudden announcements of increase in fares without the public or the Government being taken into confidence; assurances for the improvement of conditions of travel cannot be fulfilled; and workers remain unpaid creating a situation for the disruption of tramway services and compelling the Government to assume responsibility for paying the wages of the workers. It is obvious that the management of the Company can no longer, either for its own sake or in the public interest, continue to remain in the hands of the Company. The time has, therefore, come for the State Government to take over the management of the undertaking. The present Bill has been drafted for this purpose.

Legislative Department

NOTIFICATION

No. 2806L.—17th July, 1967.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE CALCUTTA *THIKA* TENANCY STAY OF PROCEEDINGS (TEMPORARY PROVISIONS) BILL, 1967.

A

BILL

to provide for the temporary stay of proceedings for ejectment of thika *tenants.*

Whereas it is expedient, pending the enactment of further legislation, to provide for the temporary stay of proceedings for ejectment of *thika* tenants;

It is hereby enacted in the Eighteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title, extent and duration. **1.** (*1*) This Act may be called the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Act, 1967.

(*2*) It extends to the areas to which the Calcutta *Thika* Tenancy Act, 1949 extends. **West Ben. Act II of 1949.**

(*3*) It shall remain in force for a period of one year only.

Definition. **2.** In this Act, the expression "*thika* tenant" has the same meaning as in the Calcutta *Thika* Tenancy Act, 1949.

The Calcutta Thika *Tenancy Stay of Proceedings (Temporary Provisions) Bill, 1967.*

(Clauses 3, 4.)

Stay of proceedings for ejectment of *thika* tenants.

West Ben. Act II of 1949.

3. Notwithstanding anything contained in the Calcutta *Thika* Tenancy Act, 1949 or in any other law for the time being in force,—

(*a*) all applications for ejectment of *thika* tenants,

(*b*) all appeals from orders made on such applications, and

(*c*) all proceedings in execution of orders for ejectment of *thika* tenants,

under the provisions of the Calcutta *Thika* Tenancy Act, 1949, which are pending at the date of commencement of this Act or which may be made, preferred or commenced after such date but before the expiry of this Act, shall be stayed for the period during which this Act continues in force.

Saving of limitation.

4. In computing the period of limitation prescribed by any law for the time being in force for an application for the ejectment of a *thika* tenant or the execution of an order for ejectment of a *thika* tenant, the period during which this Act continues in force shall be excluded.

STATEMENT OF OBJECTS AND REASONS.

A *thika* tenant is liable to ejectment from his holding on one or more of the grounds mentioned in the Calcutta *Thika* Tenancy Act, 1949. Of late the problem of ejectment of *thika* tenants has assumed considerable magnitude particularly in the context of soaring land prices. The Government, therefore, proposes to undertake a comprehensive legislation for amending the Act with a view to prevent unfair eviction of *thika* tenants. Pending such a comprehensive amendment of the Act which would take some time, the Government considers it expedient to suspend immediately all proceedings for ejectment of *thika* tenants temporarily for a period of one year.

2. The Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Bill, 1967 has been framed with the above object in view.

STATEMENT OF OBJECTS AND REASONS.

The fast growing volume of traffic between Calcutta and Howrah has made it urgently necessary to provide additional bridge or bridges over the river Hooghly with a view of relieving congestion of such traffic over the existing bridge and tackling the future growth of traffic in this area.

The Howrah Bridge Act of 1926 relates exclusively to the existing Rabindra Setu and hence it is not possible to construct any other bridge under its provisions.

The present Bill has accordingly been drawn up to provide for the construction, maintenance and control of additional bridge or bridges across the river Hooghly falling within the limits of the Port of Calcutta. It also provides for financing a bridge constructed under its provisions by levy of tolls on vehicular and animal traffic. Other necessary provisions have also been made.

Member-in-charge.

FINANCIAL MEMORANDUM.

Clause 6(1) of the Bill authorises levy of tolls at rates not exceeding the maximum rates specified therein on all types of vehicles and animals passing over or through a bridge constructed under the proposed law.

It is intended that such a bridge will be wholly toll-financed and the construction and operating costs together with the establishment charges of the staff necessary therefor and also for toll collection and supervision shall be met from the toll-proceeds. Necessary reserve and other funds shall also be created out of the toll-proceeds.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. K. BHATTACHARYYA, Judge,
Second Industrial Tribunal.

By order No. 869-I.R./IR/10L-208/64, dated Calcutta, the 1st March 1966, Government of West Bengal in the Labour Department, referred an industrial dispute between Messrs. Modern Moulders Ltd., and their workmen represented by Modern Moulders Mazdoor Union to this Tribunal for adjudication on the following issue :

Issue

> Whether the workmen are entitled to bonus for the accounting year ended 31st March 1963 under payment of Bonus Act, 1965 ? If so, what should be the quantum of bonus ?

After receipt of reference notices were issued on the parties who entered appearance and prayed for time to effect a compromise. Finally, both parties filed a joint petition of compromise and prayed for an award in terms thereof. The portion of the Memorandum of Settlement relevant for the purpose of the present reference is embodied in paragraph (g). The said paragraph inter alia provided that the management agreed to pay Rs. 80 per head to the workmen who were in service for the full period during the company's financial year ending 31st March 1963 and those who were not in full service, the amount will be proportionately reduced against their claim of bonus for the year mentioned above and the total amount of compensation will be paid to each workman was shown in column 7 of Annexure 'C' attached to the Memorandum of Settlement. The Memorandum of Settlement and the compromise petition were signed by Matish Roy, General Secretary of the Union and by Gopal Das Bagri, Managing Director and P. K. Roy Choudhury, Acting Superintendent of the Company. The terms appear to be fair and reasonable and their is no reason why it should be not accepted. In the circumstances the Tribunal accepts the Memorandum of Settlement in so far as it relates to present reference and passed an award in terms of paragraphs (g), (h) and (j) of the Memorandum of Settlement.

There are some disputes pending between the management of Messrs. Modern Moulders Ltd., versus their workmen, represented by Modern Moulders Mazdoor Union over the issues mentioned below :

> Bonus for the year ended on 31st March 1963 pending before the Second Industrial Tribunal.

The management contention is that they are unable to start the factory, production due to bad financial position of the company and also the huge financial liabilities of the company, viz., awarded amount of compensation payable to the workmen and the big creditors, namely, oil suppliers, etc.

Union contention is that the workmen are not bound to forego their leagl dues, viz., awarded amount and the compensation for the period of forced unemployment but considering their future interest in this company and also to creat better relation between the management and workmen also to improve the working results of the company, the parties have come to an amicable settlement with the following terms.

(g) That the management has agreed to pay Rs. 80 (eighty) per head to the workmen who were in the service for the full period during the company's financial year ended on 31st March 1963 and 31st March 1964 and those who were not in full service the amount will be proportionately reduced, against their claim of bonus for the year mentioned above and the total amount of compensation will be paid to the workmen as per Annexure 'C' with effect from 22nd July 1967.

(h) That the workmen and the Union have agreed to accept the terms mentioned in clauses (a), (b), (c), (d), (e) and (f) referred to in clauses (i), (ii), (iii), (iv), (v) and (vi).

(j) In order to avoid any future dispute arising out of the said disputes, it has been further agreed that management and the Union will seat together for an amicable settlement, failing the matter will be referred to the conciliation authority, or any other competent authority appointed for this purpose.

AWARD

By Government of West Bengal, Labour Department, order No. 1433-I.R./IR/4L-22/66, dated Calcutta, the 16th April 1966, the Governor, in exercise of the powers conferred upon her, was pleased to refer the industrial dispute between Sk. Habibulla, Owner of Bus No. WBR-269, Route No. 85, P. O. Garifa, village Gouripore, district 24-Parganas and his workmen represented by Barrackpore Bus Employees' Union, B. T. Road, P. O. Khardah, district 24-Parganas, relating to the issue mentioned hereunder to the Second Industrial Tribunal for adjudication.

Thereafter, by Government of West Bengal, Labour Department, order No. 3072-I.R., dated Calcutta, the 4th August 1966, the Governor was pleased to withdraw the said dispute from the said Second Industrial Tribunal, and transfer the same to the Seventh Industrial Tribunal for disposal.

Issue

Whether the termination of service of Shri Narsin Singh is justified ? What relief, if any, he entitled to ?

On receipt of the order of reference, usual notices were served on the parties ; on one occasion no one appeared for the Union. However, Sk. Habibulla, the employer put in his appearence before the Tribunal. A date was fixed for filing written statement by the parties. After taking some adjournments, a written statement was filed on behalf of the union and the union appointed Shri N. D. Srimani, Advocate, on behalf of the workman. The employer Sk. Habibulla appeared and verbally prayed for time to file written statement, but subsequently he did not file any, though the time for filing the written statement was extended up to 12th January 1967 by the Tribunal. On 12th January 1967, the workman concerned appeared and filed a petition stating therein that he had settled the dispute with his employer amicably out of court and he had no existing dispute. The said petition was filed by the workman himself and so it was shorn the learned Advocate appointed by the union. After seeing the petition filed by the workman, the learned Advocate made an endorsement that he has no instruction to proceed with the dispute, although he informed the party.

The verified petition filed on 12th January 1967 by the concerned workman is dated 31st December 1966. The petition is signed at three places by Shri Narsingh Singh, the workman personally concerned with the dispute.

I have perused the terms of the petition, and I am satisfied that the dispute referred to this Tribunal for adjudication has been amicably settled out of court on terms mentioned in the petition, and after that there is no subsisting dispute between the parties to the proceedings. Accordingly, I hereby pass a "no-dispute" award because of voluntary settlement of the dispute on terms acceptable to the parties. The petition above referred to shall be treated as annexure "A".

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

Shree Ambika Metal Works, 8 Nutanpara Road, P. O. Lillooah, Howrah, against the said Company in connection with G. O. No. 3537-I.R.|IR|10L-97|62, dated 6th August 1962. (Case No. 46 of 1966 u|s 33A.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri R. K. SHARMA, H. J. S., Judge.

AWARD

The present proceedings were initiated by Shri Bhagawati Sharma, a workman employed under the Opposite Party — Messrs. Shree Ambika Metal Works, 8 Nutanpara Roard, P. O. Lillooah, Howrah (hereinafter called the Company) as a Latheman, on the allegation that during the pendency of a dispute referred to this Tribunal for adjudication under order No. 3537-I.R.|IR|10L-97|62, dated 6th August 1962, his services were illegally terminated by the Company without any reason in contravention of section 33 of the aforesaid Act.

On receiving the application, due notice was issued on the Company for appearance and filing written statement. The Company took time and filed a written statement contending therein that there had been no contravention of section 33 of the Industrial Disputes Act, and the application filed by the workman concerned was not maintainable in law.

Thereafter, a date for hearing was fixed. But before the date of hearing, a compromise petition signed by the workman concerned, Shri Sharma, and by a partner of the Company, was filed. The Assistant Secretary of the Howrah Electrical and General Engineering Works Union has signed the compromise petition as a witness. On 16th June 1967 the petition was taken up for hearing. The aforesaid Assistant Secretary and the aforesaid partner of the Company appeared before this Tribunal and orally submitted that the dispute had been settled amicably out of the Court and to the satisfaction of everybody concerned. It is said that the Tribunal should accept the petition of compromise and the terms as fair and reasonable, and should pass an award on the terms embodied in the joint petition of compromise.

I heard the parties and perused the petition of compromise. The terms embodied therein appear to be fair, legal and reasonable. The terms have satisfied the parties concerned, and I find no reason not to accept the joint petition of compromise filed by the parties to the dispute. Hence, I accept the petition of compromise and pass a 'no-dispute' award in terms and conditions mentioned therein. The petition of compromise shall form an annexure to the Award.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, under order No. 4473-I.R./IR/11L-485/63, dated 22nd November 1966, for adjudication of an industrial dispute relating to the undermentioned issue, between Messrs. Himani Private Ltd. and their workmen represented by Himani Workmen's Union.

Issue

Whether the lock-out from 23rd September 1965 to 27th September 1965 was justified? What relief, if any, are the workers entitled to for the lock-out period?

Notices were duly served on the parties by the Tribunal, and they appeared and filed their respective statement. The case was taken up for hearing on 23rd June 1967, and the Union examined one witness and several documents were exhibited. At this stage, a talk of compromise took place between the parties and, accordingly, the case was adjourned to 27th June 1967, for giving a chance to the parties to settle their disputes amicably. On 27th June 1967, though no written compromise petition was filed by the parties, it was stated by the learned representatives of both sides that the Union has agreed to give up wages for 2 days, and the Company has agreed to pay wages for 3 days out of 5 days from 23rd September 1965 to 27th September 1965.

As prayed for by the learned representatives of both sides, there is no need now for deciding the issue as to whether the lock-out was justified. On admission of both parties, the Tribunal holds that there was no work in the factory in question for 5 days, viz., from 23rd September 1965 to 27th September 1965, and the workers will be entitled to get full wages for 3 days only during the said period. This is my award.

AWARD

Government of West Bengal, in its Labour Department, by order No. 3770-I.R.|IR|7L-33|66, dated 15th September 1966, referred an industrial dispute existing between Messrs. Shree Lachminarayan Jute Manufacturing Co. Ltd., 107 C. S. Mukherjee Street, Konnagor, Hooghly (hereinafter referred to as the Company) and their workmen represented by the Lachminarayan Jute Mill's Employees Union, C. S. Mukherjee Street, P. O. Konnagor, Hooghly (hereinafter described as the Union), to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the issue mentioned below.

The issue under reference is as follows :

Issue

Is the refusal of employment to Shri Prem Chand Khaitan justified? To what relief, if any, is he entitled ?

After the service of the usual notices, the Company appeared and thereafter filed its written statement on 1st December 1966. It has been alleged in the written statement by the Company that the workman concerned Shri Prem Chand Khaitan was not a workman but was a Spinning Supervisor of the Mill on a total emoluments of Rs. 500 per month. The company has further alleged that the reasons for retrenchment were not mentioned in the Company's notice, dated 31st October 1965, for the best interest of Shri Khaitan. The Manager of the Company, by his letter, dated 30th December 1965, intimated the Assistant Labour Commissioner, Chandernagore, that it was decided that Shri Khaitan would be transferred to Presidency Jute Mills, Rishra, with effect from 1st November 1965, without change in the conditions of service and that he would not be retrenched. But Shri Khaitan did not agree to accept that appointment though he continued to be in occupation of the free-furnished quarters inside the Mill premises. It has been alleged in the written statement by the Company that the transfer of an officer from one Mill to another is a normal practice in the Mills managed by Messrs. McLeod & Co. Ltd. There was a conference in the office of the Assistant Labour Commissioner, Chandernagore, on 8th June 1966 and the Company offered reinstatement to Shri Khaitan in the Lachminarayan Jute Mill but Shri Khaitan never turned up and/or reported for duty at the Mill. Shri Khaitan is in employment elsewhere since December 1965 and hence, he is not interested in further employment under this Company though the offer of his reinstatement is still open. The Company will reinstate him with continuity in service provided the claim for arrear wages and compensation for the period from 1st November 1965, is waived by him.

The workman as represented by the Union, viz. Lachminarayan Jute Mills Employees Union, filed written Statement on 16th December 1966. In the written statement the Union alleged that Shri Prem Chand Khaitan was not employed in any managerial capacity and was not getting Rs. 500 per month. He was getting Rs. 267-50 P. as his basic pay and dearness allowance at the rate of Rs. 32-50 P. per month. No reason for the termination of his services have been given by the Company either orally or in writing. The order of transfer of Shri Khaitan from Lachminarayan Jute Mills to Presidency Jute Mills was wholly malafide. The workman concerned did not agree to the reinstatement offered by the Company because the wages for the period of wrongful non-employment were not offered along with the reinstatement. Messrs. McLeod & Company, Managing Agents of Presidency Jute Mills Co., had never been Managing Agents of Shree Lachminarayan Jute Mills Co. Ltd. Shri Khaitan had been working since 10th April 1953, under the Company and the order refusing him employment was unfair, malafide and unjust. The workman concerned has prayed for reinstatement to his former job and service and all back wages and allowances for the period of his wrongful non-employment.

Decision

Both the Company and the Union have adduced evidence in this case. I have also heard the arguments advanced by Shri B. Ash, learned Advocate appearing on behalf of the Company and Shri N. Roy, learned Advocate, appearing on behalf of the Union.

The plea taken up by the Company that the workman Shri Prem Chand Khaitan used to work in a managerial and supervisory capacity is wholly unfounded and baseless. There is no evidence to show that P. W. 1 Shri Khaitan worked in a supervisory capacity getting emoluments to the extent of Rs. 500 per month. On the other hand, P. W. 1 Shri Khaitan has stated that he was a clerk (Line Babu) in the Spinning Department of Lachminarayan Jute Mills since 10th April 1953 and was drawing Rs. 267-50 P. as basic pay and dearness allowances at the rate of Rs. 32-50 P. per month. He has stated in his cross-examination that he was not in charge of his department and had not the power of appointment. Admittedly he is still occupying the Company's quarters. The witness on behalf of the Company O. P. W. 1 Shri Jagat Bandhu Paul has also admitted that P. W. 1 was a clerk working under the clerk-in-charge Shri Jugal Misra. It is, therefore, proved beyond reasonable doubt that Shri Khaitan was a clerk under the Company drawing basic pay of Rs. 267-50 P. per month and was not acting in any supervisory or managerial capacity. Shri Khaitan was therefore a workman. The present reference is maintainable under the Industrial Disputes Act, 1947.

It is admitted on behalf of the Company that they are always willing to reinstate Shri Khaitan. In the written statement the Company offered reinstatement to Shri Khaitan. It will appear from the notice of the Company, Ext. 1, that the Company terminated the services of Shri Khaitan with effect from 1st November 1965, without ascribing any reason for it. The order of termination of services was rather abrupt. Admittedly there was no charge-sheet given to the discharged workman and there is no departmental enquiry. The world does not know why this mysterious order of retrenchment of a clerk working since 1953 was passed abruptly on 31st October 1965. Principles of natural justice have been violated. The workman concerned. viz., Shri Prem Chand Khaitan is therefore entitled to reinstatement to the services of the Company in his former post with continuity of service.

As regards back wages since 1st November 1965, till the date of the reinstatement, it has been argued by the learned Lawyer for the Company that as the financial condition of the Company is not happy, they are not able to pay the full back wages. There is no evidence before us to show that the financial condition of the Company is bad. The Balance Sheet of the Company for any year whatsoever has not been produced. It is of course admitted that the Company, on many occasions, offered reinstatement to Shri Khaitan during this period but his back wages were not offered to him. There was justification for the workman concerned in not accepting the offer of reinstatement so long. P. W. 1 has admitted of course, that notice of lay-off was given on 2nd May last and the Mill is not working now. P. W. 1 Shri Jagat Bandhu Paul, Accountant of Lachminarayan Jute Mill has also stated on oath that the Mill is under lay-off since 2nd May last and no lay-off money was paid to the workers giving attendance. He has further stated that there had been no payment since 22nd April 1967 to any of the employees of the Company. O. P. W. 1 does not say that there are financial difficulties which prevented the Company from making payment to their employees As I have already observed, there is absolutely no evidence to show that the financial condition of the Company is bad or that the Company was not working for want of raw materials. I accordingly find that there is no justification for withholding back wages to the workman concerned for the period of his loss of employment since 1st November 1965. I therefore, hold that the workman concerned Shri Prem Chand Khaitan shall get full back wages for the period from 1st November 1965 till the date of his reinstatement to his former job.

As regards other compensations I think, as the Company is under lay-off, it would be just and acquitable not to offer any other compensation to the workman concerned at this stage.

The workman concerned Shri Prem Chand Khaitan shall, therefore, be reinstated to his former job under the Company with continuity of service. The Company is further directed to pay his full back wages for the period from 1st November 1965 till the date of his reinstatement under the Company to his former job. This award shall take effect within one month of the date of its publication in the "Calcutta Gazette."

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present for the Company: Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors.

Present for the Union: Shri Jagannath Pandey, President of the Union.

This reference under section 10 of the Industrial Disputes Act was made by the Government of West Bengal, Labour Department, under order No. 2021-I.R./I.R./7L-14(A)/66, dated 23rd May 1966, regarding industrial disputes between Messrs. Hukumchand Jute Mills Ltd., and their workmen represented the Jute Textile Workers Union (7 Hukumchand Jute Mills Unit). The issues for adjudication are as follows :

Issues

1. Whether the operators of Junior Capstan Lathe Machine should get the same rates as laid down by the Wage Board for Jute Industry for Capstan Machine operators? If not, what should they get?

2. Should Sarbasree Bulaki Singh, Moti Lal and Jnaneswar Singh be considered as Mistries of the category of Journeymen and be entitled to the benefits of the Journeymen's grades as laid down by the Wage Board for Jute Industry?

In response to the notices issued on them, the parties appeared. The Company filed its written statement on 9th August 1966, and the Union on 16th August 1966. The Company filed another statement in reply to the Union's statement on 17th November 1966.

The case of the Union, inter alia, is that the Company is a unit of jute industry and employs about 8,000 workmen. It has not implemented the Jute Wage Board Award in many respects. The Company has a general Machine Shop and a fullfledged foundry where the workers of the descriptions of moulders, pattern makers, dressers and majdoors are employed. The Company has Capstan Machines for which skilled hands known as Capstan Machine Operators are employed. The Dressers of the Engineering Department have enjoyed a grade in the category of Journeymen. The workmen Bulaki, Motilal and Jnaneswar were included in the category of Journeymen. Bulaki reached the grade B in 1952 after completing the grade C. Motilal and Jnaneswar enjoyed the grade C. After the Jute Wage Board Award was passed, the Company did not put these 3 workmen into appropriate grades, and they were not granted the ad hoc increment.

As regards the Capstan Machine Operators, the Union alleges that Kalidas and Sachindra Majumdar were operating Capstan Machines, and they are entitled to the grade as given to the Capstan Operators. But the Company is not paying them at that rate.

In the written statement the Company pleads, inter alia, that Capstan Machines have multiple operations and settings, and they require skilled workmanship for proper handling. The Company has Lathe Machines which are different from Capstan Machines, and the handling of Lathe Machines, which are knwon as Junior Capstan Lathe Machines, is quite simple as there is no arrangement for multiple operations in it. The Junior Capstan Lathe Machine is, in fact, equivalent to Centre Lathe, and it is operated by Junior Turners and Apprentices. In the Company there are 2 Capstan Operators who are getting wages according to the recommendtions of the Jute Wage Board. Both of them are senior workers and their jobs are of much higher standard and skill than that of junior Turners. The junior operators working in the Capstan Machines are being paid according to their respective grades, either as Apprentices or Journeymen to which one belongs.

Regarding Bulaki, Motilal and Jnaneswar, the Company asserts that their work is only to clean and chip the cast materials or parts. They are not Journeymen according to the Central Wage Board for the Jute Industry. They are doing the jobs of Dresser Mazdoors, and they are being paid at a higher rate than the rate fixed for sundry workers by the Jute Wage Board.

Issue No. 1

In this issue the Tribunal has to decide whether the operators of junior Capstan Machines should get the same rate as laid down by the Wage Board for Jute Industry for Capstan operators and, if not, what wages should they get. Of course this is not an omnibus reference, and we are concerned with the matters as existing in Hukumchand Jute Mills Ltd., and the decision of the Tribunal on this issue will be operative in respect of this particular Mill only. The dispute on this point relates to two of the workers, namely Kalipada Dey and Sachindra Majumdar. The case of the Union is that these two workmen were all along operating Capstan Machines along with two other workers. But when the Jute Wage Board recommended higher rate for Capstan Operators, the Company made them work on simple Lathe Machines instead of Capstan Machines just to avoid payment at higher rates to them. Admittedly, neither the Jute Wage Board nor the awards of Tribunals made any distinction between senior Capstan Operators and junior Capstan Operators, as the Company now wants to create. On the other hand, the previous Tribunals and the Wage Board contemplated the case of one category of workmen described as Capstan Machine Operators, and it was directed by the Tribunal in the award of 1965 that Capstan Machine Operators should get more wages than the maximum of 'A' grade Journeymen. The evidence of P.W. 7 Kalipada Dey is that in this Mill there are 4 Capstan Machines two of whch are bigger than the other two. This fact has not been denied. According to this witness the system of operation of all these 4 Capstan Machines is the same, the only difference being that the production from the bigger machines are bigger in size than that from the smaller machines. It has been elucidated in cross-examination of this witness that he joined this Mill in 1948 and the Capstan Machines were installed about two years after his joining. The Company has examined O.P.W. 1 Shri Ranadhir Bhattacharya, who is the Chief Engineer of the Company, and who is in service here since 1956. Evidently, Shri Bhattacharya has no knowledge about the works done by Kalipada Dey since 1948 to 1956. Shri Bhattacharya admits that the workers who operate Capstan Lathe Machine are called Turners, and those Turners who have worked for a long time are allowed to operate senior Capstan Machines after giving them training. Kalipada Dey is a Turner like other Capstan Machine Operators, and he asserts that after the Capstan Machines were brought, the then Foreman selected 4 of the Turners for operation of those Capstan Machines, and he (Kalipada) operated such machine for 11 years. Shri Bhattacharya says that he gave training only to one of the Turners, and the other senior Capstan Machine Operator has been operating such machine from before the time of his joining the Copmany's service. He admits that Kalipada actually worked for some time in the junior Capstan Machine. When the Jute Wage Board and the Jute Tribunals did not make any difference between the senior Capstan operators and junior Capstan operators, it is fit and proper that those Turners who operate either the senior or junior Capstan Machines should be deemed as 'Capstan Machine Operators' and be given higher pay as recommended by the Jute Tribunal. They should be treated as more skilled than the Turners who operate Lathe Machines. The Company has produced a letter Ext. F-1, dated 28th July 1965, from the Indian Jute Mills Association to the Manager of Hukumchand Jute Mills wherein it is stated that the special rate to Capstan Machine Operator is only applicable when the machine requires some setting for multiple operations. It is further stated in this letter that the Capstan Lathe fitted in this Mill has no arrangement for multiple operations and does not require any more setting than that in ordinary Lathe. But this statement does not appear to be correct on the evidence of the Chief Engineer Shri Bhattacharya himself who admits in cross-examination that in the junior Capstan Machine, turning, boring, screwing and facing are done. It is obvious therefore that in the junior Capstan Machine also multiple operations can be obtained. Shri Bhattacharya says that in the senior Capstan Machine, besides the above 4 operations, Taper Turning and Taper Thread Cutting are done. He also says that arrangement of tool posts exist in senior Capstan and also in junior Capstan.

It was pointed out by the learned Advocate for the Company that Kalipada Dey and Sachindra Majumdar admittedly are not working with senior Capstan Machines for the last two years, and so there is no question of giving them higher rate than the ordinary Turners. I have already shown that on the recommendations of the Jute Wage Board and Jute Tribunals those Turners who operate Capstan Machines should be given higher pay than the Turners operating ordinary Lathe Machines. Kalipada and Sachindra have got long experience as Turner and they actually operated all the 4 Capstan Machines in this Mill as avered by Kalipada Dey in his evidence. The certificate of the Mechanical Engineer, Ext. 3, dated 28th December 1960, shows that Sachindra Majumdar had worked as Turner and "Capstan Operator" for more than 10 years. Kalipada says in his cross-examination that for the last two years he or Sachindra has not worked any Capstan Machine, big or small and the Company has engaged two apprentice boys for turning the two smaller Capstan Machines. But when these two operators, Kalipada Dey and Sachindra Majumdar, had proviosly operated Capstan Machines the Company should allow them to operate those machines again and pay them the higher rate admissible to Capstan Machine Operators.

Issue No. 2

In this issue the Tribunal is to decide whether Bulaki Singh, Motilal and Jnaneswar Singh should be considered as mistries of the category of Journeymen and be entitled to the benefits of the Journeymen's grade as laid down by the Wage Board for the Jute Industry.

It is admitted by both sides that those 3 workmen are attached to the Moulding Shop of the Mill and they do the work of Chipermen. O.P.W. 1 Shri Bhattacharya admits that these workmen clean the moulden materials and also chip out the excess portion with the help of hammers and chisels. It is obvious from the evidence adduced by both sides that these 3 workmen do not actually work with machines. Whether or not the Chipermen in general should be given the grade of Journeymen is beyond the scope of the present reference. We are concerned in the insant case with three particular workmen. From the service books of these workmen given by the Company, Exts. 1, 1(a) and 1(d), it appears that all of them were given grade in 1952 and their occupation was shown as Dresser (vide page 22 of the service book). It appears that Bulaki was given 'B' grade, and his wages were Rs. 14.13, and Motilal got 'C' grade with Rs. 12.12 and Jnaneswar also got 'C' grade, his wages being Rs. 12.4. The Company has not denied the service books produced by the workmen. O.P.W. 1 Shri Bhattacharya says that he does not admit the authenticity of these particular entries at page 22 of the service books. When the service books were given to the workmen by the Company, the presumption will be that all the entries were made by the management. Shri Bhattacharya says that he has no knowledge as to who made these entries, and that these were done before he joined this Company. When these entries wre admittedly made before Shri Bhattacharya's joining this Company, he has surely no material to challenge the genuineness of these entries. It is apparent that these 3 workmen were given grade by the Company in 1952 as Dressers.

It is said in the written statement of the Company that the Central Wage Board for Jute Industry has included the Dresser Majdoors among the Sundry workers and has recommended a fixed rate of Basic Wage which is Rs. 9.27 P. per week of 48 hours. But the Company is paying these 3 workmen much higher wage,—Bulaki Singh Rs. 16.81, Motilal Rs. 14.75 and Jnaneswar Rs. 14.25, as stated in the written statement. This shows that the Company did not treat them as ordinary majdoors. When these 3 workmen were given grade by the Company itself in 1952, as appears from the service books, and when they were paid higher rates than the majdoors they should not be deprived of 'grade' simply because the Jute Wage Board in its report did not separately consider the case of Chipermen. Justice demands that these 3 workmen should be given the Journeymen's grade as they are already enjoying the same. From the award of the Jute Tribunal of 1951 published in the "Calcutta Gazette", dated 12th November 1951 at page 1667 it will be seen that the wage of Journeymen in grade 'B' in the second year is 59 pice per hour which is equivalent to Rs. 14.12 annas. From the service book of Bulaki, Ext. 1(a), we get that he was given 'B' grade fixing his pay at Rs. 14.13. So he was given approximately the pay of Journeymen's grade 'B' in the second year. Similarly, Motilal and Jnaneswar were given 'C' grade and their wages were fixed at Rs. 12.12 and Rs. 12.4 respectively. From the same award of 1951 it appears that the Journeymen of 'C' grade in the 5th year were allowed 48 pies per hour which is equivalent to Rs. 12 per week of 48 hours, and in the 6th year of the 'C' grade a worker was allowed 51 pies per hour which is equivalent to Rs. 12.12 annas. It seems, therefore, that Motilal was fixed in the 'C' grade at the 6th year, and Jnaneswar in the 'C' grade at 5th year in 1952. At present the Company is giving Bulaki Rs. 16.81 paise per week, and Motilal Rs. 14.75 P. and Jnaneswar Rs. 14.25 P. as admitted by the Company in its written statement. They should, therefore, be fixed in the corresponding grade of Journeymen according to the award of 1951.

f the actual wages now drawn do not exactly fit in with he scale of pay as givn in the award, they should be given pay in the next higher stage of that such as provided in the award.

AWARD

By order No. 2082-I.R./IR/11L-175/66, dated the 26th May 1966, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Dalhousie Properties Ltd., 1 Humayan Place, Calcutta-13 and their workmen represented by the Dalhousie Properties Subordinate Employees' Union, 11J Watgunj Street, Calcutta-23, regarding the matters specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the dismissal of Shri Sudir Kumar Mitra is justified ? To what relief, if any, is he entitled ?

On receipt of the order of reference usual notices were served on the parties and they appeared and filed their written statements.

It is not disputed that the concerned worker Shri Sudhir Kumar Mitra, Accountant of Messrs. Dalhousie Properties Ltd., hereinafter referred to in this award as the company, since 1st April 1946 was summarily dismissed from his office by the company by its letter, dated 27th September 1965, marked Ext. 1(g) in the case The union took up his cause challenged his dismissal as illegal, unjustified and against all principles of natural justice and raised an industrial dispute over his dismissal before the Labour Commissioner of Government of West Bengal. Conciliation proceedings were started but as the dispute could not be solved in the conciliation proceedings the matter was referred to this Tribunal for adjudication. In the written statement filed on behalf of the union it has been stated that Shri Mitra was dismissed from service by way of victimisation as he was pressing the management to give him as extra allowance of Rs. 100 per month for his acting as a Cashier of the company besides its accountant, which the management had promised him to pay when he was given the additional duty of a Cashier and also had joined the union to protect himself from vindictivenesss on the part of the company for his pressing the demand. The union also stated that for his pressing for the allowance, company had by way of victimisation withheld his annual increment and closing bonus and had also subsequently advised him to undertake the arrear works of employees' Provident Fund which work was never part of his job and ultimately dismissed him from service on false charge of insubordination to its order for clearing the arrear works in the Provident Fund Account. The union contended that this dismissal was not only illegal and unjustified but was also oppose to all principles of natural justice inasmuch as Sudhir Babu was not given any opportunity to exonerate himself of the charge, and pressed for his reinstatement with all wages and other allowances during the period of his forced unemployment.

In reply to the written statement filed on behalf of the union, the company filed its own written statement on 26th August 1966 and therein it has not only denied the charge of victimisation but has also stated that the management had to dismiss him from service for his persistent refusal to comply with the direction to remove the arrears in the Provident Fund Accounts. The company also submitted that as its Accountant. Sudhir Babu was in overall charge of the Provident Fund Accounts duty and was as such responsible for the writing out of the Provident Fund Accounts and that arrears in the account were all due to his negligence of duty as an Accountant. On these and other grounds company contested the merits of the union's prayer for Sudhir Babu's reinstatement. It also took the preliminary objection that the reference was incompetent and invalid inasmuch as the dispute referred to for adjudication was an individual dispute and never an industrial dispute, and Sudhir Babu also was not a worker within the meaning of the term as defined in section 2(s) of the Act. The company submitted that as the Dalhosuie Properties Subordinate Employees' Union was for all purposes a union of its subordinate staff, and Sudhir Babu was never a member of the said staff, the union had no locus standi to take up his cause and that accordingly notwithstanding the reference of the dispute over his dismissal as industrial dispute the dispute was always an individual dispute incapable of being referred to the Tribunal under section 10 of the Industrial Disputes Act.

The issue under adjudication has already been set forth above.

Before I enter into this issue I should dispose of the preliminary objections raised by the company as to the validity of the order of reference. It was submitted on behalf of the company that as Shri Mitra was not a worker under the Industrial Disputes Act, 1947, as amended in 1965 and the Dalhousie Properties Subordinate Employees' Union had no locus standi to raise any industrial dispute on his behalf the dispute raised over his dismissal was always an individual dispute and that accordingly, the reference for adjudication of the dispute was invalid and bad in law After going through the laws relevant for the adjudication of these preliminary objections and evidence on record I am, however, satisfied that none of the preliminary objections raised by the company as to the maintainability of the proceedings and the jurisdiction of the Tribunal to try the reference, can be sustained.

According to section 2(k) of the Industrial Disputes Act, 1947, referred to hereinafter as the Act, "industrial dispute means any dispute or difference between employers and employers or between employers and workmen, or between workmen and workmen, which is connected with the employment or non-employment or the terms of employment or with the conditions of labour, of any person." For a dispute to be an industrial dispute under the Act, the word "person" appearing in the last line of section 2(k) need necessarily be a workman under the Act as it is now well-settled that even when the persons regarding whose employment a dispute is raised are not "workmen" within the meaning of section 2(s) the dispute is still an "industrial dispute" within the meaning of section 2(k) if it is raised by the workmen of the employer and they as a class have a direct or substantial interest in the person about whose employment the dispute is raised. (Vide workmen of Dahingeapara Tea Estate vs. Dahingeapara Tea Estate reported in 1958 II L.L.J. 498.) The two conditions for determining whether a dispute regarding an individual employee is an "industrial dispute" within the meaning of section 2(k) of the Act, thus, are: (1) the dispute must be a real and substantial dispute i.e., one which admits of a relief being given by the employer to the workmen, and (2) the person regarding whom the dispute is raised must be one in whose employment, non-employment, terms of emplo-ment, or conditions of labour, as the case may be, the parties to the dispute, must have a direct or substantial interest. If these two conditions are satisfied the dispute raised is an industrial dispute, even though the person on whose behalf the dispute is raised is not, strictly speaking a 'workman' within a meaning of the Act. (Workmen of Dimakuchi Tea Estate vs. Management of Dimakuchi Tea Estate reported in A.I.R. 1958 S. C. 353). According even if it be found that Shri Mitra is not a worker under the Act, the dispute raised over his dismissal will still be an 'industrial dispute' if it is found on evidence that the dispute has been raised by the workmen of Dalhousie Properties Ltd., and they as a class have a direct or substantial interest in him. As evidence has come it can, however, be safely concluded that Shri Mitra is a worker under the Act. "Workmen" has been defined in the following terms in section 2(s) of the Act:

"Workman" means any person (including an apprentice) employed in any industry to do any skilled or unskilled manual, supervisory, technical or clerical work for hire or reward, whether the terms of employment be expressed or implied, and for the purposes of any proceedings under this Act in relation to an industrial dispute includes any such person who has been dsmissed, discharged or retrenched in connecton with, or as a consequence of, that dispute, or whose dismissal, discharge or retrenchment has led to that dispute, but does not include any such person—

(i) who is subject to the Army Act, 1950, or the Air Forces Act, 1950, or the Navy (Discipline) Act, 1934; or

(ii) who is employed in the police service or as an officer or other employee of a prison; or

(iii) who is employed mainly in a managerial or administrative capacity; or

(iv) who, being employed in a supervisory sapacity; draws wages exceeding five hundred rupees per mensem or exercises, either by the nature of the duties attached to the office or by reason of the powers vested in him, functions mainly of a managerial nature."

It is not disputed that to be a non-workman under the Act Shri Mitra must come under exemption (iii) or (iv) of section 2(s), but the evidence before this Tribunal regarding his duties and responsibilities as an accountant of the company completely excludes him from both these exemptions.

It is not disputed that since his appointment in the company in April 1946 till his dismissal as by the letter, dated 27th September 1965, marked Ext. 1(g) with immediate effect from that date Shri Mitra was working as the accountant of the company and at page 2 of his evidence before this Tribunal he has narrated his duties as such accountant as follows :

"As Accountant I had to receive all payments and had to make necessary arrangements for their remittance to the bank and also to draw up the ledger and prepare journals and to make correct balance sheets and collection of cheques. Besides these I had also to do other works as Accountant." As witness No. 1 for the company Shri Indu Bhusan Bhattacharji, the present Estate Officer of the Company has also made certain statement in cross-examination regarding Shri Mitra's duties as Accountant and there he has said, "Sudhir Babu used to write cash book, journal, voucher, and profit and loss account. He also wrote the accounts, and was also incharge of short correspondence." From this evidence of Sudhir Babu as also of Shri Bhattacharji, it can be said that main duties of Sudhir Babu as an Accountant were to write out cash books and accounts, journal, vouchers, profit and loss account and to prepare the balance sheet and remit payments received to the bank. All these works as also his works as incharge of short correspondence were all clerical works, and as these works were the main works of Sudhir Babu as Accountant, it can be said that he was employed to do mainly clerical work. He was as such a worker under the Act The admitted fact that he was in overall charge of the accounts department, cannot, in my opinion, make him a non-workman under the Act. It is proved by the evidence of Shri Bhattacharji that Sudhir Babu had no authority to appoint or dismiss anybody from service or even to take disciplinary action against any worker of the company. This statement of Shri Bhattacharji read with the unchallenged evidence of Sudhir Babu in cross-examination that whatever works he had done in the accounts department, he had done according to the direction of the Director, and evidence of Shri Bhattacharji and Sudhir Babu himself regarding his duties as Accountant prove the absurdity of the company's case that though an accountant, Sudhir Babu was employed mainly in managerial or administrative capacity and conclusively establish that Sudhir Babu was a worker under the Act. It is not disputed that at the time of his appointment as accountant of the company, the latter was under the management of Talbot & Co., and in course of his evidence in cross-examination at page 3 Shri Bhattacharji said "Sudhir Babu was appointed when the management was under the Talbot & Co. Talbot Company maintained a written chart of his duties, responsibilities and authorities as an accountant. The said chart is certainly in our office. Then says: Appointment letter to Sudhir Babu at the time of his appointment under Talbot Company mentioned his duties, responsibilities and authorities as an accountant and the said letter is in our office. I will be able to produce the letter on the next date of hearing." This evidence of Shri Bhattaharji was given on 18th May 1967 but the letter of appointment to Sudhir Babu was not produced on 20th March 1967 on which date witness No. 2 for the company was further cross-examined and arguments of both sides were heard. No explanation was also given by the company for non-production of the letter. It can, therefore, be presumed that for reason best known to it the company has withheld the best evidence to prove the powers, duties and responsibilities of Sudhir Babu as accountant of the company. When the company contended that Sudhir Babu though appointed as an accountant, was employed mainly in the managerial or administrative capacity, it should have produced the letter the best evidence in its possession regarding Sudhir Babu's powers, duties and responsibilities as accountant of the company Instead of producing the letter company tried to establish by the evidence of Shri Bhattacharji regarding the duties of Sudhir Babu that he was employed in managerial capacity but I have already observed and held that the evidence of Shri Bhattacharji and Sudhir Babu conclusively established that his work as an accountant was mainly clerical and not managerial. He was a clerk, pure and simple and on evidence on record it cannot be said for a moment that any managerial duty was ever performed by him. In this view of the matter company's contention that Sudhir Babu was not a worker under the Act must be overruled. If, therefore, it is proved that the Dalhousie Properties Subordinate Employees Union had the necessary qualification to raise a dispute over his dismissal or that substantial portion of the other workers of the company have espoused Sudhir Babu's cause, the dispute must be held to be an industrial dispute under the Industrial Disputes Act.

It was argued on behalf of the company, that as the union was only a union of its subordinate staff and Sudhir Babu was not at the material time a member of such a staff, the union was not competent under law to raise the industrial dispute over his dismissal. In support of this contention comany relied on the constitution of the Union marked Ext. 6, in the case. Clause 1 of the Constitution lays down that "the name of the Trade Union shall be the Dalhousie Properties Subordinate Employees Union hereinafter mentioned as the Union and that Subordinate employees mean, 'employees drawing basic pay not more than Rs. 200 per month'." According to this clause only the subordinate employees answering the description mentioned in it can be members of the union. It was argued on behalf of the company that as admittedly on the date of his dismissal Sudhir Babu was drawing a basic pay far above Rs. 200 per month, under the constitution of the union he could not be its member on that date and that accordingly union had no right under the law to expouse his cause In reply to this contention of the Company, it was argued on behalf of Sudhir Babu, that though not a subordinate staff on the date of dismissal, he could still be an honorary member of the union as per clause (5) of the Constitution. This clause (5) of the Constitution says that "subject to the approval of general body of members persons not eligible for admission as ordinary members, but are adherents to and sympathisers of the real interests of the working class and fully and completely accepts the aims, objects and constitution of this union, may be admitted as honorary members to serve on the executive committee of the union."

Sudhir Babu has in his evidence said that he is not only a member of the union but is also on the executive committee of the union. Under the constitution he must therefore be deemed to be on the executive committee of the union as a honorary member with the approval of the general body of ordinary members. It, therefore, follows that in the instant case the union is espousing the cause of a worker who in terms of its constitution cannot be its ordinary member but is still on the executive committee with the consent of the ordinary members When, therefore, members of a union act through the union or in other words, when the union is nothing but a mouth-piece of the ordinary members, it can be concluded that through their union the ordinary members of the union have taken up the cause of Shri Mitra and raised the dispute over his dismissal Accordingly when it is proved by the evidence of P W 1 Shri S M N Iman, the present Secretary of the union that at present about 36 employees work in the Dalhousie Properties and they are all members of the union, conclusion is irresistible that the entire subordinate staff of Dalhousie Properties have through their union espoused Sudhir Babu's cause and raised the dispute over his dismissal In several cases of the Supreme Court to mention only a few Bombay Union of Journalists vs. The "Hindu", Bombay A I R 1963 S C and Newspaper Ltd., Allahabad vs State Industrial Tribunal, U.P. 1960 Vol II L L J , 37, 318, it has been laid down that "industrial dispute concerning a single workman can become an "industrial dispute" if it is taken up by the workmen's union or by a considerable section of the workmen in the same establishment When, therefore, in the instant case it is proved by the evidence of Shri Iman that the dispute raised over Shri Mitra's dismissal was taken up by the entire subordinate staff of the company through their union, the dispute referred to for adjudication was certainly an industrial dispute under section 2(k) of the Act Accordingly I hold and conclude that none of the preliminary objections raised by the company can be sustained They are accordingly overruled

Having thus disposed of preliminary objection raised by the company as to the maintainability of the present reference, I pass on to the merits of the union's case for reinstatement of Shri Mitra

It is also not disputed that on 1st April 1946 Shri Mitra was appointed as Accountant of the company and that since then till his dismissal in September 1965 he was working as such as Accountant It is also admitted that Company has dismissed Shri Mitra from service with effect from 27th September 1965 with immediate effect without any charge-sheet and also without any opportunity to him to meet the charge for which he was dismissed by the letter of dismissal, dated 27th September 1965, marked Ext 1(h) in the case As this letter also contained the reasons for his dismissal it is quoted here verbatim The letter reads as follows :

(sd.)
Director "

It will appear from this letter that the company had dismissed Shri Mitra from his service for his alleged insubordination to the Directors direction to complete the provident fund account within the time specified in its letter, dated 1st September 1965, to him. This letter, dated 1st September 1963, is Ext 1 (e), and the last paragraph of this letter which was company's reply to Shri Mitra's letter, dated 26th May 1965, Ext 1(b), to the company, not only contained instructions to Shri Maitra to complete the Provident Fund Account within two weeks of the letter, but also the threat of disciplinary action against him in case of his failure to complete the account within the specified time. In reply of company's letter, dated 1st September 1965, Shri Mitra sent a letter, dated 23rd September 1965, marked Ext 1(d) and there he stated that he was doing the provident fund work together with the other works, viz , preparation of final account for the year ended 31st March 1965, and that as the provident fund accounts had been in arrears for a long time, it would take some time to complete the same and he was not then in a position to state exactly the time which would require for his completion It seems from the dismissal letter, Ext 1(g) that Shri Mitra's letter Ext 1(d) was considered by the Director when passing the order of dismissal as contained in Ext 1(g) It was contended on behalf of Shri Mitra that he had been dismissed from service not for any insubordination or any dereliction of his duties as accountant but for his repeated pressing certain demands for his own benefit It was further contended on his behalf that as an accountant he was never in charge of provident fund accounts and was not responsible for arrears in the said accounts but still the company has, for victimising him for his pressing the demands, falsely attributed the arrears to him and ultimately dismissed him on the false charge of insubordination to Director's direction to remove the arrears within the time specified in the letter of dismissal To prove those contentions union led both oral and documentary evidence Company also exhibited certain documents and examined two of his employees to justify the dismissal of Shri Mitra On a perusal of the oral and documentary evidence led by the contending parties before me, I will have to decide whether the dismissal of Shri Mitra can be sustained or whether it was unjustified and unlawful and was an instance of victimisation I have already said that Shri Mitra had joined this company on 1st April 1946 as its accountant It is not disputed that at the time of the appointment the company was under the management of Messrs Talbot & Company and that the said Talbot & Company had given the necessary appointment letter In an earlier part of this award I had occasion to refer to the said appointment letter and to observe that it has not been produced before the Tribunal by the company, though proved still to be in its custody, by the evidence of its Estate Officer, Shri Bhattacharji As Shri Bhattacharji has deposed it can easily be said that this appointment letter delineated the duties, responsibilities and powers of Shri Mitra as an accountant and in all fairness it should have been produced by the company No doubt Shri Bhattacharji has said that this letter of appointment did not contain any term indicating that as accountant of the company Shri Mitra would also have to do works in connection with the provident fund account As admittedly Provident Fund was introduced in the Company after Shri Mitra had joined the appointment letter to him could not contain instruction or direction regarding works relating to provident fund, but still its production was necessary to show what exactly Shri Mitra had to do as accountant of the Company As in 1946 the provident fund was non est in the company, non-production of the appointment letter cannot, however, lead to the presumption that had it been produced it would have proved that as accountant of the company Shri Mitra was not required to do works in connection with Provident Fund Account It must, however, be said that this appointment letter was a very relevant document in the case for adjudication of the issue whether dismissal of Shri Mitra was bona fide or by way of victimisation In paragraph 7 of the written statement on behalf of the union it has been averred that since 1957 Shri Mitra had been entrusted with the duty of a cashier over and above his job of the accounts, with a promise from the Manager that he would be paid compensatory allowance of Rs 100 per month for the additional work, but the promise was never redeemed In paragraph 9 of its written statement company has denied this case of Shri Mitra for allowance of Rs 100 for his working as cashier and stated therein that Shri Mitra was not entitled to any such allowance. In this paragraph, however, company did not deny that Shri Mitra was given the work of cashier also on and from 1957 and the appointment letter given to Shri Mitra if produced would have shown whether or not under the terms of appointment Shri Mitra would have been entitled to any additional allowance for his working as cashier. It was suggested on behalf of Shri Mitra that his pressing for allowance for working as cashier was one of the reasons which had weighed with the company to victimise him on a false charge of insubordination and he has exhibited the charter of demands, dated 15th March 1965, marked Ext. 4(g) to justify his contention of pressing the company for cashier's allowance of Rs 100 Company has refused this allowance on the plea that Shri Mitra's work had not substantially increased as a result of his being appointed as a cashier also Whether the claim was justifiable or not, the fact remains that Shri Mitra was pressing the company for the cashier's allowance, and the appointment letter if produced might have shown whether the demand was justified or not Hence, I observe that this letter was an important document for determination on the question of victimisation as agitated on behalf of Shri Mitra The charter of demands referred to above not only included cashier's allowance for Shri Mitra but also included Shri Maitra's demands for annual increment of Rs 25, tiffin allowance of Rs 20 per month and closing bonus of one month's salary also and it is in evidence of Shri Bhattacharji, company's present Estate Officer that he and Shri Mitra were regularly getting this tiffin allowance and closing bonus up to 1957 The relevant portion of his evidence in this connection appearing at page 2 of his evidence was as follows :—

> "Myself and Sudhir Babu made a joint demand for two bonuses yearly as also tiffin charges which we were getting under the management of Talbot & Co Under the present management it was discontinued with effect from 1957 My double bonus was also then stopped and Sudhir Babu's was stopped in 1960 After September 1957 company also stopped us paying the tiffin allowance and we jointly demanded for tiffin allowance. After double bonus was stopped I submitted representation for allowing the same I do not know if Sudhir Babu submitted a representation for double bonus after his was stopped "

Not only double bonus and the tiffin allowance were stopped, but the annual increments were also stopped by the present management as will appear from Ext 4a, representation by Shri S K Mitra Shri I B Bhattacharji and Shri B. Shahi By this letter the three signatories informed the Manager of the company that they had not been granted the annual increment in 1961 and requested him to grant them their yearly increment with retrospective effect from January 1961 and it is not disputed that Shri Mitra had not been given the annual increment since the representation Reference in this connection may also be made to paragraph 8 of Union's written statement wherein it has been inter-alia averred that by way of victimisation company has stopped his annual increment of Rs. 25 (as passed in both resolutions, dated June 1957) with effect from 1961, and to Ext 1(a), 1(n), 4, 4(c) and 4(g) as also company's written statement, paragraph 10, wherein the company has stated that the question of annual increment of Shri Mitra had already been dealt with by the Deputy Labour Commissioner and to Ext 1(a), company's letter to Shri Ghosh, regarding Shri Mitra's claim for increment Not an iota of document was, however, produced by the company to substantiate its contention that the question of Shri Mitra's increment had already been decided by the Deputy Labour Commissioner. To the contrary, Ext 4(l), dated 10th December 1964, which was union's letter to Shri H. M. Ghosh, Deputy Labour Commissioner in reply to company's letter, dated 7th September 1964, Ext. 1(e) to the Labour Commissioner, regarding Shri Mitra's claim for increment, closing bonus and tiffin allowance, Ext. 4(g), charter of demands for the employees of the company and Ext. 1(y), a memo. from the Deputy Labour Commissioner to the company asking it to send a competent representative to see him on 23rd September 1965 for a joint conference with the representative of Dalhousie Properties Suboridnate Employees' Union, over the charter of demands of the employees, indicate that not only on the date of Shri Mitra's dismissal, but also subsequent thereto, the union was pressing for increment, tiffin allowance and the closing bonus of Shri Mitra. In this view of the matter company's contention that the dispute raised by Shri Mitra over the question of annual increments was a closed chapter at the time the order of dismissal was passed is very difficult to accept. But even if this contention of the company regarding the increment be accepted, established facts remain that after the company has come under the management of its present Board of Directors in 1957 Shri Mitra was not only denied increments from 1961 onwards, but was also refused the closing bonus and the tiffin allowance which benefits he was getting when the company was under the management of Talbot & Company as also under Mr. Nadler, its Managing Director. Denial of these benefits by the present Board quite naturally dissatisfied Shri Mitra and his cause was taken up by the union. A charter of demands was submitted by the union and in the said charter was also included on behalf of Shri Mitra, demands for his annual increment, tiffin allowance, closing bonus and an additional allowance for his extra work as casheir Over the charter of demands conciliation proceedings were started and a joint conference over the said demands was called by the Deputy Labour Commissioner and necessary memo. issued to the parties concerned to attend the conference [vide Ext 1(v)]. The joint conference was not, however, held on 23rd September 1965 but was adjourned to 27th September 1965 at the request of the Company's representative. [Vide Ext. 1(i)], —Union's letter to Shri Ghosh, Deputy Labour Commissioner. In paragraph 2 of this letter, union further stated that for reasons stated in that paragraph the joint conference could not be held on 23rd September 1965 but was adjourned till 27th September 1965. As the bona fide of these two paragraphs have not been challegned in any way by the company the averments in these two paragraphs were certainly true and correct and the averment prove that the company itself was responsible for the adjournment of the joint conference from 23rd September 1965 to 27th September 1965. On 20th September 1965 the order of dismissal dismissing Shri Mitra with immediate effect was passed. It can, therefore, be concluded that Shri Mitra was dismissed from service at and time when conciliation proceedings over the charter of demands which demands also included demands on behalf of Shri Mitra, was pending and this background of the order of dismissing Shri Mitra from service will have to be considered by me in deciding the question of the proprerty of the order.

I have already observed that Shri Mitra has been dismissed from service for his alleged insubordination to the Director's order to remove the arrears in the provident fund account. Both in his written statement filed as also in his evidence in court Shri Mitra has categorically stated that though an accountant of the company, he was never in charge of provident fund accounts and was not as such responsible for the arrears in the said accounts. He also submitted that though it was never his duty to maintain the provident fund accounts, still as a loyal officer of the company he had, in compliance with the Director's memo:, dated 1st September 1965, Ext. 1 (e) started removing the arrears, but still the management had dismissed him from service. In support of all these contentions Shri Mitra relied on documents marked Exts. 1, 1(b), 1(c), 1(d), 1(o), 1(p), 5(a) and A/1 as also on his oral testimony before this Tribunal. In course of his evidence before this Tribunal regarding the arrears in the provident fund section Shri Mitra said as follows :

> "By a letter company informed me that there were arrears in the Provident Fund Section and I was responsible for the arrears. I replied to the letter denying the charge. Shri A. B. Chatterji was formerly in charge of keeping the Provident Fund Accounts, and it was his duty to maintain the relevant registers and records and this fact I have informed the company. Company sat tight for above 2 1/2 years after this information from me. Since 1952 there were arrears in Provident Fund Section. I was accountant of the company."

In cross-examination he said :

> "I did not look after the Provident Fund Section when the company was under the management of Talbot and Company. Then Ford Rhodes and Parks, who was also the auditor of the company, used to look after the department through its staff. It took Rs. 100 from the company for writing out the provident fund accounts with the help of its staff
>
> Provident Fund was started in 1947 and from 1947 to 1950 Ford Rhodes Parks who audited the company's accounts during these years, checked and prepared the provident fund account books with the help of its staff on an annual payment of Rs.100.
>
> It is not a fact that during these years a junior clerk namely, Shri A. B. Chatterji used to maintain the provident fund accounts.
>
> It is not a fact that all along since 1947 I was keeping the provident fund accounts. There was no clerk named Shri A. B. Chatterji before 1956. One A. B Chatterji came after 1956 and he was in charge of provident fund. As a trustee of the provident fund my main duty was to see that the provident fund money was duly remitted to the bank. Many times I have reported to the company about arrears of work in provident fund section. Reports about arrears of work of provident fund were made verbally by me to the Director. In 1947

> I was insisted on by the company for writing provident fund and then few pages of the provident fund accounts were written by me.
>
> In April 1963 company gave me a letter charging me for arrears in provident fund section. But this letter the company had given after I had on several occasions verbally complained of arrears in the section to the Director."

To disprove Shri Mitra's contention that provident fund account was never in his charge, company examined its present Estate Officer Shri Indu Bhusan Bhattacharji and produced register of contribution account, revenue account, sundry creditor's account and capital reserve, and cash book. On the evidence of Shri Bhattacharji pages 1 to 22 of the register of accounts and pages 1 to 36 of the cash book were marked respectively as Exts. C and C/1, and in course of his evidence Shri Bhattacharji said that all these pages were in the writings of Shri Mitra with whose writings he is conversant. Pages 1 to 36 of the cash book covered the period up to September 1953 and pages 1 to 23 dealt with the provident fund accounts of some individual employees, up to 1952-53 in some cases and to a lesser period in other cases. Accordingly even if all these pages were in the writing of Shri Mitra as has been said by Shri Bhattacharji, the register and the cash book can only prove that up to 1952-53 and at no time thereafter the provident fund account was in charge of Shri Mitra, but no such conclusion even cannot be drawn as Shri Bhattacharji himself has admitted that credit side in pages 1 to 25 inclusive of Ext. C/1 was not in the writings of Sudhir Babu not even of any clerk of the company and that pages 3, 6, 8, 16 and 19 of Ext. C were partly in the writings of Sudhir Babu and partly in the writings of Shri A. B. Chatterji, and the entire pages 12 and 20 were in the writings of Shri A. B. Chatterji. This register and the cash book were produced by the company after the close of union's evidence and naturally Shri Mitra had no opportunity to look through these documents before or in course of his evidence before the Tribunal. After the close of company's evidence union filed a petition for recalling Shri Mitra as he had no opportunity to depose on these documents and the said petition was allowed and Sudhir Mitra recalled for further evidence. In his evidence after recall, Shri Mitra said that the writings within the circles made by him in red or blue in the several pages mentioned by him in his evidence were not in his writings and those writings were in the hands of clerks of Ford Rhodes and Parks and Shri A B. Chatterji, a former clerk of the company. He also said that pages onwards from 37 in Ext. C were in the writings of Shri A. B Chatterjee, so also most of the pages from 39 to the last page of Ext. C. This evidence of Shri Mitra read with the evidence of Shri Bhattacharji conclusively proved that a minor portion of the entries in these two documents were in the writings of Shri Mitra and the rest were either by Shri A. B. Chatterji or by persons not related to the office and those persons were according to Shri Mitra the staff of Ford Rhode and Parks, auditor firm Company disputed that any entry in any of these two documents was in the writings of Ford Rhode and Parks Staff and also disputed Shri Mitra's contention that Ford Rhode and Parks was ever appointed by it to write out the Provident Fund Accounts. But none of these contentions of the company be accepted in view of its own letter Ext. 5. This letter, dated 26th June 1957 to Ford Rhode and Parks and Co. Ltd. was admittedly under the signature of Mr. Nadler, then Director-in-charge of the company. By this letter Mr. Nadler intimated Ford Rhodes, Parks and Co. that the audit of its Employees' Provident Fund Account has not been made from 1st April 1947 and requested the auditor firm to kindly take up the accountancy work of the same at its early convenience. This letter of Mr. Nadler not only indicates that since 1st April 1947 the provident fund account was not being properly maintained but also supports Shri Mitra's contention that the company had approached the auditor firm to remove the arrears and to bring the accounts up-to-date, by its own staff, and had actually got the arrears removed by the said firm. If really Shri Mitra was all along since his employment under the company in charge of Provident Fund accounts also, he would have been certainly held responsible by Mr. Nadler for the arrears in the accounts detected in 1957 and also asked by him to remove the arrears but the letter proves that the then Director-in-charge had instead of asking him to remove the arrears, asked the auditor firm to remove the arrears, a fact which, in my opinion, supports Shri Mitra's contention that provident fund accounts works were never within his duties as accountant of the company. This contention of Shri Mitra is further borne out by complete absence of evidence indicating that at any time prior to 1962 company had ever thought of removing the arrears in the accounts by Shri Mitra. It is true no doubt that during the period covered by the pages of Exts. C and C/1 marked Exhibit in the case, Shri Mitra has made several entries in some of the pages, but this fact alone cannot, in my opinion, substantiate the company's assertion that since the introduction of the provident fund scheme Shri Mitra was all along in charge of the provident fund accounts In his evidence in cross-examination on recall, Shri Mitra has said that he had never regularly written Exts. C and C/1 and that in 1951 and 1952 he had made certain entries in both the registers with the idea to guide the Auditor Staff to write out the same and there is hardly any reason to disbelieve the statement. Mr. Nadlar's letter already referred to not only proves gradual accumulation of work in the provident fund accounts since its inception but also indicates that writing out of the provident fund accounts was not the duty of Shri Mitra, for, if it was otherwise, Mr Nadlar himself would have held Shri Mitra responsible for the arrears detected in 1957 and insisted on him to remove the same. Mr. Nadler, however, did neither ask Shri Mitra to make the provident fund accounts up-to-date nor take any action against him for the arrears but instead brought the auditors' firm for removal of the arrears and I hold that these circumstances only expose the hallowness of the company's case that Shri Mitra was in charge of the provident fund accounts also. Company no doubt tried to make much of Sudhir Babu's admission that entries in several pages of Exts. C and C/1 were in his writings, but if we read through his evidence as a whole, conclusion will be inevitable that this admission does not in any way support the company's case against him. At page 6 of his evidence in cross-examination Shri Mitra said that one Shri A. B. Chatterji had come after 1956 and was in charge of provident fund accounts and this statement of Shri

Mitra was not contradicted by any evidence on the side of the company. It can, therefore, be safely concluded that since after 1956 and not from any time before, Shri A. B. Chatterj was writing out provident fund accounts. As a corollary to this finding follows the further findings that whatever entries he has made in Exts. C and C/1 or in subsequent pages of these register and cash book he has made not contemporaneously but subsequent to his being placed in charge of the provident fund accounts, and this conclusion lends support to the submission on behalf of Shri Mitra that his writing out some of the entries in Exts. C and C/1 was no proof of his being in charge of the provident fund accounts during the period covered by these exhibits nor of his making the entries on the dates appearing against the entries. In other words, Shri. Chatterji's making entries in Exts. C and C/1 after 1956, only prove that before his appointment nobody in particular was entrusted with the provident fund accounts. Appearing as a witness for the company, the Estate Officer of the company has no doubt said that all along since his appointment Sudhir Babu was in charge of provident fund accounts. but as these statements lack corroboration and Shri Bhattacharji could not enlighten the Tribunal as to the authorship of the entries in the credit side of Ext. C/1 and no evidence worth the name was produced on company's behalf, to prove any mala fide of Mr. Nadlar's letter referred to above, it is not possible for me to uphold the company's contention against Shri Mitra regarding writing out of the Provident Fund on Shri Bhattacharji's evidence alone Management's conduct subsequent to Mr. Nadler's letter was also inconsistent with their assertion that Shri Mitra was always in charge of the provident fund accounts. Mr. Nadler's letter requesting the auditor firm Ford Rhode and Parks and Co. to remove the arrears of the provident fund accounts was of 1957 and the next letter in point of time, relating to the provident fund accounts, was Mr. Sirkis's letter to Shri Mitra, dated 7th April 1962, marked Ext 1 in the case The language and tone of this letter was quite inconsistent with the company's case regarding the provident fund accounts and it is abundantly proved by this letter that even on 7th April 1962 Mr. Sirkis himself had no idea of holding Shri Mitra responsible for the arrears in the accounts. In reply to Mr. Sirkis's letter, dated 7th April 1962, Shri Mitra sent the letter, dated 10th April 1962, marked Ext. 4 (a) and in paragraphs 2 and 3 of this letter he has said—

> "You entrusted Mr. Chandra to deal with the matter and I was not informed of anything that has happened since then. I may state that Shri A. B. Chatterji used to write the accounts of the Provident Fund
>
> However, for your information I beg to report that the writing of the Cash Book has been completed up to October 1961, and the Ledger up to April 1961. The entires in the member's pass book was made up to 1950. Unless you depute some one to write the books of accounts and is same is audited, it will not be possible for me to give you the reply to be given to Mr. Chatterji."

What was company's reaction to this letter of Shri Mitra, dated 10th April 1962, it is not possible for me to say from the documents and evidence on record but this much is clear from Mr. Sarkies's memo. to one Shri G. Mukherji, dated 23rd October 1962, that after Shri A. B. Chatterji had left the company Shri Mukherji above referred to, was in charge of Provident Fund Accounts. In support of this observation I may refer to the contents of this letter Ext. 1 (v) which were as follows :

> "It has been reported to me that the Provident Fund books are not up to date and as a result of which the Auditors have not been able to audit the same. This bong a part of your routine work, please see that the books are written up-to-date within a week's time."

Had Shri Mitra been in charge of the provident fund accounts as has been alleged by the company, this memo. would have been addressed to him instead of to Shri Mukherji or at least a similar memo. would have been given to Shri Mitra and the fact that in this letter, dated 23rd October 1962, Mr. Sarkies himself had alone charged Shri Mukherji for the arrears in the provident fund accounts only indicates the frivolity of the company's case that since the introduction of the provident fund scheme in the company Shri Mitra was in charge of the provident fund accounts Few months after this letter Ext. 1 (d), to be more precise, on 18th April 1963 Mr. Sarkies sent the letter Ext. 1 (p) to Shri S. K. Mitra and Shri Mukherji making them both responsible for the arrears in the provident fund account and threatening them with action for negligence if the arrears were not promptly removed by them, but by that time already dispute between Shri Mitra and the management had started over company's refusal to give him tiffin allowance and closing bonus and annual increments, which benefits he was previously getting and, I have not the slightest hesitation to conclude that this letter Ext. 1 (p) making Shri Mitra also responsible for the arrears was given only as a counterblast to this claiming the benefits above referred to as otherwise company would have in its charge-sheet, dated 18th November 1963, marked Ext. A (1) in the case also included a charge of negligence of duty and insubordination to the Director's direction to remove the arrears in the provident fund accounts which admittedly still then were As this charge-sheet was greatly relied on by Shri Sen Gupta appearing for Shri Mitra insupport of his contention that Shri Mitra has been dismissed by way of victimisation on a false charge, it is quoted here in extenso as follows :

> "In the last meeting with the Assistant Labour Commissioner Shri B. K. Roy, in which you were present, you had represented to the Assistant Labour Commissioner that you were an Accountant, that you as part of your office duty were closing the accounts, that the company discriminated in dealing with its employees and in proof of that you produced the original note written by the undersigned to Shri I. B Bhattacharji.
>
> You know it very well that you are failing in discharge of your duties in closing the accounts and as a result thereof the company had to

> employ one Shri D. P. Ghosh for the purpose. You are hereby called upon to explain :
>
> 1. Why have you failed to close the accounts in time necessitating the company to apply to the Registrar of Companies for extension of time for the purpose.
>
> 2. Your explanation as regards removal of the original records of the company for production before the Assistant Labour Commissioner without the permission of the company.
>
> 3. You have been habitually late in attending office and usually attend office at 11 a.m. in spite of you having been warned in the matter.
>
> The aforesaid matters are very serious and constitute serious negligence of your duty as well as the offence of removing the original records from the company's records.
>
> Unless the matters are satisfactorily explained by you, such steps will be taken against you as are warranted by the seriousness of the situation. Your explanation should reach the undersigned within seven days from this date for the matter being considered in the next meeting of the Board of Directors."

In response to charge-sheet Ext. A(1), Shri Mitra submitted his explanation on 20th November 1963 and the said explanation is Ext. 5(a) in the case. In the explanation Shri Mitra met all the charges and it is curious to note that after the explanation no further action on the charge-sheet was taken by the company. In the explanation which was addressed to Mr. Sarkies, Shri Mitra made certain grave allegations against Mr. Sarkies himself but still the management swallowed the charge-sheet and took no action against Shri Mitra on any of the charges though they were according to Mr. Sarkies himself very serious in nature and I hold that this dropping of the charge-sheet notwithstanding the serious allegations against Mr. Sarkies in the explanation of Shri Mitra is a very strong circumstance indicating that the charge-sheet was issued out of spite and malice and not for any offence committed by Shri Mitra. In this charge-sheet, Ext. A/1, dated 18th November 1966, company had not charged Shri Mitra with arrears of work in the provident fund accounts though only a few months ago viz., on 18th April 1966, Mr. Sarkies had by his letter Ext. 1(p), warned him that appropriate action should be taken against him if he and Shri Mukherji would not complete the entire arrear work of the provident fund and I hold that omission of any charge relating to negligence of work or insubordination of order in connection with the provident fund accounts in the charge-sheet Ext. A(1), only indicates that company's case that arrears in the work of provident fund accounts were due to Shri Mitra's negligence has no basis whatsoever. Even after Mr. Sarkies's letter Ext. 1(p) and the chage-sheet, Ext. A/1, arrears in the provident fund accounts were not removed, but it is strange to note that in between the letter Ext. 1(p) and the letter Ext. 1(s), dated 21st May 1965, Shri Mitra was not given any letter or memorandum by any of the Directors regarding arrears in the Provident Fund Accounts. No attemt was made on behalf of the company to explain this long silence over the provident fund accounts matter and this silence is, in my opinion very unfavourable to the company's case that Shri Mitra was all along in charge of Provident Fund Accounts. On 21st May 1965 one of its Directors sent to Shri Mitra a letter Ext. 1(s) asking him to make up the individual provident fund accounts of each individual employee within a fortnight from date without fail. In the said letter the Director has also alleged that Shri Mitra had not wilfully made up individual employees' provident fund account with ulterior motive causing dissatisfaction amongst the employees and also threatened him that in default of his making the arrears they shall treat his default as a serious wilful misconduct on his part entailing all attendant consequences. In reply to this letter Shri Mitra sent the latter, dated the 26th May 1965, marked Ext. 1(b). In this letter he had reiterated and asserted that he was never meant for the Provident Fund Accounts job and had not done it before and that it had ever been the job of others. He also stated in the letter that he had talk with Mr. Sarkies who had assured him that the man who was then engaged in the working of the arrears of Messrs. Humayan Properties Ltd., would be called in to take up the provident fund accounts job in future. Annexed to the letter was a letter, dated 22nd April 1963 [Ext. 1(c)] of Shri Mitra to Mr. Sarkies and in that letter he has stated that Mr. Sarkies had never asked him verbally to complete the provident fund work but on the other hand had been told him that as he was one of the Trustees of the Provident Fund, he could not do the arrear work as the law stands as a bar. In that letter he has also stated that he had proposed for a sanction of Rs. 15 per month to Shri G. Mukherji so that he could get the works done by him but the said proposal had not been accepted and instead, the letter, dated 23rd October 1962, already referred to in this award was issued to Shri G. Mukherji asking him to write out the books, meaning the Provident Fund Account Books within a week's time, as writing out of the books was part of his work. In paragraph 3 of this letter Shri Mitra has said as follows :

> On the 10th April 1962 I wrote to you as follows:—
>
> "Unless you depute someone to write the books of accounts and the same is audited, it will not be possible for me to give you the reply to be given to Mr. Chatterji. As a Trustee of the Provident Fund, I have drawn your attention several times, but I was not instructed anything in the matter."

These and other recitals of Ext. 1(c) sufficiently indicate that from long before this letter, Shri Mitra was insisting on the management to depute some one to write out the provident fund accounts on the ground that provident fund accounts were not his duties but no reply to this letter was given by Mr. Sarkies not before 1st September 1965 on which date he had sent to Shri Mitra the letter Ext. 1(e) containing amongst others, the direction to complete the provident fund accounts within 2 weeks. In this letter Ext. 1(e) while denying Shri Mitra's suggestion that he had himself told him not to write out the provident fund accounts Mr. Sarkies has affirmed that any defects in provident fund accounts was due to Shri Mitra. But nowhere in this letter he has refuted Shri Mitra's assertion in Ext. 1(c) that on the 10th April

1962 he had written to him that unless some one was deputed to write out the books of account and the same was audited it would not be possible for him to give the reply regarding Shri Chatterji's letter about provident fund accounts. Company also has not given sufficient explanation why no prompt reply was given by the Directors to Shri Mitra's letter, Ext. 1(c) as had been done in case of other letters of Shri Mitra and Shri Mitra had to wait for two years for its reply to this letter Ext. 1(c). Ext. 1(c) proves that Shri Mitra was pressing since April 1962 for an assistant for removal of the arrears in provident fund accounts. The unusual delay the company made to reply to this letter,indicates, in my opinion, the frivolity of the company's charge that provident fund accounts was always within the jurisdiction of Shri Mitra. Had this case of the company been a bona fide case, it would have taken disciplinary action against Shri Mitra long before September 1965 when he was dismissed on the charge of negligence of duty viz., arrears work in provident fund accounts and insubordination to the management's direction to remove the arrears. As far back as on 18th April 1963 it had directed Shri Mitra and Shri Mukherji to remove the arrears immediately and informed them that disciplinary action would be taken against them for negligence if the direction was not complied with (vide Ext. 1) the fact that the company had waited up to 25th September 1965 when dispute regarding Shri Mitra's demand for annual increment, closing bonus, tiffin allowance and cashier's allowance was pending before the conciliation officer, to dismiss him on the charge of negligence and insubordination only supports Shri Mitra's contention that he had been dismissed from service not for the charges mentioned in the letter of dismissal but for his repeatedly pressing his aforesaid demands, himself and through his union. It is not disputed that arrears in the provident fund accounts were not removed notwithstanding the Director's letter, dated 18th April 1963 [Ext. 1 (d)] but no explanation the company has given for its not proceeding departmentally against Shri Mitra for his default to remove the arrears or in other words, for his insubordination to the direction to remove the arears as also for his negligence viz., arrears work in the provident fund; nor has it explained why this letter of 18th April 1963 was not followed by any other similar letter for removal of the arrears till 21st May 1965. This conduct of the Directors, I should say, was not consistent with the assertion that provident fund accounts also was in charge of Shri Mitra. On 21st May 1965 company sent to Shri Mitra the letter Ext. 1(s) and it is not disputed that even after the letter, Shri Mitra had not started removing the arrears. On 1st September 1965 company again wrote to Shri Mitra to remove the arrears [Vide letter Ext. 1(f)]. By this letter company directed Shri Mitra to make the provident fund account up-to-date within 2 weeks of the letter and also warned him that drastic action would be taken against him if the direction to remove the arrear was not followed. In reply to this letter Shri Mitra sent the letter dated 23rd September 1965, marked Ext. 1(a). By this letter Shri Mitra informed Mr. Sarkies that he was doing provident fund accounts together with other works viz., preparation of final accounts for the year ended 31st March 1965, and also informed him that since the provident fund accounts have been in arrears for a pretty long time it would take some time to complete the same and that he was not then in a position to state exactly the time it would require for its completion. In reply to this letter of Shri Mitra company sent him the letter dated 23rd September 1965, marked Ext. 1 (d) which was in fact a letter dismissing him from service for his failure to remove the arrear in accordance with his earlier letter, dated 19th September 1965, already referred to. It is quite clear from this letter itself that the order of dismissal was passed wihtout any enquiry as to whether Shri Mitra had actually started removing the arrears and what amount of work he had done in this direction when he sent the letter, dated 23rd September 1965 [Ext. 1(o)], and I am of opinion that without making any such enquiry or without ascertaining whether it was possible for Shri Mitra to remove the arrears within the time fixed by its letter, dated 1st September 1965,the company was not justified to dismiss him from service on the ground of negligence and insurbordination. It appears from paragraph 2 of this letter of dismissal that as Shri Mitra had not in his letter, dated 23rd September 1965, mentioned (1) for how many years he had completed the Provident Fund Accounts, (2) to what extent he had done the work and (3) the further time he would require to complete the same, the management, have decided to pass the order of dismissal for negligence and insurbordination on the part of Shri Mitra but this was not justified. when Shri Mitra had in his letter, dated 23rd September 1965, categorically stated the he has started in removing the arrears and also had explained, why it would not be possible for him to remove the arrears within the time fixed by the management, before dismissing him from service for the charge of insurbordination and negligince of work, before passing the order of dismissal, the Director concerned should have satisfied himself by enquiry that all the statements of Shri Mitra in his letter, dated 23rd September 1965, were not correct and the fact that no such enquiry was made before the dismissal only proves the mala fide of the order. It is true no doubt that by doing his other works in connection with the preparation of final accounts for the year ended 31st December 1965, within the two weeks mentioned in the management's letter, dated 1st September 1965, Shri Mitra had not literally followed the management's direction to devote his entire working hours during the two weeks period for removal of the arears, but this did not, in my opinion, constitute insurbordination or negligence of work sufficient to call for dismissal. As an Accountant Shri Mitra's duty certainly was to write the accounts from day to day and a responsible accountant will always enter the daily monetary transactions in the relevant accounts books in course of that day. Only at the risk of personal safety can an Accountant defer to a future date, making of entries regarding daily transactions. The company cannot also function properly if money transactions of a particular date are not entered on the self-same date. In these circumstances Mr Sarkies' direction to Shri Mitra in his letter, dated 1st September 1965, not to do any work of the accounts department but to devote all his time to the provident fund accounts within the aforesaid period was not a just and reasonable order and non-compliance with the order would not amount to insurbordination. Incidentally I may mention in passing that when giving the aforesaid direction to Shri Mitra the management of the company have not made any arrangement for the writing of the accounts of the company during the periods aforesaid. If the aforesaid Mr. Sarkies' direction was followed by Shri Mitra in letters he would have on the expiry of the two weeks found his accounts department in a mess. As Accountant of the company the ultimate responsibility for the accounts was on Shri Mitra and he was liable to be held liable for any discrepancy in the accounts. For proper discharge of his duties as accountant it was his duty to see that the accounts are regularly and properly kept and it would not have been possible for him to discharge this duty if he had literally followed Mr. Sarkies's direction as contained in his letter, dated 1st September 1965. It, therefore, follows that strict compliance with Mr. Sarkies's direction would not only have amounted to breach of duties by Shri Mitra as accountant of the company but might have also made him liable for dismissal for non-maintenance of the daily accounts during the aforesaid period. I, therefore, observe that Shri Sarkies' direction was not a reasonable and proper direction. It is true that in general the relationship of master and servant definitely implies the existence of power in the employer not only to direct what work the servant is to do but also the manner in which the work is to be done. On of the most important of the implied terms of every contract of service is, that the servant should obey the master and should submit to his authority and respect him. This is independent of the question whether the servant likes it or not. The legal duty to obey is on the servant. The duty of obedience is only to the lawful commands of the master. A servant is not bound, for example, to commit a crime or break the law in obedience to the master's directions. Similarly, orders which expose a servant to any grave danger need not be obeyed by the servant unless he specially undertook to do the particular act. A servant need not risk his own safety in the service of the master and where he reasonably apprehends that such obedience would involve injury to himself he need not obey the order. When, therefore, Mr. Sarkies' direction was not only feasible for a conscious accountant to follow in letters and the direction was also faught with danger for him for the non-maintenance of accounts during the two weeks mentioned in the letters, Shri Mitra's attending to works of the accounts department for the reason stated in the letter, dated 23rd September 1965, referred to above, in addition, to his works of the provident fund account did not, in my opinion, amount to insubordination of duty or negligence of work as alleged in his letter or order of dismissal. The company did not allege that in spite of its letter Shri Mitra had done nothing for removing the arrears of the provident fund account but even if such allegation was made, it would have been summarily overruled by me as the company had not produced the provident fund account books to disprove Shri Mitra's contention in its letter, dated 23rd September 1965, that he had started removing the arrears. Shri Mitra's contention that in response to Mr. Sarkies's direction, dated 1st September 1965, he had started removing the arrears cannot be overruled and I am of opinion that the facts the circumstances alrady discussed in detail conclusively establish that the company was not justified to dismiss him on the charge of insurbodination and negligence of work as mentioned in the letter of dismissal. It is proved by the correspondence between Shri Mitra and the Directors of the company already referred to that as accountant of the company Shri Mitra was repeatedly pressing the management for deputing somebody else to write out the provident fund accounts. The correspondence on record further proves that since after 1956 first Shri A. B. Chatterji and thereafter Shri G. Mukherji was in charge of Provident Fund Accounts and that prior to 1956 services of the staff of Ford Rhods and Parks & Co., Auditors, were requisitioned for works in the provident fund accounts. All these facts and circumstances strongly support Shri Mitra's contention that he was never in charge of the provident fund accounts, but this contention would have been no avail to him regarding the charge of insubordination and negligence if the company had established beyond doubt that in spite of Mr. Sarkies's direction, dated 1st September 1965, Shri Mitra had not taken up the provident fund accounts for removing the arrears. Company did not, however, establish this fact, nor did it lead any evidence indicating complete disregard of the direction by Shri Mitra. Rather the evidence on record tends to show compliance, though not full compliance with the direction by Shri Mitra, Shri Mitra, has said that he would not remove the arrears within the two weeks, firstly, because he had to do works of the accounts department also during the two weeks's period mentioned in the direction; and secondly because the provident fund accounts were in arrears for a pretty long time. As the correctness of none of these reasons given by Shri Mitra for his failure to remove the arrears in provident fund accouuts within the time specified for, has not been proved to be incorrect or even challenged to be incorrect by the company, it must be held that the company was not justified to dismiss him from service for the charges mentioned in the letter of dismissal. When Shri Mitra has, in his letter, dated 23rd September 1965, specifically stated that he had taken up the accounts for removing the arrears but could not, for reasons mentioned in the letters, removed all the arrears within the scheduled time, before dismissing him from service, company should have made enquiries to ascertain the truth and correctness of all the statements of Shri Mitra in his letter, dated 23rd September 1965 and the fact that it had dismised him without taking any trouble to verify the correctness of the statement in his letter, only proves the malafide of the order of dismissal and also tends to indicate that it was determined to dismiss him from service on some pretext or other for his repeatedly pressing for the restoring the benefits vis., tiffn allowance, closing bonus and annual increment, he was enjoying prior to 1961

In view of the discussions and findings made above I conclude that dismissal of Shri Mitra on the charges of negligence and insubordination as mentioned in the order of dismissal, was qute unjustified and unlawful. Union's prayer for his reinstatement with all back wages and other benefits, if any, during the period of his forced unemployment since the dismissal must, therefore, be allowed Accordingly an award directing the company to reinstate Shri Mitra in service with all wages and other allowances, if any, since his dismissal is passed.

This is my award which is to be implemented within a month of its publication in the "Calcuta Gazette".

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, by Shri Mangroo Harijan, C/o. Shri Amaresh Das, 30/20 Birpara Road, P. O. Bhuttanagar, Howrah. (Case No. 4/66 under section 33A.)

Shri R. K. SHARMA, H. J. S., Judge.

For the applicant-workman : Shri Amaresh Das, Secretary, West Bengal Engineering Workers' Union.

For the Company : Shri D. N. Verma, Labour Officer, E. A. I.

AWARD

This application under section 33A of the Industrial Disputes Act, has been filed by Shri Mangroo Harijan, workman employed by the opposite party, Messrs. Orient Steel and Wire Industries Private Ltd., 6 Gopalram Pathak Road, Lillooah, Howrah, alleging that during the pendency of a dispute between this workman and the Company, the applicant workman who was in the permanent employment of the opposite party, was not allowed to resume his work on 27th August 1965 (because his entry inside the factory was prevented by the durwan of the factory) and thereafter the opposite party dismissed him from service without holding a proper enquiry according to the principles of natural justice and without giving him facilities to defend himself.

On receipt of the application, a notice was served upon the O. P. Company which took time and subsequently filed a written statement. In its written statement, the Company stated that although it was a party to the dispute under Government Order of Reference No. 3537-I. R./IR/10L-97/62, dated the 6th August 1962, but subsequently on the basis of a bipartite agreement signed between the Company and their workmen, the Company had been exempted from the reference under Government Order No. 1721-I. R./IR/10L-97/62, dated the 4th May 1964, published in the "Calcutta Gazette, Extraordinary", dated 28th May 1964, page 1606 by the learned Tribunal. The Company further stated that as a result of the Government order, referred to above, and after the passing of the award, there was no dispute pending before the learned Tribunal between the O. P. Company and its workmen. The Company, therefore, contended that there has been no contravention of the provisions of section 33 of the Industrial Disputes Act, and as such, the present complaint by the applicant workman is misconceived and the same is untenable and not maintainable in law.

Thereafter, I fixed 19th June 1967 for hearing of the case. Parties appeared before me. Shri Amaresh Das, Secretary, West Bengal Engineering Workers' Union, appeared for the applicant workman and Shri D. N. Verma, Labour Officer of the E. A. I., appeared for the Company. The larned Secretary of West Bengal Engineering Workers' Union perused the written statement filed by the Company and also the Government Order published in the "Calcutta Gazette, Extraordinary", dated 28th May 1964, page 1606, which was available with Shri Verma. Shri Das thereafter filed a petition on behalf of Shri Mangroo Harijan, the applicant. In the petition, Shri Das prayed that the Tribunal should allow the petition to be withdrawan so that the applicant may pursue the matter under section 10 of the Industrial Disputes Act.

The prayer in the form it has been made may not fall within the jurisdiction of tis Tribunal to grant. But the petition makes it very clear that the applicant is not interested in pursuing this application filed under section 33A of the Industrial Disputes Act. He wants to pursue the matter under section 10 of the Industrial Disputes Act. What the applicant wants to do subsequently is not a matter with which this Tribunal is concerned. Every citizen of this country is at liberty to seek justice in the manner he likes and in the way open to him under the laws of the land. But, it is clear from the petition that the applicant does not want to prosecute this matter any further. Therefore, in view of the petition filed by Shri Das, I have no other option but to dispose of the case for non-prosecution in the present form. Thus the case is disposed of for non-prosecution and this is my Order. Let the petition filed by Shri Das be treated as an Annexure thereto.

The humble petition on behalf of the workman, the applicant—

Most Respectfully Sheweth :

1. That today, the 19th June 1967 has been fixed for hearing of the above case.

2. That I have already gone through the written statement in reply filed by the Company on the 28th May 1966.

In the circumstances, it is prayed that the learned Tribunal should be pleased to allow the petition to withdraw the application under section 33A and to enable the petitioner to puruse the matter under section 10 of the Industrial Disputes Act.

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present :

Shri M. MUKHERJEE, Judge,
Second Labour Court.

For the Company : Shri Lenin Roy. Advocate.

For the Union : Shri Panchanan Bhattacharjee.

AWARD

These are 70 petitions of complaint under section 33A, Industrial Disputes Act, by the respective petitioner- workman against the same O.P.-Company.

There was a prayer for analogous trial of all these cases by the Union as the causes of action on the basis of which complaints have been filed by each individual petitioner workman are the same and that prayer has been allowed by my order No. 9, dated 13th June 1967, in the case No. 14/66 and orders of the same date in other cases.

The petitioner-workman's case in each of the complaint is that they are all parmanent workmen of the O P.-Company and so long enjoying the day of Mohurram as a festival holiday with wages, but the petitioners workmen have not been allowed the abovesaid holiday on 2nd

May 1966 by the O P.-Company in violation of the terms of employment and conditions of service as a retaliatory measure for their participation in strike They also claim over time wages at double rate for the work done by the petitioners workmen on 2nd May 1966.

After service of usual notice, the O.P.-Company appeared in each of the cases and filed written statement, contending, inter alia, that the complaints are vague, improper and without any basis and did not disclose any specific contravention of the provision of section 33, Industrial Disputes Act It is also alleged that there is no cause of action for the alleged complaints

The cases were fixed for hearing on 20th May 1967 and thereafter adjourned to 6th June 1967 and then again to 13th June 1967. On 13th June 1967 the petitioners-workmen filed a composite petition for analogous hearing of all the 70 cases as well as for withdrawal of these cases. This petition has been signed by Shri Gour Mohan Ghorai, Secretary of the General Trading and Engineering Workers' Union. on behalf of the petitioners-workman. It is clear, therefore, that the petitioners-workmen do not press their complaints under section 33A against the O.P.-Company in these 70 cases and accordingly there must be a 'no-dispute' award in respect of these abovesaid 70 cases. So I pass a 'no-dispute' award accordingly on the basis of the petition for withdrawal of the complaints under section 33A, Industrial Disputes Act, on behalf of the petitioners-workmen as such, which be made a part of this award.

This is my award. This award would cover all the cases Nos. 14/66 to 83/66 under section 33A, Industrial Disputes Act.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present:

Shri R. BHATTACHARYA, M. A., LL. B., Judge, Fourth Industrial Tribunal.

For the Company: Shri S. C. Sen, Advocate.

For the Union: None.

The present reference was originally sent to the Second Industrial Tribunal, West Bengal, under section 10 of the Industrial Disputes Act for adjudication on the following issue:

Issue

> Whether the termination of service of Shri Raghunath Singh is justified? To what relief, if any, is he entitled?

The parties to this reference are Messrs. French Motor Car Co. Ltd., Ushagram, P. O. Asansol, district Burdwan (hereinafter described as the company), and their workmen represented by Asansol Subdivisional Automible Shramik Union, Bejoy Bhaban, P. O. Asansol, Burdwan (hereinafter referred to as the Union).

Subsequently, however, the reference was transferred to this Tribunal by the Government of West Bengal, Labour Department, order No. 3308-I. R./IR/10L-211/66, dated 19th August 1966.

In short, the case of the union as stated in the written statement is that on 19th October 1964 Raghunath Singh was given a chargesheet on the allegation that on 18th October 1964 he was found asleep during his duty hours, that the workman gave a reply to the said chargesheet and that the company dismissed him from service. It has been further alleged that no enquiry was held and no opportunity was given to the workman for self-defence The order of dismissal has been described as mala fide and illegal

The company in its written statement has stated that the order of reference is bad in law as the union has no locus standi to represent the workmen On merits it has been stated that Raghunath Singh was a durwan in the company's workshop at Asansol, that on a number of occasions he was caught sleeping on duty and was let off with warning, that on 18th June 1964 he was again found sleeping on duty by the manager himself, that he was chargesheeted to which he gave a reply and that the explanation given by the workman was not accepted as correct. The manager taking into consideration the past records of Raghunath Singh dismissed him from service in the interest of discipline and security.

On 1st June 1967 the union filed a petition for shifting the date of hearing and the prayer was allowed. Today was fixed for hearing of the case. I have waited up to 12-15 p.m. but nobody from the side of the workman or the union appeared. The company has been present from the beginning. After giving sufficient time for the union to be present, I took up the case at 12-15 p.m in the absence of the union or the workman. The company has examined P. W. 1 Shri J. L. Abraham who has proved Ext. A, the chargesheet, Ext. A-1, the reply of the chargesheet, Ext. B, the dismissal letter, and some other papers relating to previous charge.

According to the chargesheet while Raghunath Singh was on duty in the night of 18th October 1964, the Manager found him fast asleep during his surprise check and roused him from sleep in presence of another co-worker. The chargesheet is dated 19th October 1964. He was asked to explain his conduct. Raghunath Singh submitted his explanation in writing. He has stated that he was taking rest from 11 p.m. to 12 p.m. according to the permission of the Manager. Moreover, he had some stomach trouble and without his own knowledge he fell asleep.

In the present case admittedly there was no enquiry. The Branch Manager who has been examined before me as P W. 1 considered the explanation and dismissed him by a letter, dated 27th October 1964. In this letter the reasons for dismissal were that first of a previous chargesheet for sleeping on duty he was found guilty and that secondly he was found committing the same offence of sleeping on duty on 18th October 1964. In that letter the Manager stated also that one hour was allowed to durwans between 9 and 10 for taking meals and no permission was given for resting as stated by Raghunath Singh

Before me the Branch Manager of the Company who found Raghunath Singh sleeping on duty has stated that he himself woke him up in presence of another co-worker of Raghunath Singh during his duty hours. He has also asserted that he was allowed to take his meal between 9 p.m. and 10 p.m. and that he did not give Raghunath Singh any permission to take rest during duty hours as alleged by the letter. The union or the workman have not come before this Tribunal to challenge the statement of the witness or to say that Raghunath Singh was entitled to take rest or sleep while on duty according to the specific permission of the Branch Manager. For the sake of discipline and security of the workshop the step taken against Raghunath Singh is justified and reasonable Sleeping on duty is a serious offence. Moreover, Exts. C and C/1 show that in August 1963 also Raghunath Singh was found sleeping on duty and that he was served with warning notice. That warning notice had no effect on Raghunath Singh. On consideration of the chargesheet and the explanation as well as the evidence on records, I am satisfied that the charges levelled against Raghunath Singh have been proved before me to my satisfaction and I hold that the order of dismissal passed against Raghunath Singh is justified, proper and legal. The workman in question is entitled to no relief.

In the matter of an industrial dispute between Messrs. L.C.Sett and Co. (P) Ltd., 43 Dharamtala Street, Calcutta-13 and their workman, Shri Sukhendra Nath Banerjee, 15 Vidyasagar Street, Calcutta-9. (G.O.No. 4633-IR, dated 2nd December 1966.) (VIII—437/66.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHARYA, M.A., LL.B.
Judge, Fourth Industrial Tribunal.

This reference under section 10 of the Industrial Disputes Act arises out of Government of West Bengal, Labour Department, order No. 4633-IR/IR/11L-128/64, dated 2nd December 1966. The parties are Messrs. L.C.Sett and Co. (P) Ltd., 43 Dharamtala Street, Calcutta-13 (hereinafter described as the company) and its workman Shri Sukhendra Nath Banerjee, 15 Vidyasagar Street, Calcutta-9. The issue for decision is as follows.

Issue

Whether the termination of service of Shri Sukhendra Nath Banerjee is justified? What relief, if any, is he entitled to ?

Both the parties appeared in this case and submitted their written statements. The company has taken two preliminary points of law and demands decision thereof before going into the question of merits involved in this case regarding the termination of Shri Banerjee's service. The first point taken up from the side of the company is that in the order of reference the company has been described as L.C. Sett and Co. (P) Ltd. whereas in fact the company has been registered under the Company's Act and carries on its business in the name of "L.C. Sett and Co. Private Ltd.". As the company has been wrongly described in the order of reference, the present proceeding cannot be legal.

The second point canvassed from the side of the company is that the present order of reference is not maintainable in law inasmuch as Shri Banerjee's case has not been expoused by any appreciable number of workmen of the company to constitute an industrial dispute. The contention of Shri C.L.Ganguly on behalf of the company is that the new section 2A of the Industrial Disputes Act by virtue of which Shri Banerjee had been made a party is not retrospectivei n effect and, therefore, the termination of Shri Banerjee's service before the introduction of section 2A cannot be a subject-matter of the present reference when the dispute has not been taken up by a number of workmen.

At the hearing of the preliminary objection certain documents have been marked exhibits without objection from the side of the company. No oral evidence has been adduced by any of the parties. The parties have relied upon the documents exhibited and certain admitted facts.

With regard to the first point taken by Shri Ganguly for the company, I must say that the point raised is of no value. The description of the company given in the order of reference is quite clear and correct and it is not at all difference from the description of the name in which the company carries on business. The work "Private" has been inserted in the description in an abbreviated form. This is not a fatal defect. I hold that the company has been properly described in the order of reference.

The second objection raised by Shri Ganguly is important and requires consideration. As I have already stated, the parties accepted some admitted facts. The company issued a letter to Shri Sukhendra Nath Banerjee on 31st August 1965 informing him that his employment would be terminated with effect from 1st October 1965. From 1st October 1965 Shri Banerjee has become unemployed. Shri Banerjee served a lawyer's letter, dated 21st October 1965, upon the Company challenging the order of termination of service. Shri Banerjee submitted an application under section 10(2) of the Industrial Disputes Act on 2nd March 1966 for referring the dispute to a Tribunal. Ultimately, the State Government by an order, dated 2nd December 19 6, referred the present dispute to this Tribunal for adjudication. With regard to this fact there is no dispute from the side of the parties.

I shall now deal with the recent amendment of the Industrial Disputes Act. By the introduction of the Industrial Disputes (Amendment) Act, 1965, the new section 2A has been inserted and the said section runs as follows:

> "Where any employer discharges, dismisses, retrenches or otherwise terminates the services of an individual workman, any dispute or difference between that workman and his employer connected with, or arising out of, such discharge, dismissal, retrenchment or termination shall be deemed to be an industrial dispute notwithstanding that no other workman nor any union of workmen is a party to the dispute."

This amending Act of 1965 received assent of the President of the Union of India on the 19th November 1965. It was published in November 1965, for general information. Section 1(2) of the Industrial Disputes (Amendment) Act, 1965, says that this act shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint. The Central Government published a notification under section 1(2) being No. S.O.3751, dated 27th November 1965. I quote below the said notification:

> "In exercise of the powers conferred by sub-section (2) of section 1 of the Industrial Disputes (Amendment) Act, 1965 (35 of 1965), the Central Government hereby appoints the 1st day of December 1965 as the date on which the said Act shall come into force."

There is no doubt whatsoever that the Act 35 of 1965 is not retrospective in effect. The legislature intended that the Act would come into force with effect from a future date which would be fixed by the Central Government. Admittedly, therefore, section 2A of the Industrial Disputes Act came into force on and from 1st December 1965.

Shri Ganguly's argument is that when the service of Shri Banerjee has been terminated with effect from 1st October 1965 and when section 2A became effective from 1st December 1965, the present dispute raised by the employee Shri Banerjee himself cannot be taken as an industrial dispute as defined by section 2A of the Industrial Disputes Act. Shri Banerjee has submitted that in the present case an individual dispute is involved. On this ground Shri Ganguly has argued that the reference is not maintainable in law.

In reply to the argument of Shri Ganguly, Shri K.K. Gupta, learned Advocate for Shri Banerjee, has contended that section 2A has brought about a change in the procedural law and therefore although section 2A is not retrospective in effect, the present reference is good because Shri Banerjee moved the State Government for the present reference on 2nd March 1966 after section 2A had come into force. Shri Gupta has further submitted that when the Government has made the reference after 1st December 1965, there cannot be no legal flaw.

I cannot agree with the argument advanced by Shri Gupta. The language of section 2A of the Industrial Disputes Act as inserted by Act 35 of 1965 clearly shows that in order to apply section 2A in a particular case it has got to be seen whether after the date of appointment as mentioned in section 1(2) of Act 35 of 1965, there was any discharge or dismissal or retrenchment or any termination of service of an individual workman and whether any dispute or difference between that workman and his employer connected with or arising out of such discharge or dismissal or retrenchment or termination as the case may be, did arise. If it is found that after that date of appointment, namely, 1st December 1965, any such discharge, etc. was made and further any dispute or difference relating thereto was raised, in that case such dispute raised by the aggrieved workman alone would be regarded as an industrial dispute although any other workman or any union of the workmen had not espoused the cause of the aggrieved workman. The essential ingredients have to be fulfilled before an individual dispute over dismissal or termination of service be regarded an industrial dispute, according to section 2A. The first requisite is that the impugned discharge, dismissal, etc. must arise on or after 1st December 1965. The second condition is that the dispute or difference over the question of discharge, dismissal, etc. must be raised on or after 1st December 1965 following the questioned discharge, dismissal, etc. If these two conditions are fulfilled, section 2A of the Industrial Disputes Act shall be attracted and the dispute although raised by an individual and aggrieved workman shall be deemed to be an industrial dispute which shall be adjudicated upon by the Industrial Tribunal. In the present case, the termination of service of Shri Banerjee was made before section 2A came into being. The cause of action of the dispute undoubtedly arose before section 2A came into force. By the introduction of new section 2A an individual workman who is aggrieved at the termination of service has acquired a right to have his dispute adjudicated by the Industrial Tribunal and to receive relief in appropriate cases. The new section has given right to a person. This is not a procedural matter pure and simple. I do not think that in the instant reference before me Shri Banerjee has any right to bring his dispute before an Industrial Tribunal. The present dispute, I hold, is not an industrial dispute according to section 2A brought into being by Act 35 of 1965. Undoubtedly, the case of Shri Banerjee has not been taken up by any co-worker of his. The present dispute is therefore not an industrial dispute according to the Industrial Disputes Act. The State Government fell in error to refer the present dispute to the Industrial Tribunal for adjudication under section 10 of the Industrial Disputes Act. The Government had no jurisdiction to make such a reference. Neither has the Tribunal any authority under the law to adjudicate the present dispute.

In view of my findings above, I decide that the present reference is without jurisdiction and not maintainable in law. The dismissed workman is not entitled to any relief.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Elite Cinema, 136 S.N.Banerjee Road, Calcutta-13, and their workmen represented by Bengal Motion Picture Employees' Union, 126A Dharamatalla Street, Calcutta-13. (Case No. 334 of 1966.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri L. C BANERJEE, Judge,
Fifth Industrial Tribunal

Present for the Company: Shri P R Mukherjee. Advocate

Present for the Union : Shri S R Ghosh. Advocate.

The Government of West Bengal. Labour Department, by order No. 3465-I.R /IR/11L-324/66, dated the 29th August 1966. has referred to this Tribunal. under section 10 of the Industrial Disputes Act, an industrial dispute existing between Messrs Elite Cinema and their workmen represented by Bengal Motion Picture Employees' Union for adjudication on the following issues :

Issues

1 Is the dismissal of the Booking Clerks, viz., Sarvashri Abani Mohan Roy, Jaffar Ali and Satyen Sen Gupta justified? To what relief, if any, are they entitled ?

2. Is the termination of service of Shri D L Braham, Usher, justified? To what relief, if any, is he entitled?

Both the parties appeared before the Tribunal on getting notice from it, and they filed their respective statement After the filing of documents the case was taken up for hearing The Company began evidence first and examined two witnesses On behalf of the Union 4 witnesses were examined A large number of documents were exhibited on either side

The case of Messrs Western India Theatres Ltd., as owner of Elite Cinema, inter alia, is that the employees referred to in the issue No 1 were Booking Clerks in the above Cinema, and they were dismissed from service for misconduct as they were misappropriating the money of the Company by selling forged tickets to customers. These workers were duly charge-sheeted after preliminary enquiries It is alleged that towards the end of 1965 the management came to know accidentally about the selling of forged tickets when the Booking Clerk Shri A M Roy was caught redhanded by an outsider The police was informed and Shri Roy was taken into custoday. Ultimately the case was dropped by the police. After this incident the Booking Clerks Shri Satyen Sen Gupta and Jaffar Ali made voluntary confessions before Shri S R Hemmad. one of the Directors of the Company to the effect that they had been selling forged tickets for a long time along with Shri A M Roy and Shri J.K. Chandra under the patronage of Shri T. Rustomji, the then Manager of the Cinema Shri Hemmad reported the matter to Shri Modi, the Managing Director, who came from Bombay to Calcutta and held preliminary enquiries when Shri Satyen Sen Gupta and Shri Jaffar Ali confessed their guilt Thereafter the management brought charge-sheets against all these Booking Clerks and as their replies were not satisfactory the management decided to hold an enquiry These workmen were present before the enquiry officer who, after taking evidence, submitted a report finding all the workmen guilty of the charge The management, on this report, decided to dismiss these employees

Regarding the issue No 2, the Company pleads that Shri D L Braham was an Usher in the Elite Cinema, and he went on sick leave on 5th January 1966 for 7 days, and the leave was further extended for 20 days more. The management sent a medical attendant at their own cost to examine Shri Braham at his residence with a view to ascertain the nature of his illness The report of the medical attendant revealed that the said employee was suffering from a serious type of disease which might endanger his life if he was actively engaged in work The management, therefore, asked Shri Braham to show cause why his services should not be terminated for ill health The latter then prayed for a fresh medical examination and, accordingly, a doctor was again sent by the Company He examined him and found him to be unfit for any physical work. The management then informed Shri Braham that he should better retire on ground of health and offered him compensation He was further intimated that unless he retired voluntarily the management would have to terminate his services As Shri Braham did not give any reply to this or retire voluntarily, his services were dispensed with

In the written statement of the Union the case in brief is the Elite Cinema was under the management of Messrs 20th Century Fox Corporation till May 1964, for 10 years Before that it was under the management of the present Company, namely, Messrs Western

India Theatres Ltd. All the 4 victimised workmen were working in this cinema all along. The Western India Theatres Ltd. had been running two Show Houses in Calcutta, namely, Minerva and Elite Cinemas. The Minerva Cinema was closed in 1964 because of cancellation of Corporation license, and a large number of its employees, including the Manager Shri Daruwalla, were out of employment. The Company then brought Shri Daruwalla and a few Booking Clerks from the Minerva Cinema to the Elite Cinema in 1965, and the trouble started therefrom. The then Manager of the Cinema Shri Rustamji was not in good terms with Shri Daruwalla and each was out to discredit the other and try to earn the favour of the top bosses with a view to become the Manager of the Elite Cinema. In this tug of war Shri Daruwalla won as he could create a scare in the Company to the effect that Shri Rustomji had been selling duplicate tickets through the Box Office of Elite Cinema. Shri Daruwalla managed to push out Rustomji and step into his shoes as the Manager of the Elite Cinema. In this battle the 3 Booking Clerks and the Usher Shri Braham were made scape-goats. They lost their jobs for no fault of theirs. Shri Satyen Sen Gupta was suspended on a false charge of being absent without leave. Then a new allegation was made against him that he was implicated in the sale of duplicate tickets, and at another stage another allegation was made against him that he had misappropriated some money out of one day's collection along with some other Booking Clerks. Shri Braham was first charged of being implicated in the sale of duplicate tickets, but it is said by the Union that on being found the charge untenable, the Company next disbelieved the facts of illness and questioned the veracity of the Medical Certificate submitted by him. Shri Braham was thrown out of employment simply because of his illness for 3 months. The management of the Cinema got a criminal case instituted against Shri A.M.Roy for sale of duplicate tickets. But this allegation could not be substantiated before the Court, and Shri Roy was acquitted. It is alleged by the Union that the whole of the action taken by the Company against the 3 Booking Clerks and the Usher was unjust, unfair and mala fide, and it was nothing but victimisation of these workmen.

In this Tribunal the Company adduced evidence first and examined O.P.W.1 Shri Sudhir Kumar Mukherji, who held the enquiry into the charge-sheets, and O.P.W.2 Shri D. Daruwalla, the present Manager of the Elite Cinema. On behalf of the Union the four workmen mentioned in the order of reference were examined, and no other witness was produced. I shall now deal with the two issues one by one.

Issue No. 1

It appears from the evidence that Messrs. Western India Theatres Ltd. had been running 2 Houses for showing cinema pictures in Calcutta, viz., Minerva Cinema and Elite Cinema. For some time from 1954 to 1964 the Elite Cinema was under the management of the 20th Century Fox, and it was again taken over by the Western India Theatres Ltd. Minerva Cinema was closed as the Calcutta Corporation refused to give license at the beginning of 1965. At that time one Rustomji was the Manager of Elite Cinema being transferred from Minerva Cinema in June/July 1964. Shri D. Daruwalla was previously the Assistant Manager of the Minerva Cinema, and he was promoted as Manager of the said Cinema after the transfer of Rustomji; and Shri J. Hydar was made the Assistant Manager of the Minerva Cinema. When the Minerva Cinema was closed, the entire staff of the cinema excepting Shri Daruwalla were retrenched on 31st March 1965. Shri Hydar was reappointed as Booking Clerk in Elite Cinema in June 1965.

It is the case of the Company that in October 1965 Shri A.M.Roy was arrested by the police on the complaint of public that he was found using Amusement Tax Tickets which were known to him to have been used before. On hearing of this incident the Managing Director Shri K.M. Modi came down to Calcutta from Bombay and held a preliminary enquiry. Two of the Booking Clerks, namely, Satyen Sen Gupta and Jaffar Ali admitted to him that the sale of forged tickets by the Booking Clerks was going on for a long time at the connivance of the Manager Shri Rustomji. Rustomji had submitted his resignation at the end of October 1965, and Daruwalla had been made the Manager of the Elite Cinema in his place. Upon a preliminary enquiry made by Shri Modi on 15th December 1965 charge-sheets were issued against Shri Satyen Sen Gupta, Shri A. M. Roy and Shri Jaffar Ali, and another Booking Clerk Shri J. K. Chandra. An enquiry into the charge was held by Shri Sudhir Kumar Mukherji, O.P.W.1, an Advocate. The Booking Clerks were present at the enquiry and the enquiry officer by taking evidence found them guilty of the charge, and ultimately they were dismissed by the management.

The Company has examined Shri Sudhir Kumar Mukherji, an Advocate of Alipore Criminal Court, O.P.W.1, who held the enquiry. It was contented by the learned Advocate for the Union that Shri Mukherji must be taken to be a biased man as he is a professional man. But there is nothing to show that Shri Mukherji had any axe to grind against the Booking Clerks of the Cinema. He says that he was not connected in any way with the Elite Cinema, and he was chosen by the management as an independent person for holding the enquiry, and it was also because he was connected with another Cinema House, viz., Bangabashi Cinema, as legal adviser. The three charge-sheets served on the three Booking Clerks, whose names appear in the order of reference, have been filed along with the enquiry proceeding, Ext. B. All these 3 charge-sheets are dated 1st January 1966. It is said in the charge-sheet that it had been brought to the notice of the management that sale of forged tickets was going in this Cinema for some time in which the Booking Clerks had been engaged, and Mr. K. M. Modi, Managing Director, had come to Calcutta and held an enquiry when Satyen Sen Gupta and Jaffar Ali admitted this incident before him. A report of the proceedings held by Shri Modi is annexed to the charge-sheet. The learned Advocate for the Union referred to a decision of the Madras High Court, reported in 1956(1) L.L.J. p.29, wherein it has been held that a charge which a person is called upon to meet must be clear precise and accurate. In the instant case before us it does not appear that the charge-sheet issued was not clear or accurate. From the language used in the charge-sheet there could not be any difficulty on the part of the workmen to understand the allegations made against them by the management. In the written explanation submitted by Shri Satyen Sen Gupta and Shri Jaffar Ali there is no such plea that the charges are inaccurate or lacking in clarity and precision (vide Ext. B). It is admitted that all the Booking Clerks in question were present during the enquiry held by Shri Mukherji on 2nd February 1966. In the evidence before this Tribunal these Booking Clerks alleged that no enquiry actually took place in their presence, and they were made to wait for some time, served with tea, and then asked to leave. This story cannot be believed. As a matter of fact, it appears from the evidence of the Enquiry Officer and also from the proceedings recorded by him that these Booking Clerks were not only present throughout the enquiry, but they cross-examined the witness Mr. Hammar who was examined before the enquiry officer by the management. Shri Daruwalla and Shri Hydar also gave evidence in the enquiry proceedings. But the workmen concerned declined to cross-examine them, though the enquiry officer gave them opportunity to do so. This fact will appear from the proceedings, Ext. A, recorded by Shri Mukherji. Of course, Shri Modi was not examined, but his report was produced before Shri Mukherji. Both Shri Daruwalla and Shri Hydar proved the charge-sheets against these Booking Clerks. There is no suggestion as to why Shri Hydar, who is another Booking Clerk, would speak falsely against the concerned Booking Clerks. The report of Shri Mukherji is Ext. C. The Union has also produced a copy of this document and it is marked Ext. 4. It appears that the enquiry officer on perusal of the evidence was satisfied that the charges against these workmen were established. I find no material to hold that this finding was perverse or that the enquiry was improper and unfair. There is nothing to show that the management had any reason to victimise these Booking Clerks by bringing false charges against them.

It is admitted by Shri A.M. Roy in his evidence before this Tribunal that the police had brought a case against him on the allegation of affixing used amusement tickets. He further admits that the case was started on the report of the public against him. This admitted incident of police case goes to show that the management had reason to suspect the Booking Clerks, and hence the enquiry made by Shri Modi was a normal action taken by the management when they came to know about the police case against one of the employees on the complaint of public. Of course, Shri Roy was subsequently discharged in that criminal case, as will appear from Ext. 36. But that fact will not stand against the domestic enquiry held by Shri Sudhir Kumar Mukherji. The learned Advocate for the Union cited a ruling of the Madras High Court, reported in L.L.J 1960(II) p. 678, which lays down that the action of the management in dismissing the concerned workmen after his acquittal by the Criminal Court must be taken to be mala fide. In the instant case, however, the accused Shri A.M. Roy was discharged by the Criminal Court on 10th March 1966 (vide Ext. 36) while he was dismissed by the management long before that, viz., on 9th February 1966 (Ext. 3). Moreover, the Criminal Case was started on a different charge, viz., depriving the Government of the legitimate dues of Amusement Tax by affixing used tax-tickets. The domestic enquiry was held on a different charge, viz., selling of forged cinema tickets to the public, and thereby depriving the management of their lawful dues. It may be noted that after the start of the police case in October 1965 management served a charge-sheet on Shri A. M Roy, in November 1965 (vide Exts. 13 and 14) on the very allegation on which the police case was lodged against him. But no domestic enquiry was held on this charge-sheet presumably because of the fact that the police case was going on. Shri A. M. Roy was again served with charge-sheet on 1st January 1966 along with other Booking Clerks on the allegation of sale of forged tickets, and on this charge the enquiry was held by Shri Sudhir Kumar Mukherji who found them guilty.

Considering all these facts and circumstances and the evidence adduced before the Tribunal, it appears that Shri Abani Mohan Roy, Shri Satyen Sen Gupta and Shri Jaffar Ali were rightly dismissed on the finding of the enquiry, and they are entitled to no relief.

Issue No. 2

The service of the Usher Shri D. L. Braham was terminated by the Company on ground of continued illness. It is stated by him that on 23rd December 1965 he took privilege leave up to 5th January 1966, and then he made an application for sick leave with medical certificate. Ext. 32 is the copy of the letter by which Shri Braham took medical leave for 7 days on 5th January 1966. Next, he sent another letter on 11th January 1966 (Ext. H) praying for further extension of leave for 20 days, i.e., up to 31st January 1966. The Company in reply stated that the management would send a doctor to examine him on 25th January 1966 (Ext. I). It is admitted that the doctor of the Company examined Shri Braham on 25th January 1966, and his report is Ext. F. This report shows that Shri Braham was suffering from malignant hypertension (B.P. 205/120) with cardiac enlargement and hypertrophy. According to the opinion of the doctor, Shri Braham was quite unfit for any sort of physical work which might precipitate sudden catastrophy of cerebral haemorrhage and subsequent stroke. Shri Braham did not join his duty. On 28th January 1966 he wrote a letter to the Company praying for rendering medical treatment to him by the Company (Ext. J). On 21st March 1966 the management asked him to show cause why his services should not be dispensed with for continued ill health, and expressed their inability to bear medical expenses for his treatment (Ext. K). It appears that Shri Braham wrote another letter to the Company on 28th March 1966 praying for examination again by the doctor of the Company and, accordingly, the management wrote a letter (Ext. K-1), dated 7th April 1966, intimating that the Company's doctor will examine him on 12th April 1966. The doctor accordingly, examined him again, and the report of the doctor, Ext F(1), shows that Shri Braham was continuing to suffer from the same type of illness. The Company thereafter terminated his services with effect from 1st May 1966 by the letter, Ext.G, dated 28th April 1966. There is nothing to show that Shri Braham had reported for duty or adduced any satisfactory proof about his fitness to the Company at any time since he went on leave on 23rd December 1965 till his services were terminated by the management in May 1966. Under the circumstances, it seems, that the management was justified in terminating the services of Shri Braham on ground of continued serious illness. It has been held in 1963 (I) L.L.J. p.1 that continued ill health includes any physical defect or infirmity incapacitating a workman for future work for an indefinite period. The same was the case with Shri Braham, as appears from the evidence. Of course, Shri Braham now says that he is fit, and he has produced a medical certificate, (Ext.37), dated 8th April 1967 in support of his contention. But he has not examined the doctor who granted him the 'fit certificate'. I, however, think that the management should get Shri Braham examined by the Company's doctor again at its cost, and if Shri Braham is now found fit he should be reinstated. Shri Braham should submit to the medicale xamination to be held by the Company within one month from the date of publication of this award. In case Shri Braham is reinstated on being found fit by the Company's doctor, there will be no question of paying him any back wages. In case Shri Braham is still found unfit by the doctor to do his duties, the Company's order of termination of his services will stand.

AWARD

An industrial dispute involving an issue mentioned hereunder was referred to the Second Industrial Tribunal under Government of West Bengal, Labour Department, order No. 688-I R /IR/11L-150/65, dated Calcutta, the 23rd February 1966, for adjudication On receipt of the order of reference, the learned Second Industrial Tribunal took certain steps in the matter. But, thereafter, by an order of the Governor under Government of West Bengal, Labour Department, order No 3236-I.R /IR/11L-150/65, dated Calcutta, the 12th August 1966, the said industrial dispute was withdrawn from the Second Industrial Tribunal and was transferred for disposal to the Seventh Industrial Tribunal

The dispute involved this issue—Whether the dismissal of Shri Dinesh Chandra Debnath is justified? What relief, if any, is he entitled to?

The industrial dispute aforestated existed between Messrs. Shri Guru Talkies (hereinafter called the Company), P.O. Nabadwip, Nadia, and their workmen represented by Bengal Motion Picture Employees' Union (Nabadwip Branch), Nabadwip, Nadia (hereinafter called the Union).

On receiving the order of reference, this Tribunal issued notice to the parties. The Union appeared through Shri S. R. Ghosh, Advocate, but the Company did not appear. The Company sent a telegram regretting its inability to attend on account of preoccupation and a letter, dated 12th September 1966, followed the telegram explaining the difficulty why the Company could not appear on 9th September 1966. Time was extended to facilitate the appearance of the Company. But, despite the extension of time, the Company neither appeared nor filed any written statement. The Company did not take any advantage of the extension of time granted by the Tribunal. Thereafter also, opportunity was available for the Company to put in its appearance and file written statement, but no step whatsoever was taken by the Company. The Company did not care to assign any reason for its apathy. There being no other option left, the case was fixed for hearing on 27th June 1967, with information to the Company. On 27th June 1967 Shri S. R. Ghosh, Advocate, appeared for the Union, but none appeared for the Company and the case was taken up for ex-parte hearing.

Stated in short, the Union's case is that Shri Dinesh Chandra Debnath (P. W. 1) worked as an Accountant in Messrs. Shri Guru Talkies aforesaid from 14th April 1961. His basic pay was Rs. 100 per month and in addition, he used to get dearness allowance of Rs.25 per mensem. The original letter of appointment given to Shri Debnath was taken away by Shri Narendra Kumar Nath, one of the partners of the Company on 18th August 1961. Thereafter, he was given another appointment letter which bore the signature of Shri Narayan Chandra Nath, one of the partners and brother of another partner, Shri Narendra Kumar Nath. The Company had agreed to increase the dearness allowance by Rs. 12 per mensem to all the employees, but by reducing the basic pay of Shri Debnath, the Company deprived him of the advantage of the increased dearness allowance. Shri Debnath sent a letter of protest to the Company for the reduction of his basic pay and the Company gave him a reply.

The relation between Shri Debnath and the Company became a little bit strained and it is alleged that Shri Narendra Kumar Nath wanted Shri Debnath to hand over the books of account of the Company to him because of some misunderstanding which had in the meantime developed amongst the partners. It is also alleged that the refusal by Shri Debnath to hand over the account books and papers and documents of the Company to Shri Narendra Kumar Nath enraged him and he assaulted Shri Debnath. As a result of the assault, Shri Debnath suffered injuries and he lodged a complaint with the local police. He also applied for leave attaching a medical certificate to his leave application. Thereafter, Shri Debnath received a letter of dismissal from the Company and the letter was signed by Shri Narendra Kumar Nath, the then Manager of Shri Guru Talkies. After receiving the letter of dismissal, Shri Debnath sent a letter of protest to Shri Narendra Kumar Nath, but no action was taken by the Company. Shri Debnath alleges that he was not given any charge-sheet before his dismissal by the Company, no enquiry was held by the Company before dismissal and he was not allowed any opportunity to defend himself or explain anything. Shri Debnath prays for reinstatement with full back wages and other benefits.

I have already stated that none appeared for the Company and no written statement was filed by the Company, though the Company was fully aware of the allegations made by the Union regarding the Company's dismissal of Shri Debnath.

The Union examined one witness, viz., the dismissed employee Shri Debnath. His evidence given on solemn affirmation has been recorded by the Tribunal. A number of documents have been exhibited and proved before this Tribunal. The documents exhibited before this Tribunal clearly go to support the case of Shri Debnath. I have no reason either to disbelieve the evidence given by Shri Debnath on solemn affirmation or to disbelieve and overlook the contents of the documents exhibited before me. From the evidence of P. W. 1 and the documents before me, it is clear that the feelings were strained between Shri Debnath and the Company. It is also clear that without giving any charge-sheet to Shri Debnath, without considering his application for leave on medical ground and without hearing him at all, he was dismissed from service by the Company. The circumstances of the case clearly go to show that there has been serious violation of the principles of natural justice in passing an order of dismissal against Shri Debnath without giving him a hearing. The Company has not come forward to justify its action. Therefore, in the circumstances of the case, the order of dismissal passed by the Company cannot be upheld. Therefore, my finding and award is that the dismissal of Shri Dinesh Chandra Debnath was unjustified and he is entitled to reinstatement with all back wages (basic pay Rs. 100 per month, dearness allowance Rs. 25 per month plus Rs. 12 per month, total Rs. 137 per month) and all other benefits including continuity of service.

This is my award which shall be enforceable according to law.

AWARD

By order No. 4133-I.R./IR/11L-375/66, dated 17th October 1966, the Government of West Bengal in the Labour Department referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Art Emporium, 13 P. K. Tagore Street, Calcutta-6 and their workmen represented by Calcutta Sewing Thread Workers' Union, 22/3/H/5 Khagendra Chatterjee Road, Calcutta-2, regarding the matter specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-IR/IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether refusal of employment to Kasim and Mumtaz Ali is justified? To what relief, if any, are they entitled?

On receipt of the Order of Reference notices were served on the parties and they appeared and filed their written statements.

The union's case briefly is that Shri Kasim and Shri Mumtaz Ali, two permanent workmen of Messrs. Art Emporium, hereinafter referred to in this award as the company, have been dismissed by the company by way of victimisation for their trade union activities. On 9th September 1965 Shri Mumtaz Ali went on 20 days' leave. On the expiry of the leave he reported for duty on 30th September 1965 but was refused work. The other worker Shri Kasim also went to his native village on leave with effect from 25th April 1966 but had to extend his leave as during the period of his original leave he had fallen ill. On the expiry of the extended leave Kasim went to the factory to resume his duties but was refused employment. Over the refusal of employment of these two workers, the union raised industrial disputes and approached the Labour Directorate for relief. Conciliation proceedings were started but all attempts for amicable settlement failed. The disputes were thereafter referred to this Tribunal for adjudication. The union contends that the dismissal of both the workers was illegal, arbitrary and unjust and prays for their reinstatement with all back wages during the period of their unemployment.

In its written statement filed on 3rd December 1966, the company has not only denied the charge of victimisation but has also submitted that the union has no case for reinstatement of any of the two workers as both of them had on their own accord left their services under it.

It is not disputed that Shri Kasim was absent from duty for more than 2 months with effect from 25th Arpil 1966 and Shri Mumtaz, with effect from 9th September 1965. The union contends that this absence from duty of both the workers was with the permission of the Management. This case of the union was denied by the company and it has contended that both the workers had voluntarily left their service under it. To refute this case of the company and to establish its case of absence with permission the union has examined two workers and also exhibited certain documents. Even if the evidence as given by Shri Kasim before this Tribunal be accepted in toto and the documents exhibited for proof of his case for reinstatement be accepted as bona fide documents, still it must be held that the union has no case for Shri Kasim's reinstatement, reason being complete absence of evidence proving Management's permission for his absence from duty since 25th April 1966.

In course of his evidence before the Tribunal, Shri Kasim said as follows:—

> "I went on leave for two months with effect from 25th April 1966. At first I personally tendered application for the said leave, but as the tender was refused, I sent an application under post. At first I verbally prayed to the proprietor to grant the leave but he directed me to submit an application. When however, the application was personally submitted, he told me to send the same through post. I then sent the letter by registered post. The letter was sent back unserved with the postal endorsement 'refused'. This was the relevant postal receipt, marked Ext. 2. I went to my native village on 2 months' leave; there I fell ill."

On these statements of Shri Kasim and the postal receipt Ext. 2, the union relied in support of its case that Shri Kasim had gone on leave for 2 months with effect from 25th April 1966 with the permission of the Management. I have carefully read all the statements of Shri Kasim in between the lines and I observe that these statements of Shri Kasim cannot even suggest that he had gone on leave with the Management's permission. Even if all the statements of Shri Kasim be taken to be true they only prove his sending an application for leave under registered post and nothing more. Simply because the letter had been sent, it does not follow that necessary permission to avail of the leave prayed for by Shri Kasim has been given by the Management. The solitary witness for the company Shri Bulaki Das Maheswari, its Manager, has denied submission of any leave application by Shri Kasim through post or otherwise. But even if it be assumed that Shri Kasim had under the instruction of the proprietor sent a leave application under registered post and the same had been duly received by the company, still it must be held that Shri Kasim had no justification to go on leave without prior permission of the Management. About the granting of any such leave by the proprietor or anybody else of the Management, Shri Kasim was completely silent in his evidence before this Tribunal. Accordingly, even if Shri Kasim's evidence before the Tribunal was true, it is not possible for this Tribunal to conclude on his evidence that he had gone on leave with permission of the Management. Of course, as evidences come, it is not possible to conclude on his uncorroborated testimony that he had also actually applied for leave before absenting himself from duty with effect from 25th April 1966. In his evidence he has no doubt, said that as per direction of the proprietor he had sent an application for leave under registered post with acknowledgment due but the same had been returned to him unserved. The said letter, nor even a copy of the application for leave was produced by the union to corroborate the oral testimony of Shri Kasim and no explanation for non-production of any of them was given on behalf of the union. In the absence of the unserved registered letter and copy of the dismissal letter it is not possible to accept Shri Kasim's statement of sending any leave application under registered post. He no doubt has produced a postal receipt, Ext. 2 to corroborate his statement but in the absence of the alleged refused letter or any copy of the application for leave it is not possible to conclude on Ext. 2 alone that actually an application for leave was sent under this receipt. Moreover, even if any such application was posted under this receipt the said application could not certainly be an application to the Art Emporium for leave to Kasim because the receipt shows that the letter was addressed to Pradip Thread and not to Art Emporium. On behalf of the union attempts were made to establish that the present Art Emporium was previously known as Pradip Thread Company but in this the union has miserably failed. In course of his evidence before this Tribunal the other worker Shri Mumtaz has said "Art Emporium was previously known as Pradip Thread (Art Emporium) but when we insisted on the company to inform us under which exact company we were working, we were told that the company was Art Emporium." This evidence of Shri Mumtaz even if believed to be true, cannot justify Shri Kasim's describing Art Emporium as Pradip Thread in his application for leave on his sending the said application and to Pradip Thread. If this evidence was true it proves that before September 1965, the workers of the company were aware that they were working under Art Emorium and not under Pradip Thread (Art Emporium). I am here mentioning September 1965 as Mamtaz's specific case was that he had gone on leave with effect from 9th September 1965 and his evidence referred to above proves that from before his going on leave the workers were told that they were working under the Company bearing the name of Art Emporium and no other name. When therefore, from long before April 1966, it was within the knowledge of Shri Kasim that the company under whom he was working was known as Art Emporium only, we had no justification to address and send the alleged application for leave with effect from 25th April 1966 to Pradip Thread and I hold that even he had really sent an application for leave under the postal receipt Ext. 2, it was not an application to Art Emporium. I further hold on the basis of Ext. 2 that the latter sent under this receipt had never reached the Art Emporium. It was a letter meant for Pradip Thread and under no circumstances could a postal peon deliver the letter to Art Emporium. No doubt, D.W. 1 has said that Pradip thread and Art Emporium are in the same building but simply because they are so located, it does not follow that the Art Emporium had got the letter, viz., the application for leave that was addressed to Pradip Thread. In course of his evidence before this Tribunal D.W. 1 has said that Pradip Thread is only a customer of Art Emporium and this evidence has not been in any way refuted by the Union by cross-examination or by adducing evidence on its behalf. For all these discussions regarding the letter sent under the postal receipt Ext. 2 and for the non-production of the refused letter sent under Ext. 2 and a true copy of the letter sent under this receipt it is impossible for me to upheld the union's contention that Shri Kasim had left office for his native village after submitting through post an application for leave, to the company. Even if any such letter had been sent, in the absence of any order of the Management granting the leave, Shri Kasim's admitted absence from duty on and from 25th April 1966 was only unauthorised absene. This unauthorised absence continued right up to 26th June 1966. Shri Kasim has said in his evidence that as he had fallen sick in his native village on the expiry of his original leave, he had sent an application with medical certificate for further leave of one month. To substantiate this statement of Kasim, the union has produced the refused letter. This letter was opened in presence of of the parties' representatives and inside the cover was only found a medical certificate but no application for extended leave. Like the letter sent under Ext. 2, this registered letter was also addressed to Pradip Thread (Art Emporium), vide Ext. 3(a). As Pradip Thread and Art Emporium were different entities, the registered letter now under consideration had no chance to reach Art Emporium and on behalf of the company evidence was also led to prove that no such letter had never reached it. In between these 2 registered letters by Shri Kasim to Pradip Thread, the company gave Shri Kasim 2 letters asking him to resume his duties respectively, dated 29th April 1966 and 16th May 1966 (vide Ext. B and Ext. H). Both these letters were sent to Kasim's admitted address at the time, Ext. B under registered post and Ext. H under certificate of posting. The letter Ext. B was duly served as will be evident from the acknowledgment receipt, part of Ext. B. As regards the service of another letter, there is no sufficient evidence and no presumption of service of the letter can also be made from its being sent under certificate of posting. But even though proof of service of the 2nd letter is not available, the company's sending such a letter asking Shri Kasim to resume his duties militates against the idea of company's allowing Shri Kasim leave with effect from 25th April 1966 as has been pleaded by Shri Kasim before this Tribunal. Shri Kasim denied receipt of any such letter. Even if this statement of

Shri Kasim regarding the receipt of this letter be believed, it must be held that he himself was to be blamed for the non-receipt of the letter. As evidence has come it can be easily said that at the time Kasim had left for his native village, he had not left his leave address with the company which accordingly was not in a position to send letters like Ext. B and Ext. H to Shri Kasim in his native village asking him to resume his duties. Non-receipt of any of these letters by Shri Kasim cannot, in these circumstances, raise any presumption adverse to the company and I conclude from the evidence on rcord and the facts and circumstances of the case that Shri Kasim's continued absence on and from 25th April 1966 was unauthorised absence i.e., absence without leave or permission of the Management. Whatever communications he had sent regarding his original leave or extended leave, he had addressed to either Pradip Thread or Pradip Thread (Art Emporium) and none direct to Art Emporium though fully aware that the company under whom he was serving was known as Art Emporium alone. None of these communications can in any way justify his continued absence on and from 25th April 1966. The address of the 2 letters to Pradip Thread or Pradip Thread (Art Emporium) is also susceptible of giving the impression that Shri Kasim had intentionally sent his alleged application for leave and the medical certificate recommending further one month's leave to a wrong address with some ulterior motive viz. to harass the company as he is now doing through the union. He had no justification to absent himself from duty for the long period of 3 months from 25th April 1966 and for this long continued absence the company was perfectly justified to terminate his service even without any notice or charge-sheet.

The other worker Shri Mumtaz Ali was admittedly absent from duty from 9th September 1965 to 30th September 1965. Both in the written statement filed by the Union as also in the evidence of Mumtaz Ali it has been alleged that during the aforesaid period Shri Mumtaz was on leave. The written statement filed by the union does not disclose whether the leave was granted verbally or by order in writing, and by whom. In course of his evidence before the Tribunal Shri Mumtaz however, said that he had applied for leave with effect from 9th September 1965 and had gone on leave with the verbal permission of the proprietor. This case of Shri Mumtaz was denied by the company and it has in its written statement filed stated inter alia that Shri Mumtaz Ali, a temporary worker under it since 5th May 1965, had worked up to 7th September 1965 and since then till 28th February 1966 when it had received a letter from the Labour Department regarding Mumtaz Ali, his whereabouts were not known to the company. Though this case of the company regarding Mumtaz's absence from duty since 9th September 1965 was not consistent with D.W. 1's evidence before the Tribunal to the effect that on 8th September 1965 Mumtaz had turned up in the company and resigned from service after full satisfaction of all his dues up to 7th September 1965, still from the evidence on record and the facts and circumstances of the case, I have not the slightest hesitation to conclude that Mumtaz's absence from duty with effect from 9th September 1965 was unauthorised absence i.e. absence without 'authority or permission of the Management. Mumtaz has no doubt, said that he was absent on authorised leave since 9th September 1965 and had reported for duty on 30th September 1965 but was refused work. But on this evidence of Mumtaz, I can place no reliance as no material corrobrating any of these statements is available. To substantiate his statement that on 30th September 1965 he had presented himself for duty that he had gone on leave with Management's permission, Mumtaz no doubt, produced a copy of a letter said to have been sent by him on 4th October 1965 to the company under registered post with acknowledgment due. In course of his evidence Shri Bulakidas Mahaswari (D.W. 1), the Manager of Art Emporium denied the receipt of any such letter from Shri Mumtaz and the latter has not produced any iota of paper proving the posting of the original of Ext. 1(b). In the absence of any evidence indicating that any letter like Ext. C had really been posted by Shri Mumtaz, it is not possible for me to conclude on his uncorroborated testimony that he had on 4th October 1965 sent to the company any such letter complaining of refusal of work to him on 30th September 1965. No worker of the company, not even the other concerned worker Shri Kasim who was very much thick and thin with Shri Mumtaz in connection with the works of the union, was also called to corrobrate Shri Mumtaz's evidence that on 30th September 1965 he had reported for duty but was not given any work. In this view of the matter Shri Mumtaz's case that on 30th September 1965 he had reported for duty, cannot be accepted by me and I hold that he was continuously absent since 9th September 1965. I further hold that this prolonged absence was absence with permission. . Shri Mumtaz has no doubt, said that he was given verbal permission to go on leave but this case also I cannot believe, as it is proved by Shri Kasim's and D.W. 1 Shri Bulakidas Mahaswari's, evidence that from before September 1965, the practice of applying in writing for leave was in vogue in the company. If the union's allegation that Shri Mumtaz and Shri Kasim had been victimised by the company for their trade union activities was true, these workers certainly knew that they were not in the good book of the company and in such circumstances, Mumtaz would not have gone on leave without permission in writing of the Management and I hold that he has introduced the case of going on leave with verbal permission as he had no other explanation to offer for his continued absence without permission since 9th September 1965. As on records there is no evidence indicating that the union had sent the company any letter for the alleged refusal of work to Shri Mumtaz on 30th September 1965 and posting of the letter Ext. C has not been proved, company's case that it had no information about the whereabouts of Shri Mumtaz since 9th September 1965 till 28th February 1966 when it had received from the Labour Commissioner a Memorandum relating to Shri Mumtaz, cannot be disbelieved. It must accordingly be held that Shri Mumtaz was continuously absent from duty without permission for a long period since 8th September 1965 as alleged by the company.

It appears from the company's written statement that it had dispensed with the services of both the workers for their continued absence without permission. As it has been conclusively established that both the workers were absent from duties without permission for periods already indicated above, it must be held that the company was perfectly justified to terminate their services for wilful absence without permission. In support of this finding I may refer to the case of Bhaskar Mukherjee and another Vs. Nilmoni Nath, reported in A.I.R., 1962, Calcutta, at page 285. In this case it was held that "when a servant wilfully absent himself from duty for a long period without giving notice to the employer, the absence operates as a voluntary termination of service of the servant under the master and no formal order of discharge on the part of the master is necessary." Under the common law an inference that an employee has abandoned or relinquished service is not easily drawn unless from the length of absence and from other surrounding circumstances an inference to that effect can be legitimately drawn and it can be assumed that the employee intended to abandon service. In the instant case such an inference can easily be drawn from the prolonged unauthorised absence of both the workers without any intimation to the company and I hold that the Union has no case for the reinstatement of any of the two workers.

In the premises set-forth above, the union's prayer for reinstatement of the two workers viz. Shri Kasim and Shri Mumtaz Ali is disallowed.

This is my award.

LOK SABHA

The following Bill was introduced in Lok Sabha on the 19th August, 1965: —

BILL NO. 43 OF 1965

A Bill further to amend the Prevention of Corruption Act, 1947

Be it enacted by Parliament in the Sixteenth Year of the Republic of India as follows:

1. (*1*) This Act may be called the Prevention of Corruption (Amendment) Act, 1965. **Short title and commencement.**

(*2*) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint.

2 of 1947. **2.** Section 6 of the Prevention of Corruption Act, 1947 shall be omitted. **Ommission of section 6.**

STATEMENT OF OBJECTS AND REASONS

The Prevention of Corruption Act, 1947 is meant to prevent corruption among the public servants but section 6 of the Act creates many hindrances in prosecuting the public servants and stands as a stumbling block in the path of justice. It is accordingly proposed to amend the Act by repealing this section.

Hence this Bill.

Rajya Sabha

The following Bill was introduced in the Rajya Sabha on 27th November, 1964 :—

IV

BILL No. XVI OF 1964

A Bill to prevent the procreation of human beings of undersirable physical and mental conditions by certain types of people.

Whereas it is expedient in the interests of the health and well-being of society and the financial resources of the State, to prevent certain types of people suffereing from highly undersirable physical and mental conditions, from procreating human beings like unto themselves :—

Be it enacted by Parliament in the Fifteenth Year of the Republic of India as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Sterilisation of the Unfit Act, 1964.

(*2*) It extends to the whole of India except the State of Jammu and Kashmir.

(*3*) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint.

Definitions

2. In this Act, unless the context otherwise requires,—

(*i*) "board" shall mean a board of medical experts constituted under this Act;

(*ii*) "Court" means the District Court of the district in which the board is situated;

(*iii*) "sterilisation" includes such medical or surgical treatment as would effectively prevent any person, male or femal e, from giving birth to a child;

(*iv*) "unfit" person shall mean any person, male or female, who suffers from such a type of leprosy or tuberculosis or insanity or imbecility, congenital or otherwise, that he or she is likely to give birth to children like himself or herself unless sterilised

Constitution of the board.

3. The Government may, by notification in the Official Gazette, constitute a board for each district including metropolitan cities, with the district medical officer as the chairman and four registered medical practitioners as members, of whom two shall be officials and two shall be non-officials.

Procedure for sterilisation.

4. (*1*) Whenever information is given to the chairman of the board that any person is unfit, the board shall cause that person to be produced before it and examine him.

(*2*) On a written requisition by the chairman of the board to a magistrate of the first class having jurisdiction over the place where that person lives, summons shall be issued by that magistrate to that person for appearing before it and that person shall, by an order, be bound over to appear before the board :

Provided that the date fixed for appearance before the board shall not be less than twenty-one days from the date of such order.

(*3*) A copy of that order shall be furnished to that person forthwith free of cost.

(*4*) If on the date fixed for appearance before the board the person does not appear before it, the chairman of the board shall report the fact to the superintendent of police of the district.

(*5*) The superintendent of police shall thereupon order the arrest of that person by an officer not below the rank of an inspector of police for production before the board.

Examination of person.

5. (*1*) The board shall then proceed to examine the person with reference to his unfitness. If the majority of the board decide that he is unfit, a declaration to that effect shall be made in writing; but if the majority hold that he is not unfit he shall be discharged forthwith.

(*2*) A copy of such declaration shall be furnished to that person the same day free of cost.

Sterilisation of person.

6. After a declaration by the board that the person is unfit, he shall be sterilised on an appointed day:

Provided that the date fixed for the sterilisation of the unfit person shall not be less than twenty-one days of the declaration of unfitness referred to in section 5.

Appeals.

7. (*1*) Any person summoned by the magistrate to appear before the board and bound over shall have the right to appeal to the court against the order of the magistrate binding him to appear before the board.

(*2*) Any person who has been declared unfit by the board shall have the right to appeal to the court against such declaration.

(*3*) If, on hearing the appeal, the court finds that the order binding over the person or the declaration that he is unfit is untenable for any reason, that person shall be discharged and the board shall not proceed against that person any further.

(*4*) Notwithstanding anything contained in this Act, the court shall have the power to grant stay of the proceedings pending the disposal of an appeal.

(*5*) An appeal under this Act shall lie within twenty days of the order or declaration, as the case may be.

Penalty for false information.

8. Anyone who gives information against any person without any just or reasonable cause that that person is unfit with a view to induce the board to proceed under this Act, and if that information is found to be false or fraudulent or given with a view to annoy, intimidate, defame or disgrace that person, the person giving such information shall be liable to a fine of five hundred rupees.

Power to make rules.

9. The Central Government shall have the power to prescribe the method of sterilisation, the places where it should be done and the class of officers who will be authorised to perform sterilisation.

Saving.

10. No suit or prosecution or other legal action shall lie against any member of the board for anything which is in good faith done or intended to be done under this Act.

STATEMENT OF OBJECTS AND REASONS

In our country the idea of sterilisation has taken root and is being implemented for the control of population. The measure is resorted to on an entirely voluntary basis. Those suffering from leprosy, tuberculosis and mental diseases are however paying little heed to the scheme of planned parenthood, and as a result, while the normal and healthy persons in society are planning and limiting their families, the sub-normal, unhealthy and irresponsible individuals go on procreating in an unrestricted manner. In the larger interest of the society, therefore, people suffering from leprosy, tuberculosis or mental iseases should not be allowed to procreate. Their compulsory sterilisation will achieve that purpose.

Hence this Bill.

S. PARANJPYE.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 9 of the Bill empowers the Central Government to make rules in regard to certain matters. These matters include the prescription of the method of sterilisation, the places where it shall be done and the class of officers who will be authorised to perform the sterilisation. The matters in respect of which such rules may be made are matters of procedure or administrative detail. The delegation of legislative power is thus of a normal character.

FINANCIAL MEMORANDUM

Under clause 3 of the Bill provision has been made for the constitution of a board for the sterilisation of the unfit. This will involve certain expenditure from the Consolidated Fund of India in the case of the Central Government. The amount involved cannot precisely be stated at this stage.

B. N. BANERJEE,

Secretary.

(*3*) If the tenant deposits such amount within such time, the Court shall allow the application under sub-section (*1*) and set aside the order made under sub-section (*3*) of section 17 striking out the defence against delivery of possession and permit the tenant to defend the claim for delivery of possession. If the tenant fails to deposit such amount within such time, his application under sub-section (*1*) shall be dismissed with such costs as the Court may award to the landlord.

(Clause 5.)

sums that the tenant might have deposited in Court or with the Controller or paid to the landlord for such period,

and direct the tenant, by order, to deposit in Court the aggregate of the amounts referred to in clauses (*a*) and (*b*) within such time not exceeding sixty days as the Court may fix.

(*4*) If the tenant deposits the amount ordered by the Court within the time fixed by it, the Court shall allow the application under sub-section (*1*) and set aside the decree for the recovery of possession passed in the suit and the order made under sub-section (*3*) of section 17 striking out the defence against delivery of possession, and fix a date for proceeding with the hearing of the suit.

(*5*) If the tenant fails to deposit the amount ordered by the Court within the time fixed by it, his application under sub-section (*1*) shall be dismissed with such costs as the Court may award to the landlord.".

Retrospective effect. **5.** The amendments made by section 2 shall have effect in respect of all suits including appeals which are pending at the date of commencement of this Act.

STATEMENT OF OBJECTS AND REASONS.

The existing provisions of section 17 of the West Bengal Premises Tenancy Act, 1956 (West Ben. Act XII of 1956) requires the tenant contesting a suit for ejectment to deposit the entire rent in arrear in one lump, irrespective of its amount, within 30 days of the service of summons and thereafter to deposit the current rent, month by month, within the 15th day of the month next succeeding the month for which rent is due. Any default on the part of the tenant makes it obligatory for the Court to strike out his defence against delivery of possession. Moreover, a tenant who has defaulted in paying rent for four months within a period of 12 months is debarred from avoiding ejectment by making deposit or payment as required by sub-section (*1*) or sub-section (*2*). These are provisions causing hardship to the tenants. It is intended to give some relief to them by empowering the Court to grant instalments or to extend the time for making deposit and, in case of default, by making it discretionary with the Court to strike out the defence. Further, it is proposed that the tenant should have the opportunity, for once only, to avoid ejectment by making deposit or payment as required by sub-section (*1*) or sub-section (*2*), irrespective of the period of his default.

2. The Bill has been framed with the above object in view.
